Oxford guides us to use all these forms of language more positively and effectively, thereby generating greater possibilities for peace. Peace has many dimensions: inner, interpersonal, intergroup, international, intercultural and ecological. The language of peace helps us resolve conflicts, avoid violence and reduce bullying, misogyny, war, terrorism, genocide, circus journalism, political deception, cultural misunderstanding and social and ecological injustice. Peace language along with positive intention enables us to find harmony inside ourselves and with people around us, attain greater peace in the wider world and halt environmental destruction. This
