The Moral Compass Steve Santini, 2012-07-01 When you close yourself off to the realm of possibility you will never experience the impossible Opening our mind to the possible lets us grow to make the choice whether to believe or not to believe It allows us the ability to grow beyond our comprehension and to grow beyond our normal experience Growing beyond our experience allows us to live beyond our present state and into a realm not normally captured by what we call reality I am not talking about a normal state of reality What I am saying is experiencing and realizing a state far beyond the comprehension of man Not necessarily bliss Just entering into an unexplored area whether soul or body A reality greater than self A reality of greater substance Greater awareness with endless possibility A transcendent state where time is an illusions Where time becomes unimportant

and experience is the all powerful This is what it is like to be in the presence of God
