

A painting of a woman with dark hair tied back, wearing a vibrant red sari, cradling a baby in her arms. The woman is looking down at the baby with a gentle smile. The baby is lying on its back, looking up at the woman. The background is a soft, painterly landscape with green hills and a blue sky. The title 'The Most Important Gift of All' is written in a mix of green and red fonts in the upper right corner.

The Original Sin and Human Diseases Hanna Rizk Wannas MD FRCS ED FICS, 2014-01-30 This text is unique it is the first book of its kind that challenges the theory of evolution by the word of God In the text it will be proved beyond doubt that the word of God is powerful with a two edged sword It divides asunder and exposes the counterfeit and the false Not only that but it proves the validity of the arguments by using medical and surgical studies of the patients ailments The author is a scientist and a surgeon He studied anatomy and embryology in full details that makes him argue with confidence The doctrine of creation has a solid foundation which is the true word of God The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution These have changed the procedures from difficult and complicated to a single day procedure with financial gains to the patient and to the public The relation between sin diseases and death is studied and proved beyond doubt The salvation by justification sanctification and righteousness is explained and also proved beyond doubt Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end lead to death from moral decay alcoholism and drug addiction The evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans

Copy Cat World Kleopatra Kristbjörg, 2010-09 This book has changed peoples lives to the better And saved many lives Copy Cat World has many loyal fans that adore the book Alexandra It is because we always send messages to our environment We send messages to the universal energy When we have hopes and expectations then that is the message we are sending a message that we are lacking something But is there really anything we need do we know that for sure We shouldn t ask for anything only be grateful for what have and not demand more What is meant to come will come and then we should accept it and be thankful

It will come when you are not asking for it and not waiting for it You shouldn't declare that you are in need or act as if you lack something It is most important to be contented with yourself and what you have Do what is right in life and make good things happen around you You will notice that when you perform an act of kindness you feel good and that is an answer It is better to be wealthy in spiritual riches than material ones I feel rich if I can help somebody and I feel richer and richer everytime I do something good Money is not important You don't need much to survive Abundance creates indulgence which leads to a bad way of life and unhappiness We only need enough to live We don't need all these things that people indulge in It's not like you were ever happy You had too much of everything which leads to too much indulgence and more and more unhappiness You bought yourself darkness always more darkness and you ended up at the bottom The wrong path leads to the wrong destination Copy Cat World has many loyal fans that adore the book
