Strengthening Teacher Education C Peter Magrath,1987-05-01 *Strengthening Teacher Education* C. Peter Magrath,Robert L. Egbert,1987 The Professors of Teaching Richard Wisniewski,Edward R. Ducharme,1989-04-08 In *The Professors of Teaching* nine scholars pool their insights and their divergent experiences within the profession to discuss and elucidate the origins productivity dilemmas and future of the professorate Emphasizing the need for professors of education to satisfy the norms of scholarship appropriate to the university the contributors also underscore the need for the education faculty to work closely with those in the practicing profession teachers in our nations schools The result is a frank and candid expos which provides a clear sense of what must now be done in order for professors of education to be not only accepted but also respected within the academy and the teaching profession Professionals administrators policy makers all those concerned with teacher preparation and practice will be challenged by the authors of *The Professors of Teaching*

Resources in Education ,2001-04 *Improving Schools Through Teacher Leadership* Harris, Alma,Muijs, Daniel,2004-12-01 Focusing on the ways in which leadership can be fostered and enhanced this text argues that teacher leadership is an intrinsic and important part of school and classroom improvement as well as considering the roles responsibilities and influences of teachers who lead **Leadership, Higher Education, and the Information Age** Carrie Regenstein,Barbara I. Dewey,2003 This guide to developing a vision and devising plans for changing higher education s information technology infrastructure will help academic librarians create more effectively functional libraries campus IT organizations and new classrooms Seventeen experts share their visions and methodologies for as well as actual experiences with achieving campus wide IT leadership roles Trends in and strategies for departmental planning public policy capital investments intellectual property teacher education reorganization of university staff structures and integration of IT services throughout the university are all thoroughly examined This important book will help both librarians and campus administrators rethink definitions strategies and expectations for what constitutes success The collective experiences and advice of the 17 experts guide readers in advancing both IT on their campuses and their careers Strengthening the Connections between Leadership and Learning John MacBeath,Neil Dempster,David Frost,Greer Johnson,Sue Swaffield,2018-03-09 Examining a decade of research and practice this book makes the case for a radical reappraisal of leadership learning and their interrelationship in educational policy Discussing whether policy direction is progressively constraining the professionalism and initiative of teachers and school leaders it challenges conventional understanding and argues the case for thinking differently about the way to lead learning Based on the Leadership for Learning LfL Project the book clarifies extends and refines LfL principles and practices and their contribution to ameliorating some of the difficult conditions encountered in the contemporary educational policy environment It starts by discussing the direction and influence of current education policy and its subsequent consequences chapters then move on to explore the framing values

informing the LfL Projects particularly focusing on what they imply for commitments to social justice children s rights and breadth in student learning and considering how to create favourable conditions for learning Identifying a disconnect between seminal principles and the nature of day to day practice Strengthening the Connections between Leadership and Learning challenges school policy and practice at national and local levels It is an essential read for postgraduate students especially those studying leadership in education as well as for teachers and policymakers in schools

A Knowledge Base for Teacher Education and Development Yin Cheong Cheng,2002 The Report of the President University of New Mexico,1929 *The Report of the President to the Governor of New Mexico* University of New Mexico,1929 *Data-Driven Leadership* Amanda Datnow,Vicki Park,2014-03-10 Tools and techniques from the trailblazers in data based education reform Over a period of several years Amanda Datnow and Vicki Park visited public schools with a reputation for being ahead of the pack in data driven decision making The results of this pioneering study reveal how education leaders can make data work for students and teachers rather than against them This book is an essential guide to meeting the challenges of high stakes accountability building performance based schools and improving student outcomes By following the advice in this book you ll be able to transform data overload into a data positive school culture You ll learn the difference between data driven leadership and data informed leadership and how to use distributed leadership to inspire collaboration and guided analysis Incorporating narrative reflections drawn from real educators and administrators the authors refine their observations and interviews into practical conclusions that leaders can put to use immediately This book empowers leaders to support inquiry build trust in data based initiatives establish goals for evidence use and provide educators with the skills they need to mobilize data for the good of all stakeholders Datnow and Park s ideas are easily accessible and grounded in clear examples and their seven calls about what needs to be done nail the problem and the solutions Use this book as your action guide and you ll be rewarded with better results in student learning Michael Fullan professor emeritus University of Toronto Datnow and Park uncover at last what it means to use data to inform leadership Documenting the four P s people policies practices and patterns in schools we learn about the organization and dynamics of reform informed by data A must read Ann Lieberman senior scholar Stanford University Improving Teaching through Observation and Feedback Alyson L. Lavigne,Thomas L Good,2015-02-11 In response to Race to the Top schools nationwide are rapidly overhauling their teacher evaluation processes Often forced to develop and implement these programs without adequate extra institutional support or relevant experience already taxed administrators need accessible and practical resources Improving Teaching through Observation and Feedback brings cutting edge research and years of practical experience directly to those who need them In five concise chapters Thomas Good and Alyson Lavigne briefly outline the history of RttT and then move quickly and authoritatively to a discussion of best practices This book is a perfect resource for administrators reworking their processes for new evaluation guidelines Improving Schools with Blended Learning Tony Yeigh,David Lynch,Paul Fradale,Edward

Lawless,David Turner,Royce Willis,2021-02-11 Improving Schools with Blended Learning is specifically designed to address the important issues needed to successfully modernise education within the context of technological change It does this by first providing a clear roadmap for designing Blended Learning environments able to respond to the technological imperatives challenging schools at present and then illustrating this roadmap via specific original research that details the how to aspects of a successful technology based design process School leaders teachers teacher education students and researchers will all find highly relevant information about how to manage for disruption in the new and informative approach to Blended Learning BL they will discover in this book This book arose from two different research projects the authors have been pursuing over the last 3 5 years including school improvement research and Blended Learning research designed to investigate the role of technology in effective teaching and learning By combining the insights gained from these two different research areas this book is able to present a novel understanding of BL that is both insightful and clearly evidence based Improving Schools with Blended Learning also provides several original contributions to specific knowledge in the areas of BL and school improvement that most educators will find highly useful including the use of BL schemas a clear and extended BL continuum how to measure and evaluate the success of BL how to scaffold teacher ICT knowledge and skills and a specific process for contextualising applied BL in relation to the disruption imperatives of the Knowledge Economy
