British administration  
until 1948

Transjordan emirate

Following the defeat of the Ottoman Empire in World War I, the Allied powers established the British mandate of Palestine over the southern Levant region. In 1923 Great Britain allowed the Hashemite dynasty to administer the portion of the mandate east of the Jordan River, called Transjordan, and granted it full independence in 1946. The land west of the Jordan River remained under direct mandatory administration until 1948, when the British mandate of Palestine was terminated.

## **The End Of The Palestine Mandate:**

The End of the Palestine Mandate William Roger Louis, Robert W. Stookey, 1986      *The United States, Great Britain, and Egypt, 1945-1956* Peter L. Hahn, 2014-04-15 Egypt figured prominently in United States policy in the Middle East after World War II because of its strategic political and economic importance Peter Hahn explores the triangular relationship between the United States Great Britain and Egypt in order to analyze the justifications and implications of American policy in the region and within the context of a broader Cold War strategy This work is the first comprehensive scholarly account of relations between those countries during this period Hahn shows how the United States sought to establish stability in Egypt and the Middle East to preserve Western interests deny the resources of the region to the Soviet Union and prevent the outbreak of war He demonstrates that American officials desire to recognize Egyptian nationalistic aspirations was constrained by their strategic imperatives in the Middle East and by the demands of the Anglo American alliance Using many recently declassified American and British political and military documents Hahn offers a comprehensive view of the intricacies of alliance diplomacy and multilateral relations He sketches the United States growing involvement in Egyptian affairs and its accumulation of commitments to Middle East security and stability and shows that these events paralleled the decline of British influence in the region Hahn identifies the individuals and agencies that formulated American policy toward Egypt and discusses the influence of domestic and international issues on the direction of policy He also explains and analyzes the tactics devised by American officials to advance their interests in Egypt judging their soundness and success

### **Land and Territoriality**

Michael Saltman, 2020-05-26 In the past territorial conflict usually involved major powers seeking hegemony over strategic spaces and resources More recently however the decline of opposing global power blocs has elevated ethnicity to a prime cause of conflict over land This book considers the multiple roles ethnicity plays in fostering territorial conflicts both violent and non violent across the globe While land disputes relating to nationalism have resulted in the loss of human life in some regions in others ties between ethnicity and land are asserted more peacefully Nationalism and challenges to the validity of the links between people and places have caused widespread bloodshed in the disputed territory of Palestine involving competing claims of Arabs and Jews have led to war In North America however indigenous Indians claims to land are settled in the courts rather than through violence This book shows how human behaviour is affected by the multiple ways in which people identify with land topography and natural resources In doing so it highlights the growing trend towards defining physical space in specific ethnic contexts associated with a contemporary world that facilitates global movement
