 transformation of the English family as a function of several major social changes taking place in the eighteenth century
 including the development of a market economy and waged labor enclosure and the redistribution of land urbanization the
 rise of the middle class and the development of print culture In particular Perry traces the shift from a kinship orientation
 based on blood relations to a kinship axis constituted by conjugal ties as it is revealed in popular literature of the second half
 of the eighteenth century Perry focuses particularly on the effect these changes had on women s position in families She uses
 social history literary analysis and anthropological kinship theory to examine texts by Samuel Richardson Charlotte Lennox
