Strategy For The Church's Ministry:

Church and Ministry Strategic Planning R. Henry Migliore, Robert E. Stevens, David L. Loudon, 1994 Spiritual management is required for spiritual organization and yet a ministry's master plan should be the Master's plan for that ministry Church and Ministry Strategic Planning assists readers in developing a Biblically based blueprint for carrying out the many activities in which the church or ministry is involved The authors show clearly how careful planning is inspired by the Scriptures Suppose one of you wants to build a tower Will he not first sit down and estimate the cost to see if he has enough money to complete it Luke 14:28 and how it improves making decisions today which ultimately affect the ministry's effectiveness tomorrow Church and Ministry Strategic Planning covers all areas of this type of planning and can be read and reviewed quickly Through the use of a model of the strategic planning process the authors show how to develop mission statements define strategic objectives develop strategy options and operating strategies appraise performance and monitor strategic planning Readers are led step by step through these key areas of creating a strategic plan Examples and worksheets at the end of each chapter enable pastors administrators and lay leaders to develop a strategic plan fitting to their specific ministry or church The appendixes provide tools used in planning as well as a complete sample strategic plan for a large church Put these concepts to immediate use in decisionmaking and pursue God's purpose and vision for the church or ministry If readers take the time and effort to study this book apply its format and prayerfully keep God in every step of the plan here is what the authors believe plan administrators can expect 1 A sense of enthusiasm in the church or ministry 2 A 5 year plan in writing to which everyone is committed 3 A sense of commitment by the entire church to its overall direction 4 Time for the leaders to do what they have been called to do 5 Clear job duties and responsibilities 6 Clear and evident improvement in the health and vitality of every member of the church staff 7 Measurable improvement in the personal lives of all those in responsible positions with time for vacations family and personal pursuits 8 The ability to measure very specifically the growth and contribution made by senior pastors or evangelists at the close of their careers 9 Guaranteed leadership of the church or ministry because a plan is in place in writing and is understood Even more importantly a management team and philosophy will be in place to guide the church or ministry into its next era of growth Explore this Biblical perspective on planning and develop a strategic plan that is systematic and continuous and allows the church or ministry to assess its market position establish goals objectives priorities and strategies to be completed within specified time periods achieve greater staff and member commitment and teamwork aimed at meeting challenges and solving problems and muster its resources to meet these changes through anticipation

Church Strategies: & Ministry Systems: The Essential Guide to Seeing Under the Hood of Urban Churches Christopher J. Harris, 2018-10-30

Churches and Ministry Leaders want to win. What often challenges that desire are threats to the vision, people, leadership, development, and even resources when the focus has less often been on effective strategies and solid systems. This challenge is exacerbated even more for urban churches where there is a lack of effective, balanced, and contextually relevant resources available. *Church Strategies and Ministry Systems* is designed to fill this gap by offering practical information and solutions specifically for the urban church community. Presented as a primer for pastors who want to ensure that their churches are growing and healthy, Executive Pastors and Assistant Pastors who are tasked with leading the day-to-day operations of the church, leading people and connecting vision and systems, and leaders who are called to serve their church, this resource is written from an experienced practitioner who has made the mistakes, done the heavy lifting, gathered the research, understands the challenges, and sees the theological foundation for strategy. It's an Executive Pastor for an Urban Church in a book. Rather than providing all of the answers that church systems thinkers are asking, this book helps you to ask the right questions and guides you towards healthy answers. Most importantly, it is written with a leaning towards leaders who desire to walk in wisdom, emotional health, and strategic insight.

A Strategy for the Church's Ministry, 1984

Strategies in Church Discipline from 1 Corinthians Timothy KH Chong, 2016-08-11. This book seeks to recover the New Testament ideal of church discipline and to construct a holistic model for the Church in Asia. The Church has wrestled with the issue of discipline ever since her inception. Many of Paul's letters addressed the problems that had arisen in the communities that he had established. The thrust of church discipline in the New Testament was the formation of Christian character through the Word of God worked out in the process of discipleship through teaching, edification, admonition, as well as banishing serious sin from the community. The ideal of church discipline in the New Testament is both Preventive Discipline and Punitive Discipline. As the Church became more institutionalized, there was a paradigm shift in the process of discipline. The New Testament ideal of discipline as a character formation was shifted to regulatory ordinances. This led to the development of a strict and regimented Christianity. Since then church discipline had taken on a penitential and punitive direction. The book seeks to study Paul's management of the disciplinary problems in 1 Corinthians and then to construct a holistic model of church discipline for an Asian context.

Church Leadership & Strategy Harold L. Senkbeil, Lucas V. Woodford, 2019-11-06. Christ's sheep need shepherding. That's where you come in. With more than 60 years of ministry between them, Harold Senkbeil and Lucas Woodford have come to understand that everything in ministry, even administration, leadership, and planning, revolves around the ancient tradition of the care of souls. Pastors are entrusted with the care of a flock by the Good Shepherd and are called to be faithful to this task. But pastoring seems to be getting more and more difficult. Based on a sound theological framework, Senkbeil and Woodford present a set of practical tools for church leadership and strategy. Calling on their vast experience, they encourage pastors to protect, guide, and feed their flock as Jesus would, bridging the eternal wisdom of the word of God with the everyday practicality of hands-on leadership.
