On This Patch of Grass Matt Hern, Selena Couture, Daisy Couture, Sadie Couture, 2019-01-09T00:00:00Z Exclusive online content photos and more available here Parks are importantly fertile places to talk about land Whether its big national parks provincial campgrounds isolated conservation areas destination parks or humble urban patches of grass we tend to speak of parks as unqualified goods People think of parks as public or common land and it is a common belief that parks are the best uses of land and are good for everyone But no park is innocent Parks are lionized as natural oases and urban parks as pure nature in the midst of the city but that is absurd Parks are as natural as the roads or buildings around them and just as political Every park in North America is performing modernity and settler colonialism everyday Furthermore parks are not private property but while they are called public they are highly regulated spaces that normatively demand and closely control behaviours Parks are a certain kind of property and thus creations of law and they are subject to all kinds of presumptions about what parks are for and what kinds of people should be doing what kinds of things in them Parks as they are currently constituted are colonial enterprises On This Patch of Grass is an investigation into one small urban park Vancouver's Victoria Park or Bocce Ball Park as a way to interrogate the politics of land The authors grapple with the fact that they are uninvited guests on the occupied and traditional territories of the Musqueam xwm kw y m Squamish Skwxw 7mesh and Tsleil Waututh's li w ta nations But Bocce Ball Park is also a wonderful place in many ways with a startling plurality of users and sovereignties and all kinds of overlapping activities and all kinds of overlapping people co existing more or less peaceably It is a living exhibition of the possibilities of sharing land and perhaps offers some clues to a decolonial horizon The book is a collaborative exercise between one white family and some friends looking at the park from a variety of perspectives asking what we might say about this patch of grass and what kinds of occupation might this place imply

**Martyrology Book 5** bp Nichol,1994-01-18 All of Nichol's work is stamped by his desire to create texts that are engaging in themselves as well as in context and to use indirect structural and textual devices to carry meaning In *The Martyrology* different ways of speaking testify to a journey through different ways of being Language is both the poet's instructor and through its various permutations the dominant image of the poem The nine books of *The Martyrology* document a poet's quest for insight into himself and his writing through scrupulous attention to the messages hidden in the morphology of his own speech Frank Davey

**After Canaan** Wayde Compton,2011-05-10 Compton pushes us to look beneath the surface past those comforting tales of nationhood and racial solidarity to the more nebulous and ever shifting truth This is a brilliant and original work that should be mandatory reading for any student of race and history Danzy Senna author of *Caucasia* After Canaan the first nonfiction book by acclaimed African Canadian poet Wayde Compton repositions the North American discussion of race in the wake of the tumultuous twentieth century Written from the perspective of someone who was born and lives outside of African American culture it riffs on the concept of Canada as a promised land or Canaan encoded in African American myth and song since the days of slavery These varied essays steeped in a kind of history rarely written about explore the language of racial misrecognition also known as passing the failure of urban renewal humor as a counterweight to official multiculturalism the poetics of hip hop turntablism and the impact of the Obama phenomenon on the way we speak about race itself Compton marks the passing of old modes of antiracism and multiculturalism and points toward what may or may not be a post racial future but will without doubt be a brave new world of cultural perception After Canaan is a brilliant and thoughtful consideration of African North American culture as it attempts to redefine itself in the Obama era

**From Squaw Tit to Whorehouse Meadow** Mark Monmonier,2008-09-15 Brassiere Hills Alaska Mollys

Nipple Utah Outhouse Draw Nevada In the early twentieth century it was common for towns and geographical features to have salacious bawdy and even derogatory names In the age before political correctness mapmakers readily accepted any local preference for place names prizing accurate representation over standards of decorum Thus summits such as Squaw Tit which towered above valleys in Arizona New Mexico Nevada and California found their way into the cartographic annals Later when sanctions prohibited local use of racially ethnically and scatologically offensive toponyms town names like Jap Valley California were erased from the national and cultural map forever From Squaw Tit to Whorehouse Meadow probes this little known chapter in American cartographic history by considering the intersecting efforts to computerize mapmaking standardize geographic names and respond to public concern over ethnically offensive appellations Interweaving cartographic history with tales of politics and power celebrated geographer Mark Monmonier locates his story within the past and present struggles of mapmakers to create an orderly process for naming that avoids confusion preserves history and serves different political aims Anchored by a diverse selection of naming controversies in the United States Canada Cyprus Israel Palestine and Antarctica on the ocean floor and the surface of the moon and in other parts of our solar system From Squaw Tit to Whorehouse Meadow richly reveals the map's role as a mediated portrait of the cultural landscape And unlike other books that consider place names this is the first to reflect on both the real cartographic and political imbroglios they engender From Squaw Tit to Whorehouse Meadow is Mark Monmonier at his finest a learned analysis of a timely and controversial subject rendered accessible and even entertaining to the general reader
