## **The Hermeticians Guide To The Planets Signs And Houses:**

The Hermetician's Guide to the Planets, Signs and Houses Stanley Kustesky, 1981-05      *The Hermetic System of Astrology* Dennis W. Sutton, David S. Braumann, 1996      **The hermetic system of astrology**, 1996      **Hermetic Astrology** Robert Powell, 2006 This book starts with a meticulous explanation of terminology used in astronomy and astrology This can be considered as a splendid example of how to explain strictly scientific notions to readers who are not necessarily skilled in the exact sciences From an astronomical point of view the most interesting part of the work is the presentation of the old Egyptian world system which the author concludes was the same as the system of Tycho Brahe 1546-1601 He considers this astronomical system not just as a transitory historical conception but as something which possesses permanent value The author's deep historical studies made it possible for him also to solve the problem of the interchange of Mercury and Venus something indicated many years ago by Rudolf Steiner This is an important achievement in the history of astronomy The main astrological finding of this book is that the zodiac of the stars sidereal zodiac as employed by the Babylonians Egyptians and ancient Greeks is the authentic zodiac Moreover the author promotes a new type of astrological chart hermetic chart for the conception birth and death of personalities under consideration in addition to the customary geocentric horoscope and in place of the heliocentric horoscope promoted by Willi Sucher 1902-1985 With the hermetic chart the author places a new tool in the hands of astrologers and opens up new possibilities for astrology as a science On this basis he develops his two laws of reincarnation illustrating them by striking examples These laws express themselves by way of certain planetary configurations coinciding at the moments of birth and death in successive incarnations He believes that with these laws the significance of the tropical zodiac is disproved This work of Robert Powell presenting a new astrological system is a valuable step in the development of a new wisdom of the stars in line with the ideas of Willi Sucher Willi Sucher's books and articles are full of charm deep in a spiritual sense representing a star wisdom in an embryonic state With this book by Robert Powell the ideas of Willi Sucher are born as an earthly reality and something new is brought into the world

An Introduction provides a practical and valuable sourcebook. Alan Oken masterfully guides you through the concepts of the meanings and the nature of the twelve astrological houses. He provides a core description of the twelve areas of life delineated by the astrological house system. The energy of each of the planets in the houses tells us where on Earth that planet's energy lands and what area of our life it highlights. He gives a masterful analysis of how the astrological signs on the house cusps and the planets ruling the signs on houses express the nature of each house. The planets' signs and houses in a chart represent the what's, hows, and wheres of your life. The planets tell us what kind of energy is at work. The signs indicate how this energy is working.
