Religion and Tourism Michael Stausberg, 2012-11-12 This book explores the dynamic interaction between religion and tourism in the modern world It considers questions such as do travellers leave their religion at home when they are touring and what happens if not what are the relationships between tourism and pilgrimage what happens to religious performances places and festivals that function as tourism attractions Other chapters examine religious theme parks wellness and spa tourism the roles played by tourist guides guidebooks and religious souvenirs and the role of tourism as a major arena of religious encounters in the contemporary world Surveying the growing body of work in the field Michael Stausberg argues that tourism should be a major focus of research within religious studies

A Guide to Mystical France Nick Inman, 2016-01-12 France is one of the most visited countries in the world and one of the least known This book takes you beyond the superficial coverage of conventional guidebooks history architecture etc in search of the deeper truths A Guide to Mystical France takes you deep under the psychic skin of France into the invisible dimensions that our materialistic world does its best to ignore Science stops at the most interesting questions To describe say a painted prehistoric cave as a sacred space used for ritual is to beg more questions than it answers It is impossible to fully appreciate the cathedral of Notre Dame Mont St Michel or the alignments of Carnac if you do not understand the reasons these structures were built and the way they have been used over the centuries The book makes no assumptions The reader is not required to believe anything He is merely pointed in the direction of the invisible and the hidden and left to judge for himself You get much more out of a visit if you look for what isn't there as well as what is Only by engaging with such enigmas in an open minded non logical way can we begin to unravel them This approach also makes sightseeing more satisfying and more meaningful Covered here are a multitude of fascinating themes the pilgrimage route to Santiago de Compostela Black Virgins prehistoric cave paintings labyrinths ley lines symbolism and sacred geometry the tarot etc The backdrops for the drama includes such legendary places as Chartres Rennes le Chateau churches carved out of the rock and mountain sanctuaries The cast list meanwhile includes Templars Cathars mystics Gurdjieff King Arthur Nostradamus and alchemists such as the enigmatic Fulcanelli who is rumoured to be immortal

Transformational Tourism Yvette Reisinger, 2013 This book deals with the issue of how travel and tourism if developed in a proper form can contribute to human transformation growth and development and change human behaviour and our relationship with the world The volume investigates the experiences offered by travel and tourism that can change travellers as human beings and their relationships and interactions with natural socio cultural economic political and technological environments The book has been published in two volumes This first volume focuses on the tourist perspective and the tourist self It consists of 16

chapters covering different types of tourism including wellness retreat religious and spiritual tourism extreme sports backpacking and cultural tourism WWOOFing and ecotourism and volunteer and educational tourism This book is primarily intended for tourism students and tourism programmes in business and non business schools However it could also appeal to students academics and professionals from disciplines that deal with human development and behavioural changes

struggle to gain papal approval for a Franciscan Rule for women is a fascinating story that has not received the attention it deserves. In *The Privilege of Poverty* Joan Mueller tells this story and in so doing she reshapes our understanding of early Franciscan history. Clare knew as did Francis that she needed a Rule to preserve the privilege of poverty, a papal exemption that gave monasteries of women permission not to rely on endowment income. Early Franciscan women gave their dowries to the poor and were as passionately holy and shrewdly political in this choice as were their male counterparts. Mueller shows the crucial role played in this by Agnes of Prague, one of Clare's closest collaborators. A Bohemian princess who declined an engagement to Emperor Frederick II in order to found a monastery of Poor Ladies in Prague, Agnes capitalized on the papal need for a political alliance with the kingdom of Bohemia to negotiate the privilege of poverty for her monastery and set up a hospital for the poor in Prague. The efforts of Clare and Agnes ultimately paid off as Pope Innocent IV approved a Franciscan Rule for women with the privilege of poverty at its core on Clare's deathbed in 1253. Only two years later Clare was canonized and the Poor Clares, as they came to be known, continue today as contemplative and active communities devoted to the same ideals that inspired Francis and Clare. *The Privilege of Poverty* not only contributes new insight into Franciscan history but also redefines it. No longer can we view early Franciscanism as primarily a male story. Franciscan women were courted by their brothers and by the papacy for their essential contributions to the early Franciscan movement.
