**The Elusive City** Paul Hester, Douglas Milburn, 1998      **The Urban Condition** Ghent Urban Studies Team, 1999 What does the Western city at the end of the twentieth century look like How did the modern metropolis of congestion and density turn into a posturban or even postsuburban cityscape What are edge cities and technoburbs How has the social composition of cities changed in the postwar era What do gated communities tell us about social fragmentation Is public space in the contemporary city being privatized and militarized How can the urban self still be defined What role does consumer aestheticism have to play in this These and many more questions are addressed by this uniquely conceived multidisciplinary study The Urban Condition seeks to interfere in current debates over the future and interpretation of our urban landscapes by reuniting studies of the city as a physical and material phenomenon and as a cultural and mental arte fact The Ghent Urban Studies Team responsible for the writing and editing of this volume is directed by Kristiaan Versluys and Dirk De Meyer at the University of Ghent Belgium It is an interdisciplinary research team of young academics that further consists of Kristiaan Borret Bart Eeckhout Steven Jacobs and Bart Keunen The collective expertise of GUST ranges from architectural theory urban planning and art history to philosophy literary criticism and cultural theory      **Home, Heat, Money, God** Kathryn E. O'Rourke, 2024-05-07 Major buildings many designed by regionally and nationally prominent architects followed the money in the state as the influence and image of Texas grew Relentless ambition a forward looking attitude and a strong sense of place combined to make Texans particularly receptive to modern architecture s implication of newness its future oriented image and its capacity to reinterpret historical forms in novel ways While many books on Texas architecture focus on one building type residential architecture courthouses and so on this project adopts a broader lens A dozen chapters presented under four thematic headings explore buildings through a variety of frameworks there are the inescapable forces of heat and money essential functions like caregiving and government and groupings for leisure and multi building sites such as museums and campuses In each of these sections the authors present a constellation of buildings with one central example and several supporting ones      Architectural Record , 1998-10      **Edgeless Cities** Robert E. Lang, 2003-02-25 Edgeless cities are a sprawling form of development that accounts for the bulk of office space found outside of downtowns Every major metropolitan area has them vast swaths of isolated buildings that are neither pedestrian friendly nor easily accessible by public transit and do not lend themselves to mixed use While critics of urban sprawl tend to focus on the social impact of edge cities developments that combine large scale office parks with major retail and housing edgeless cities despite their ubiquity are difficult to define or even locate While they stay under the radar of critics they represent a significant departure in the way American cities are built and are very likely the harbingers of a suburban future almost no one has anticipated Edgeless Cities explores America s new metropolitan form by examining the growth and spatial structure of suburban office space across the nation Inspired by Myron Orfield s groundbreaking *Metropolitics* Brookings 1997 Robert

Lang uses data illustrations maps and photos to delineate between two types of suburban office development bounded and edgeless The book covers the evolving geography of rental office space in thirteen of the country s largest markets which together contain more than 2.6 billion square feet of office space and 26 000 buildings Atlanta Boston Chicago Dallas Denver Detroit Houston Los Angeles Miami New York Philadelphia San Francisco and Washington Lang discusses how edgeless cities differ from traditional office areas He also provides an overview of national regional and metropolitan office markets covers ways to map and measure them and discusses the challenges urban policymakers and practitioners will face as this new suburban form continues to spread Until now edgeless cities have been the unstudied phenomena of the new metropolis Lang s conceptual approach reframes the current thinking on suburban sprawl and provides a valuable resource for

Architecture ,1998-07      **Ghosts of Houston's Market Square Park** Sandra Lord and Debe Branning,2020 Visitors to Market Square Park can pause on their stroll through the downtown centerpiece for a palpable experience of its past Houston s first four city halls laid their foundations here and relics of the square s heritage remain embedded in the sidewalks of the park Chalk up a chance sneeze on Milam Street to the final ghostly gasp of dust from Robert Boyce s sawpits Step from Congress Street into La Carafe Houston s oldest commercial building for the kind of atmosphere that even deceased bartenders are reluctant to leave From the phantom tailors above Treebeard s to the forgotten mysteries of the town s founding Sandra Lord and Debe Branning resurrect the history humming through the four blocks surrounding Market Square Park      *The Changing Face of Portrait Photography* ,2011-10-18 A richly illustrated volume examines the portrait work of Dorothea Lange Richard Avedon Robert Weingarten George K Warren Julia Margaret Cameron the Barr Wright Studio Gertrude Kasebier Nickolas Muray Henry Horenstein and Lauren Greenfield *The Changing Face of Portrait Photography* explores the power of the portrait and the role it plays in our personal and national identities *The Changing Face of Portrait Photography* explores ten groups of portraits selected from within the Smithsonian National Museum of American History s Photographic History Collection The selections represent work by specific photographers with diverse relationships to portraiture and through their sampling take a focused look at changing convention theory and technologies      *Art Now Gallery Guide* ,1999      **Annual Bibliography of Modern Art** Museum of Modern Art (New York, N.Y.). Library,2000

**La Belle Captive** Alain Robbe-Grillet,René Magritte,1995-01-01 Based on the myth of the beautiful captive this novel first published in 1975 and reprinted with a critical essay takes its themes from the paintings of the French surrealist constructing a dream like narrative suffused with eroticism playfulness and subversion      **The Elusive Eden** Richard B. Rice,William A. Bullough,Richard J. Orsi,Mary Ann Irwin,Michael F. Magliari,Cecilia M. Tsu,2019-09-13 California is a region of rich geographic and human diversity *The Elusive Eden* charts the historical development of California beginning with landscape and climate and the development of Native cultures and continues through the election of Governor Gavin Newsom It portrays a land of remarkable richness and complexity settled by waves of people with diverse cultures from

around the world Now in its fifth edition this up to date text provides an authoritative original and balanced survey of California history incorporating the latest scholarship Coverage includes new material on political upheavals the global banking crisis changes in education and the economy and California s shifting demographic profile This edition of *The Elusive Eden* features expanded coverage of gender class race and ethnicity giving voice to the diverse individuals and groups who have shaped California With its continued emphasis on geography and environment the text also gives attention to regional issues moving from the metropolitan areas to the state s rural and desert areas Lively and readable *The Elusive Eden* is organized in ten parts Each chronological section begins with an in depth narrative chapter that spotlights an individual or group at a critical moment of historical change bringing California history to life **Popular Photography**
