The Monkey in Art Ptolemy Tompkins, 1994 This delightful and engaging book travels around the world and throughout history from ancient Egypt to eighteenth century France and beyond to tell the story of the monkey's role in art By turns amusing and serious the text and pictures provide a fascinating glimpse into the unlikely ways in which human beings have chosen to view their simian relatives over the centuries

Monkey Painting Thierry Lenain, 1997 Towards the end of the 1950s biologists investigating the question of how art originated came up with the idea of getting monkeys to paint pictures Drawing on a large body of historical and scientific evidence this fascinating book sets out a new interpretation of quasi artistic behavior in monkeys showing that there may be a fine line between it and true art Lenain cannot help let slip an infectious fascination with our primate cousins he succeeds in making his book unputdownable

The London Magazine [The Monkeys of Christophe Huet](#) Nicole Garnier-Pelle, Anne Forray-Carlier, Marie-Christine Anselm, 2011 Although monkeys had been used to mimic man and his foibles in the margins of medieval illuminated manuscripts a taste for depictions of elegant monkeys developed among the French aristocracy at the end of the seventeenth century This delightful book traces the evolution of the monkey motif into a distinct genre known as *singerie* from the French word *singe* meaning monkey during the exuberant Rococo period The designer and engraver Jean B. Rain 1640-1711 was the first to insert monkeys into scenes of Renaissance grotesque decoration surrounding them with scrolling foliage fantastical creatures and Chinese motifs Claude Audran III 1658-1734 developed this style further with his satirical wall painting of monkeys at Louis XIV's Chateau de Marly But it was Christophe Huet 1700-1759 an acclaimed painter of animals who produced the best known surviving examples of *singeries* for the Chateau de Chantilly north of Paris Huet's life and work is the focus of this book In his whimsical paintings monkeys acting as surrogates for the chateau's aristocratic occupants and guests are shown singing and dancing bathing hunting boar and sledding on the frozen lake Huet's work is placed in context through an examination of lesser known interiors with *singerie* decoration as well as monkey motifs in the decorative arts ranging from tapestries and teapots to furniture mounts and fireplace accessories
