Masters Theses in the Pure and Applied Sciences Wade H. Shafer, 2012-12-06 Masters Theses in the Pure and Applied Sciences was first conceived published and disseminated by the Center for Information and Numerical Data Analysis and Synthesis CINDAS at Purdue University in 1957 starting its coverage of theses with the academic year 1955 Beginning with Volume 13 the printing and dissemination phases of the activity were transferred to University Microfilms Xerox of Ann Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community After five years of this joint undertaking we had concluded that it was in the interest of all concerned if the printing and distribution of the volumes were handled by an international publishing house to assure improved service and broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been disseminated on a worldwide basis by Plenum Publishing Corporation of New York and in the same year the coverage was broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 31 thesis year 1986 a total of 11 480 theses titles from 24 Canadian and 182 United States universities We are sure that this broader base for these titles reported will greatly enhance the value of this important annual reference work While Volume 31 reports theses submitted in 1986 on occasion certain universities do report theses submitted in previous years but not reported at the time

Case Study in Marketing, Festival and Event Management in Nordic Countries Tommy Andersson, Donald Getz, Reidar Johan Mykletun, 2014-06-11 This book on events related research marks a watershed in the development of a Nordic School of festival and event research Each of the chapters presents a new and interesting approach to the study of events in terms of methods perspectives or content It is mostly rooted in management theory but also incorporating other perspectives that enhance our understanding of the phenomena Implications for real world applications in tourism hospitality and community development are also at the fore The scholarship is comprehensive not focused on only tourism or economic aspects Management theory including stakeholder management social networks and institutionalization processes is being applied Attention is being given to the multiple roles festivals and events play in society and to evaluation of their worth and impacts Innovative methods are being developed to examine event experiences innovation processes and success factors There is now a critical mass of scholars in the Nordic countries that share a strong interest in event studies and they are engaged in collaborative research making it an appealing and innovative region for other event students and researchers to visit It can be expected that the Nordic school will take an increasingly important place in the development of event studies which is now truly global in terms of scholarship and university degree programs

This book was originally published as a special issue of Scandinavian Journal of Hospitality and Tourism *Market Orientation* Martin Hingley, Paul Custance, 2016-05-06 Marketing orientation is both the key objective of most food producers and their biggest challenge Connecting food and agricultural production with the changing needs and aspirations of the customer provides the means to ensure competitive advantage resilience and added value in what you produce But market orientation is not something that you can just buy in or bolt on to what you do Market orientation is a matter of changing the culture of your organisation finding ways of learning more about your customers and understanding their needs changing your development and reward systems to educate your employees it may also involve significant changes to your production processes This comprehensive collection of original research explores the challenges and opportunities associated with market orientation along the food supply chain from the animal feed industry to meat retailing and from organic foods to old world wines All the chapters provide exceptional insight into understanding how market orientation can benefit food suppliers and how it is essential for long term success *Understanding Market Segmentation* Cybellium, 2024-10-26 Designed for professionals students and enthusiasts alike our comprehensive books empower you to stay ahead in a rapidly evolving digital world Expert Insights Our books provide deep actionable insights that bridge the gap between theory and practical application Up to Date Content Stay current with the latest advancements trends and best practices in IT AI Cybersecurity Business Economics and Science Each guide is regularly updated to reflect the newest developments and challenges Comprehensive Coverage Whether you re a beginner or an advanced learner Cybellium books cover a wide range of topics from foundational principles to specialized knowledge tailored to your level of expertise Become part of a global network of learners and professionals who trust Cybellium to guide their educational journey www.cybellium.com
