Kohut, 2025-09-02 Both modern Ukrainian nationhood and the historical preconditions of the country's contemporary conflict with Russia are rooted in a complex period of development in Cossack Ukraine The Making of Cossack Ukraine traces the evolution of early modern Ukrainian political thought and culture from their sixteenth century origins to 1714 Early modern Ukraine was home to a multitude of interrelated political cultures including those of the Ruthenian nobility the Kyivan clergy and the Cossacks Zenon Kohut shows how constant interplay between these cultures contributed to the development of political territorial religious ethnic and national collective visions that reflected early modern concepts of nation state and identity Two persistent narratives the idea of Ukrainian autonomy and perpetual rights and the idea of a continuous Russian tsardom stemming from medieval times formed the foundation for not only Ukrainian state and nation building but also Russia's modern identity and sense of nationhood creating the ideological underpinning for Russian imperialism Based in a classical analysis of ethnic religious and political ideas developed by early modern Ukrainian intellectuals The Making of Cossack Ukraine brings to light the origins of present day Ukrainian political thought The Origins of the Slavic Nations Serhii Plokhy, 2006-09-07 This book documents developments in the countries of eastern Europe including the rise of authoritarian tendencies in Russia and Belarus as well as the victory of the democratic Orange Revolution in Ukraine and poses important questions about the origins of the East Slavic nations and the essential similarities or differences between their cultures It traces the origins of the modern Russian Ukrainian and Belarusian nations by focusing on pre modern forms

of group identity among the Eastern Slavs It also challenges attempts to nationalize the Rus past on behalf of existing national projects laying the groundwork for understanding of the pre modern history of Russia Ukraine and Belarus The book covers the period from the Christianization of Kyivan Rus in the tenth century to the reign of Peter I and his eighteenth century successors by which time the idea of nationalism had begun to influence the thinking of East Slavic elites
