Asian Folklore Studies ,1963 **Asian Music** ,2004 **Imaging Sound** Bonnie C. Wade, 1998 The rulers of the Mughal Empire of India who reigned from 1526 to 1858 spared no expense as patrons of the arts particularly painting and music They left as their legacy an extraordinarily rich body of commissioned artistic projects including illustrated manuscripts and miniature paintings that represent musical instruments portraits of musicians and the compositions of ensembles These images form the basis of Bonnie C Wade s study of how musicians of Hindustan encountered and Indianized music from the Persian cultural sphere Imaging Sound is a contribution to many fields in its unique combination of sources and methods it is the study of musical change of image making in the past and the methodological use of images as texts in the present of the role of patronage in the Mughal Empire and of the development of South Asian culture **Time in Indian Music** Martin Clayton, 2008

Time in Indian Music is the first major study of rhythm metre and form in North Indian rag or classical music Martin Clayton presents a theoretical model for the organization of time in this repertory a model which is related explicitly to other spheres of Indian thought and culture as well as to current ideas on musical time in alternative repertoiresnullincluding that of Western music This theoretical model is elucidated and illustrated with reference to many musical examples drawn from authentic recorded performances These examples clarify key Indian musicological concepts such as tal metre lay tempo or rhythm and laykari rhythmic variation More generally the volume addresses the implications of performance practice for the organization of rhythm and metre Written in a clear and accessible style and illustrated with 102 music examples and diagrams it will appeal to anyone interested in Indian aesthetic forms and the study of musical time
