Strike Commando:

'80s Action Movies on the Cheap Daniel R. Budnik,2017-03-21 The 1980s was the decade when the action film as it is now known came into being Nonstop big budget excitement became the standard as epic adventures like Raiders of the Lost Ark and The Road Warrior set the tone for the summer blockbusters of Sylvester Stallone Arnold Schwarzenegger and Chuck Norris Homages and ripoffs made with lesser budgets followed every hit especially with the advent of direct to video releases Providing detailed commentary on 284 films this book explores the excitement audacity and sheer weirdness of 80s low budget action cinema from the American Ninja series to dime a dozen barbarian pictures to such bargain basement productions as The Courier of Death Kill Squad and Samurai Cop **White Rising** Jeremy Krikler,2005-10-20 Racial murder and rebellion lie at the heart of this book It focuses on South Africa's Rand Revolt of 1922 when Johannesburg and its surrounding towns were wracked by industrial strife racial violence and insurrection White workers rose against their employers and the State black people were hunted through the streets and strikers launched an onslaught upon police and the army Krikler recreates this world of intense conflict and analyses the sources and complex nature of its extreme passions The book suggests novel ways of looking at racial identity and violence and breaks new ground in other areas for example in its assessment of the impact of the First World War on labour movements and in its exploration of the significance of female violence during the upheaval Written with a determination to explore deeper meanings the book has wide implications for our understanding of race and class in South Africa and elsewhere It also offers a most vivid portrayal of a rebellion with all its cruelty heroism drama and pathos BOOK JACKET [The Outbreak on the Witwatersrand, March, 1922](#) William Urquhart,1922 *Report of the Martial Law Inquiry Judicial Commission* South Africa. Martial Law Inquiry Judicial Commission,1922 *Fires of Hatred* Norman M. Naimark,2002-09-19 Traces the history of ethnic cleansing and its relationship to genocide and population transfer illustrating why the practice has grown in incidence in the twentieth century as modern states and societies continue to organize themselves by ethnic criteria **Wag the Dog** Larry Beinhart,2009-04-29 Once upon a time there was a mean dying GOP chairman who had a brilliant scheme to assure that his man would retain the office of president of the United States of America And the only man who could pull off this elaborate plan was a celebrated Hollywood director Add to the mix a left coast gumshoe named Broz who is trapped among cover ups undercover work and his own morality a cast of bicoastal desperate characters and the stage is set for a powerful D C L A production From Edgar award winning author Larry Beinhart Wag the Dog was the most brilliant political satire of the last decade It was made into a classic film by Barry Levinson and fortunately is now back in print **Spoilt Ballots** Matthew Blackman,Nick Dall,2022-02-01 If you paid even a moment's attention during high school history class you probably know that 1910 brought about the Union of South Africa that the 1948 general election ushered in apartheid and that the Rainbow Nation was born when Madiba triumphed in the country's first democratic elections in 1994 Spoilt Ballots dishes the dirt on

these pivotal turning points in our history But it also sheds light on a dozen lesser known contests starting with the assassination of King Shaka in 1828 and ending with the anointing of King Cyril at Nasrec in 2017 Spoilt Ballots dishes the dirt on these pivotal turning points in our history But it also sheds light on a dozen lesser known contests starting with the assassination of King Shaka in 1828 and ending with the anointing of King Cyril at Nasrec in 2017 Spoilt Ballots is as much about the people who voted in some of our most decisive elections as it is about those who didn't even get the chance to make their mark It explains why a black man in the Cape had more political rights in 1854 than at any other point in the ensuing 140 years and how the enfranchisement of women in 1930 was actually a step back for democracy The book will leave you wondering if Oom Paul Kruger's seriously dicey win in the 1893 ZAR election might have paved the way for the Boer War and whether Slim Jannie Smuts really was that slim after all It'll explain how the Nats managed to get millions of English speakers to vote for apartheid and why the Groot Krokodil's attempt to co-opt coloureds and Indians into the system backfired spectacularly Entertaining and impeccably researched Spoilt Ballots lifts the lid on 200 years of electoral dysfunction in our beloved and benighted nation *Wrestling with God* Steven T. Katz, Shlomo Biderman, Gershon Greenberg, 2007-01-04 This volume presents a wide ranging selection of Jewish theological responses to the Holocaust It will be the most complete anthology of its sort bringing together for the first time 1 a large sample of ultra orthodox writings translated from the Hebrew and Yiddish 2 a substantial selection of essays by Israeli authors also translated from the Hebrew 3 a broad sampling of works written in English by American and European authors These diverse selections represent virtually every significant theological position that has been articulated by a Jewish thinker in response to the Holocaust Included are rarely studied responses that were written while the Holocaust was happening *G.I. Anley,2020-04-29 The Gestapo arrested my father in Berlin in the summer of 1933 When he asked why he was told We do not give reasons [Aircraft Carriers](#) Norman Polmar,2008-01-01 In the post 1945 era the aircraft carrier has remained a valued weapon despite the development of nuclear weapons cruise and ballistic missiles and highly capable submarines At times as in the early days of the Korean and Vietnam Wars and in the Falklands conflict carriers alone could deploy high performance aircraft to the battlefield In other operations such as enforcing the no fly zones and the U S invasions of Afghanistan and Iraq only carriers could provide the bases needed for sustained combat and support operations This second volume of Norman Polmar s landmark study details the role of carriers in the unification of the U S armed forces and strategic deterrence fiscally constrained Great Britain the development of British Commonwealth and ex colonial navies and the efforts of France and the Netherlands to rebuild their fleets The role of the modern carrier nine nations currently possess them is discussed as are the issues confronting nations that might acquire them Chapters on the Soviet Union s effort to produce carriers are included for the first time The development of both carrier planes and the many oddball aircraft that have flown from carriers such as the U 2 spy plane are also examined Appendixes include comprehensive data on all carriers built and converted through 2006 This volume is a valuable companion to the critically acclaimed Volume I which covers aircraft carrier development and operations from 1909 to 1945 *Castro's Secrets* Brian Latell,2013-07-09 In this riveting Cold War history highly acclaimed author Brian Latell offers us a new and surprising look at Fidel Castro Latell draws his narrative on personal interviews with high level defectors from Cuba s intelligence many of whom have not spoken out for over nearly five decades The result is a vivid and revelatory account that revises our understanding of how Fidel operated what his goals were and how he imagined the future for his tiny island nation Latell takes us from from the crimes Fidel allegedly committed as a youth in the anti Battista movement to how quickly he built up an intelligence system that rivaled the Soviet Union s KGB and Britain s M15 in effectiveness and how that translated into a feud with JFK s administration and the CIA and the ultimate confrontation during the Cuban Missile Crises that brought the world to the brink of a nuclear holocaust
