Stray Leaves Roger Blackley, 2001 Stray leaves colonial trompe l oeil drawings Surface and Deep Histories Anuradha Chatterjee, 2014-06-26 Surface in architecture has had a deeper and a more pervasive presence in the practice and theory of the discipline than is commonly supposed Orientations to the surface emerge collapse and reappear sustaining it as a legitimate theoretical and artefactual entity despite the twentieth century disciplinary definition of architecture as space structure and function Even though surface is defended for its pervasiveness Kurt Forster its function as a theoretical motif with generative power Andrew Benjamin and in constituting the operative principles of modern architecture as a visual phenomenon Mark Wigley it occupies the interstice or the space of the unconscious within architectural discourse from where it defends its legitimacy as architecturally valuable or functional as opposed to merely visually pleasurable Surface and Deep Histories positions surface within the scholarship of critical theory and design based approaches and invites academics and designers and art and architectural historians based in Australia to consider the uses figurations scales and typologies of surfaces The collection choreographs contributions that focus on a variety of topics such as montage and construction of colonial modernity and visual culture Molly Duggins wallpaper rational space and femininity Anna Daly the inter constituted nature of bodies clothes and cities Stella North the reconstruction of the urban surface through a true integration of information and topology M Hank Haeusler James Fergusson s theory of ornament Peter Kohane traditional and new verandahs in Australia Chris Brisbin contradictory effects of surface in Green architecture debates Flavia Marcello and Ian Woodcock and the thickness of thin curtain walls in contemporary Australian architecture Anuradha Chatterjee Surface and Deep Histories shows that surface is not thin spatially or conceptually It demonstrates that the practice of surface is simultaneously superficial and pervasive symbol and space meaningful and functional static and transitory and object and envelope The Road to Batemans Bay Alastair Greig, 2023-11-16 The Road to Batemans Bay is the story of competing ventures to create the Great Southern Township on the South Coast of New South Wales in the early 1840s The idea of developing the furthest reaches of settlement was linked to the hopes of southern woolgrowers for a road from their properties to the coast over the Great Dividing Range The township proponents dreamed that having a quicker and cheaper connection to Sydney would allow them to open a port second only to Port Jackson The scene begins with the proposed coastal township of St Vincent in an age of optimism settlement is expanding exports are growing and land prices are soaring generating Australia s first land boom Before long however the colony experiences a catastrophic economic depression whose pestilential breath infects those with a stake in the coastal townships Alastair Greig follows the fate of these individuals while also speculating on the broader fate of South Coast development during the mid nineteenth century Greig gives a unique insight into many aspects of colonial life including the worlds of Sydney s merchants auctioneers land speculators surveyors map makers and lawyers as well as its maritime challenges The Road to Batemans Bay is a chronicle of
