The Encounter With Evil And Its Overcoming Through Spiritual Science:

The Encounter with Evil and Its Overcoming Through Spiritual Science Sergei O. Prokofieff, 1999 In our everyday lives we are constantly challenged by the phenomenon of evil in all its many manifestations But how can we cope with this seemingly eternal hindrance In the first of these three essays Prokofieff suggests that we start by developing a knowledge of the forces of evil in order to learn how they work in human evolution Such knowledge is in itself the beginning of the process of overcoming evil In order that members of the Anthroposophical Society might go further along this path Rudolf Steiner gave them the spiritual Foundation Stone of the Good This Foundation Stone which consists of light imaginative form and the substance of love can live in our hearts and souls as a firm foundation for esoteric work and a creative contribution towards the overcoming of evil Ultimately it can lead us to a conscious experience of Christ in the etheric realm of the earth In the second and third essays Prokofieff examines further themes relating to the etheric advent of Christ and its connection with the Foundation Stone of the Good

Why Become a Member of the School of Spiritual Science? Sergei O. Prokofieff, 2012-10-15 Abstract ideals will be replaced by concrete ideals corresponding to forward moving evolution If that does not succeed the Earth would submerge into materialism and humanity would have to start over again following a great catastrophe either on Earth itself or on a near planet The Earth needs Anthroposophy One who understands that is an anthroposophist Rudolf Steiner Feb 27 1910 Sergei O Prokofieff developed this little book from talks to members of the Anthroposophical Society They became opportunities for many to question potential membership of the First Class in a more conscious way and for some to take the decisive step of entering the Michael School This experience gave rise to the occasion for printing this lecture separately for interested individuals as a stimulus to consider their relationship to the Michael School on Earth against the background of the karma that guides human beings in their present incarnation to anthroposophy In this sense the present text may well be an aid for some interested individuals to grasp to its full extent the unique significance of the establishment of the Esoteric School carried out as it was by Rudolf Steiner based on the Michael Spirit so as to gain the courage and will to become a member out of full inner conviction from the preface

[The Twelve Holy Nights and the Spiritual Hierarchies](#) Sergei O. Prokofieff, 2004-11-05 Prokofieff draws on the whole extent of Rudolf Steiner's work and combines it with his own original spiritual research to form an intricate picture of the cosmic forces at play between Christmas and Epiphany We are led on a tour through the circle of the zodiac and spiritual hierarchies and shown how they form a path from Jesus to Christ The author further explains that the Starry Script is a key to anthroposophical Christology and shows how it relates to the conception of the First Goetheanum Prokofieff guides us imaginatively through the interior of Steiner's architectural masterpiece destroyed by fire at the end of 1922 whose structure and decorations are seen to constitute a coherent esoteric map Our task now he suggests is to rebuild the First Goetheanum within ourselves and through a new form of self development work toward a truly modern path of initiation Supplementary essays focus on the

cosmic aspects of Sophia as well as the being of Michael Prokofieff's seminal study offers a rich source of inspiration for those wishing to penetrate the mysteries of the Twelve Holy Nights and their relation to spiritual beings The Esoteric Significance of Spiritual Work in Anthroposophical Groups Sergei O. Prokofieff, 2007 The anthroposophical community seeks to lift human souls into supersensible realms so that they may enter the company of angels Rudolf Steiner Sergei Prokofieff traces the three stages of heavenly preparation of Anthroposophy the spiritual thunderstorm the Michael School in the Sun sphere and the imagination based cultus in the spiritual word nearest the Earth These events involved the nine spiritual hierarchies associating them with the karma of the anthroposophic movement The author goes on to elaborate the tasks of the Anthroposophical Society and indicates how these are connected with the spiritual hierarchies the Michael movement the Grail mysteries the work of new group souls and the Foundation Stone Meditation He shows that in an esoteric sense the General Anthroposophical Society was created so that people could learn to work with the gods This is a vital book for all those who care deeply about the future of the Anthroposophical Society and the proper evolution of humanity **The Mystery of the Resurrection in the Light of Anthroposophy** Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific perspective The Spiritual Origins of Eastern Europe Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness

for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research

Occult Significance of Forgiveness Sergei O. Prokofieff, 2004-11-04 A survey of recent history reveals the gloomy picture of an ongoing series of conflicts wars and general turmoil Consequently the human emotional landscape is littered today with angry bitter and vengeful thoughts emotions and actions Even our modern justice systems are preoccupied only with finding and proving guilt and dealing out retribution doing little to remedy the tragic situation Nevertheless many individuals and groups have always sought ways to break this vicious cycle of recrimination When faced with the question of what we can do to change the world for the better one of the most radical and challenging answers is to begin forgiving others for what they have done In this powerful and moving book Prokofieff shows how the forces that lead to forgiveness can be developed consciously and freely Without preaching the morality of forgiveness he presents spiritual facts that speak for themselves From Tsarist Russia and the concentration camps of Nazi Germany to the infighting during the early years of the Anthroposophical Society the author offers striking examples of those who have been able to forgive frequently terrible crimes He provides multilayered analyses and shows the beneficial consequences of each act of forgiveness As he develops his theme the importance of forgiving not simply for personal salvation but for the advancement of human evolution is revealed in all its healing truth Now available in paperback The Occult Significance of Forgiveness has been read and loved by thousands of readers for years It is perhaps the most valuable accessible and succinct of Prokofieff's works on inner development

Anthroposophy and the Philosophy of Freedom Sergei O. Prokofieff, 2009 I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but The Philosophy of Freedom But everything else is contained in it If one realizes the act of freedom described there one can discover the whole content of Anthroposophy Walter Johannes Stein Some people's path to Anthroposophy leads them directly to Rudolf Steiner's early work Intuitive Thinking as a Spiritual Path A Philosophy of Freedom which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner's crucial book Intuitive Thinking as a Spiritual Path He shows why the book is so important to Anthroposophy as the work in which

Steiner lays a foundation for his method of spiritual research In Steiner's own words One who is willing can indeed find the basic principles of Anthroposophy in my Philosophy of Freedom Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of Intuitive Thinking as a Spiritual Path and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses Intuitive Thinking as a Spiritual Path in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner's path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail Rudolf Steiner's Path of Initiation and the Mystery of the Ego Rudolf Steiner, Sergei O. Prokofieff, 2013 2 lectures by Sergei O Prokofieff Bologna March 31 April 8 2011 A special conference took place in Bologna in spring 2011 marking the hundredth anniversary of a unique lecture Steiner delivered to a philosophically trained audience in the same city In his key exposition Steiner had given a concise description of the spiritual scientific theory of knowledge as well as a brief outline of the anthroposophic path of training In his contribution to the 2011 congress Prokofieff tackles two principal aspects On the one hand he describes how Steiner's Bologna lecture contained the essential foundations for a new science of the human ego the human I On the other hand Prokofieff states that Steiner was the first person to transform this theory into a practical path of knowledge following it to its very conclusion Thus the words of Steiner's lecture were based entirely on personal experience Together with a transcript of Steiner's full Bologna lecture Prokofieff's lecture is reproduced here in an expanded version In addition this volume features Steiner's important summaries of essential points in which he develops and connects some of his key thoughts with further aspects of Anthroposophy especially in relation to their Christological foundations **The Creative Power of Anthroposophical Christology** Sergei O. Prokofieff, Peter Selg, 2011-10 18 Introductory essays written 1884 1897 CW 1 The holistic paradigm Gaia deep ecology and new alchemy all have a hidden ancestor Johann Wolfgang von Goethe 1749 1832 At the youthful age of twenty one Steiner was chosen to edit Goethe's scientific writings for the principle Goethe edition of his time Goethe's literary genius was universally acknowledged it was Steiner's task to understand and comment on Goethe's scientific achievements Steiner recognized the significance of Goethe's work with nature and his epistemology and here began Steiner's own training in epistemology and spiritual science This collection of Steiner's introductions to Goethe's works re-vision the meaning of knowledge and how we attain it Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving In an age when science and technology have been linked to great catastrophes many are looking for new ways to interact with nature With a fundamental declaration of the interpenetration of our consciousness and the world around us Steiner shows how Goethe's approach points the way to a more compassionate and intimate involvement with nature Nature's Open Secret is a translation of Goethe's Naturwissenschaftliche Schriften Einleitungen 1884 1897

Why Become a Member of the Anthroposophical Society? Sergei O. Prokofieff, 2012 Why become a member of the Anthroposophical Society Is the Anthroposophical Society really needed today The future of the society according to Sergei O Prokofieff depends directly on competent responses to such questions by each and every anthroposophist With these considerations it is not the author s concern to persuade the reader in an outward way to join the Anthroposophical Society He is concerned with the communication of a few esoteric viewpoints and possible motives so that the decision in this regard can develop in a fully aware and responsible manner based on a solid inner cognitive foundation For only when the decision in regard to membership in the Anthroposophical Society for whatever reason the individual might make it occurs on such a basis does it also have spiritual justification from the preface

The Appearance of Christ in the Etheric Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner s first proclamation of Christ s appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ s Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time

May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923-4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach

Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff's anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity's evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of *May Human Beings Hear It* are complete in themselves and can therefore be studied independently of each other

The Mystery of John the Baptist and John the Evangelist at the Turning Point of Time Sergei O. Prokofieff, 2005 Thus spoke Rudolf Steiner in his Last Address to members of the Anthroposophical Society This was his first and only indication of the connection between John the Baptist and John the Evangelist As Prokofieff points out Steiner intended to develop and bring to full clarity the short comment reproduced above but his terminal illness prevented him from doing so In this brief enlightening book Prokofieff addresses the mystery of the two Johns solving many unanswered questions In particular he throws light on issues of incarnation and incorporation the nature of John the Baptist's and John the Evangelist's respective initiations the significance of their mutual work at the Turning Point of Time and its relevance to our present day

Relating to Rudolf Steiner Sergei O. Prokofieff, 2008 Even within the Anthroposophical Society and the anthroposophic movement people's relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner's pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society's Christmas Meeting that began 1923 That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow In Prokofieff's words The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner *Relating to Rudolf Steiner* includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background

of the internet and electronic media in general In response to readers questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject *Rudolf Steiner's Research Into Karma and the Mission of the Anthroposophical Society* Sergei O. Prokofieff,2010-10-15 Research into the sphere of karma forms the basis of the modern spiritual science of Anthroposophy For only by learning to understand these laws can the human being realize how spiritual forces work simultaneously in man and the cosmos and link the two into a higher unity In this inspiring lecture addressed primarily to followers of the anthroposophic movement Prokofieff gives an overview of how the spiritual hierarchies and Christ the Lord of Karma work in the ordering of human karma We are led to the karma and mission of the Anthroposophical Society with indications as to what needs to happen before that karmic mission can be fulfilled Prokofieff explains why true modern Christian research into karma does not arise from intellectual speculation curiosity or nebulous mystical experiences The process of karmic research based on spiritual science should lead to a fundamental transformation of human nature and lead to a full experience of the cosmos **Rudolf Steiner and the Founding of the New Mysteries** Sergei O. Prokofieff,2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner s life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923 24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication **The Secret History of Dante** Mark Booth,2013-06-18 Mark Booth author of the international bestseller *The Secret History of the World* uncovers the real life stories of Dante and *The Inferno* Why does Dante describe the *Inferno* as a real place What secret society did Dante belong to What was Dante s connection with the Knights Templar What was his secret connection to militant Islamic sects Here you will find hidden codes passageways under the streets of Florence mad monks mind bending drugs and terrifying underground rituals Together they contain all the elements of a great thriller greed murder obsessive love betrayal and they reveal a 2 000 year old conspiracy to rule the world Perfect if you want to understand the mysteries that inspired Dan Brown s novel *Inferno* or as a standalone initiation to one of the great turning points in occult history **The Future is Now** Sevak Gulbekian,1999 Rudolf Steiner spoke at various times of a period that encompasses the end of the twentieth century and the beginning of the new millennium He described it as a time of great spiritual struggle in which forces of destruction would

wage war on benevolent forces and how the future of culture and civilization would depend on the outcome In his many statements on this matter Steiner warned in particular members of the Anthroposophical Society and movement that they would be called on to develop vital spiritual capacities that are becoming increasingly critical for human progress In these eighteen essays contributors offer their thoughts on the question of where anthroposophy in its earthly manifestation now stands and to what extent it is fulfilling its tasks This commentary on the challenges ahead offers us all a chance to reassess prepare and wake up This compilation features eighteen essays by Jesaiah ben Aharon Mario Betti Terry Boardman Peter Bridgmont Gilbert Childs Dor Deverell Michaela Gl ckler Sevak Gulbekian Brien Masters Thomas Meyer Bernard Nesfield Cookson Sergei O Prokofieff Richard Seddon Nick Thomas Peter Tradowsky Hans peter van Manen Edward Warren and Olive Whicher
