The Moon On A String A Novel:

The Moon on a String Tricia Springstubb, 1984 *The Moon on a String* Tricia Springstubb, 1982-01-01 After graduating from high school and leaving her small town for Boston seventeen year old Deirdre discovers that it is not necessary to reject her family and her past in order to forge a life of her own *The Novel* Tim Parks, 2015-07-16 The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities The category of the literary has always been contentious What is clear however is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought It is sceptically challenged from within for example by the sometimes rival claims of cultural history contextualized explanation or media studies It is shaken from without by even greater pressures by economic exigency and the severe social attitudes that can follow from it by technological change that may leave the traditional forms of serious human communication looking merely antiquated For just these reasons this is the right time for renewal to start reinvigorated work into the meaning and value of literary reading The Novel A Survival Skill is the fruit of a lifetime's search for a different more immediate but again systematic and serious way of talking about literature Developed over many years it offers a completely new account of the relationship between a writer his or her work and the reader As such it radically undermines traditional literary criticism and the various criteria used for evaluating a work of fiction Drawing on ideas from systemic psychology Tim Parks suggest that both the content and style of a novelist's work the kind of stories told and the way in which they are told form part of a more general strategy or simply habit of communication that the novelist has learned within his or her family of origin The reader reacts to these in very much the same way he or she would react to the same communicative strategy in a real life encounter different readers reacting differently depending on their own backgrounds and habits of communication Looking at the different value structures that can dominate in any family good evil independence dependence success failure belonging exclusion this book looks at how a number of major writers position themselves within these value structures how this positioning is manifest in their writing and how readers have responded to this depending on their own positioning in the same semantics Thomas Hardy for example a man eager to believe himself courageous but terrified of the consequences of any socially unacceptable behaviour constructs stories which are courageous in their willingness to debate difficult issues but which constantly suggest that any attempt to behave courageously is condemned to disaster Hardy as it were imprisons himself in a world where it is folly to take risks He is thus exceedingly conservative in his life while at the same time able to think of himself as courageous in his writing The Novel A Survival Skill looks at the way different readers in different periods respond to this depending on their own position with regard to fear courage social convention and so on *Kubo and the Two Strings: The Junior Novel* Sadie Chesterfield, 2016-07-19 A junior novel based on the animated movie *Kubo and the Two Strings* 2016 LAIKA Entertainment All Rights Reserved *Something about the Author* Kevin S. Hile, 1994 Series covers

individuals ranging from established award winners to authors and illustrators who are just beginning their careers Entries cover personal life career writings and works in progress adaptations additional sources and photographs **America**

Loves China: A Romance Novel Martin Avery,2015-08-13 What happens when an American man meets a Chinese woman in China *The Starfarers Series Books 1-2* Vonda N. McIntyre,2021-10-12 The first two books in the most important series in science fiction from the New York Times bestselling author of Dreamsnake Ursula K Le Guin author of the Earthsea series Starfarers The Starfarer is a self sufficient spaceship with a functioning ecosystem able to navigate from one star system to another via cosmic string and it is about to embark on a deep space expedition in search of alien contact Its global crew has come together in the spirit of cooperation and scientific advancement But Earth struggles with anti science and anti technology factions and there are those who want to turn the Starfarer into a military base One of them is on board And he will stop at nothing including sabotage to enforce his agenda Transition After the crew members of the Starfarer hijack their own ship they intercept an alien message and attempt to decipher its complex patterns It could be an introduction a warning or a trap In Tau Ceti the first star system humans have ever visited they discover worlds possessing life but no higher forms of intelligence And with a saboteur still in their midst tensions rise as the ship and its team hurtle toward a meeting more than three millennia in the making Praise for the Starfarers Series McIntyre is a master SF stylist creating well rounded believable and distinctive characters and she excels at lush descriptions that allow the reader to visualize the action Publishers Weekly The series features a diverse cast especially for its 1989 debut date and a series of interstellar hijinks the likes of which only McIntyre could conjure Tor com A fine novel of adventure Greg Bear on Starfarers The most exciting and satisfying science fiction I have read this year Ursula K Le Guin on Metaphase Three Tiptree Award-Winning Novels Eleanor Arnason,Elizabeth Hand,Nancy Springer,2018-03-06 Groundbreaking provocative novels that challenge gender assumptions in stories of aliens and humans women and men and the shifting nature of identity The James Tiptree Jr Award was established to acknowledge works of science fiction or fantasy that expand or explore our understanding of gender The three novels in this collection each embody that continually evolving challenge in boldly original and highly imaginative ways A Woman of the Iron People The inaugural winner of the Tiptree Award in 1991 this excellent anthropologically oriented SF tale Publishers Weekly examines the fear and fascination on both sides when a group of human scientists discovers an advanced yet seemingly primitive alien culture Fascinating Very wise and funny Full of complicated and irresistible people some of them human Ursula K Le Guin Waking the Moon Nebula Award winning author Elizabeth Hand serves up a seductive post feminist thriller in which a college freshman accidentally discovers the existence of the Benandanti a clandestine order devoted to suppressing the powerful Moon Goddess and secretly manipulating the world s governments and institutions A potent socio erotic ghost story William Gibson Larque on the Wing A middle aged housewife s thoughts become reality when her rebellious inner child takes control and she transforms herself into a fearless gay man This is a moving funny surprising

and transcendent tale of one woman's unusual quest to come to terms with who she truly is Springer effectively uses fantasy to evoke midlife soul searching An engrossing novel about gender and self formation Publishers Weekly **Our Earth and Its Story** Robert Brown, 1889 **The Professor at the Breakfast-table ; With, The Story of Iris** Oliver Wendell Holmes, 1891
