Street Stories The World Of Police Detectives

Jesse Driscoll

Street Stories The World Of Police Detectives:

Street Stories Robert Jackall, 2009-08-05 Based on years of fieldwork with the New York City Police Department and the District Attorney of New York this book examines the moral ambiguities of the detectives world as they shuttle between the streets and a bureaucratic behemoth

Street Stories Robert Jackall, 2009-06-30 Detectives work the streets an arena of action vice lust greed aggression and violence to gather shards of information about who did what to whom They also work the cumbersome machinery of the justice system semi military police hierarchies with their endless jockeying for prestige procedure driven district attorney offices and backlogged courts transforming hard won street knowledge into public narratives of responsibility for crime *Street Stories* based on years of fieldwork with the New York City Police Department and the District Attorney of New York examines the moral ambiguities of the detectives world as they shuttle between the streets and a bureaucratic behemoth In piecing together street stories to solve intriguing puzzles of agency and motive detectives crisscross the checkerboard of urban life Their interactions in social strata high and low foster cosmopolitan habits of mind and easy conversational skills And they become incomparable storytellers This book brims with the truth is stranger than fiction violence of the underworld and tells about a justice apparatus that splinters knowledge reduces life and death issues to arcane hair splitting and makes rationality a bedfellow of absurdity Detectives stories lay bare their occupational consciousness the cunning and trickery of their investigative craft their self images moral rules in use and judgments about the players in their world as well as their personal ambitions sensibilities resentments hopes and fears When detectives do make cases they take satisfaction in removing predators from the streets and helping to ensure public safety But their stories also illuminate dark corners of a troubled social order

The Routledge Handbook of Qualitative Criminology Heith Copes, J. Miller, 2015-03-02 Despite illustrious origins dating to the 1920s qualitative crime research has long been overshadowed by quantitative inquiry After decades of limited use there has been a notable resurgence in crime ethnography naturalistic inquiry and related forms of fieldwork addressing crime and related social control efforts The Routledge Handbook of Qualitative Criminology signals this momentum as the first major reference work dedicated to crime ethnography and related fieldwork orientations Synthesizing the foremost topics and issues in qualitative criminology into a single definitive work the Handbook provides a first look reference source for scholars and students alike The collection features twenty original chapters on leading qualitative crime research strategies the complexities of collecting and analyzing qualitative data and the ethical propriety of researching active criminals and incarcerated offenders Contributions from both established luminaries and talented emerging scholars highlight the traditions and emerging trends in qualitative criminology through authoritative overviews and lived experience examples Comprehensive and current The Routledge Handbook of Qualitative Criminology promises to be a sound reference source for academics students and practitioners as ethnography and fieldwork realize continued growth throughout the 21st Century

Managing Accountability Systems

for Police Conduct Jeffrey J. Noble, Geoffrey P. Alpert, 2008-04-25 Police officers are invested with awesome powers and may use physical force to take a citizen into custody. These powers help the police enforce laws and control suspects but they also have the potential to be abused. The police must be responsive and accountable about crime and safety but they must also be responsive and accountable to the law and the rights of citizens. Police abuse of power has a long and unfortunate history in the United States often because of the failure to develop meaningful procedures to ensure police accountability. This book introduces the reader to a unit of the police department that has been secretive and lacking transparency despite being an integral part of policing for a number of years. Noble and Alpert clearly explain the structure and function of internal affairs or professional compliance units and provide guidance for establishing an effective unit that will benefit both the police and the community. One recent trend is to make internal affairs more proactive than reactive. The authors provide comprehensive coverage of this trend's objectives, implement procedures to identify and modify improper actions by police officers, change policies and procedures that negatively affect citizens' quality of life, take appropriate action so that the misconduct of a few officers does not detract from the overall mission and reputation of the agency, and conduct fair, thorough, and accurate investigations to protect police employees against false accusations of misconduct. Warlords and Coalition Politics in Post-Soviet States Jesse Driscoll, 2015-07-02 The break up of the USSR was unexpected and unexpectedly peaceful. Though a third of the new states fell prey to violent civil conflict, anarchy on the post-Soviet periphery when it occurred was quickly cauterized. This book argues that this outcome had nothing to do with security guarantees by Russia or the United Nations and everything to do with local innovation by ruthless warlords who competed and colluded in a high-risk coalition formation game. Drawing on a structured comparison of Georgian and Tajik militia members, the book combines rich comparative data with formal modeling, treating the post-Soviet space as an extraordinary laboratory to observe the limits of great powers' efforts to shape domestic institutions in weak states. The Last Neighborhood Cops Fritz Umbach, 2011-01-05 In recent years, community policing has transformed American law enforcement by promising to build trust between citizens and officers. Today, three quarters of American police departments claim to embrace the strategy. But decades before the phrase was coined, the New York City Housing Authority Police Department (HAPD) had pioneered community-based crime fighting strategies. The Last Neighborhood Cops reveals the forgotten history of the residents and cops who forged community policing in the public housing complexes of New York City during the second half of the twentieth century. Through a combination of poignant storytelling and historical analysis, Fritz Umbach draws on buried and confidential police records and voices of retired officers and older residents to help explore the rise and fall of the HAPD's community-based strategy while questioning its tactical effectiveness. The result is a unique perspective on contemporary debates of community policing and historical developments, chronicling the influence of poor and working-class populations on public policy making. The Last Neighborhood Cops Gregory Holcomb Umbach, 2011 In recent years, community policing has

transformed American law enforcement by promising to build trust between citizens and officers Today three quarters of American police departments claim to embrace the strategy But decades before the phrase was coined the New York City Housing Authority Police Department HAPD had pioneered community based crime fighting strategies The Last Neighborhood Cops reveals the forgotten history of the residents and cops who forged community policing in the public housing complexes of New York City during the second half of the twentieth century Through a combination of poignant storytelling and historical analysis Fritz Umbach draws on buried and confidential police records and voices of retired officers and older residents to help explore the rise and fall of the HAPD s community based strategy while questioning its tactical effectiveness The result is a unique perspective on contemporary debates of community policing and historical developments chronicling the influence of poor and working class populations on public policy making

High and Low Corruption Harry Adams,2023-12-19 High and Low Corruption Children Capabilities and Crime provides a systematic theory of corruption and analyzes high corruption in terms of political corruption and high end white collar crime and low corruption in terms of juvenile delinquency and street crime It shows how delinquents and street criminals often suffer from arrested development of their basic human capabilities In turn Harry Adams argues that their maldevelopment often emerges neither merely through their own fault when they were children nor through the fault of biological caregivers who were guilty of parental child neglect Beyond this Adams argues that the maldevelopment of at risk youth commonly emerges through a kind of political child neglect when corrupt public officials fail to provide adequate protection or back up support for their development In these ways the author shows how the former type of high corruption or suite crime can significantly contribute to the latter type of corruption and street crime By applying a set of moral constitutional and criminological principles from Derek Parfit Ronald Dworkin and Jeffrey Reiman respectively Adams also provides a systematic account of why and how both these types of corruption should be curbed

The Cultural Matrix Orlando Patterson,Ethan Fosse,2015-02-09 The Cultural Matrix seeks to unravel an American paradox the socioeconomic crisis and social isolation of disadvantaged black youth on the one hand and their extraordinary integration and prominence in popular culture on the other This interdisciplinary work explains how a complex matrix of cultures influences black youth

Wrongful Conviction and Criminal Justice Reform Marvin Zalman,Julia Carrano,2013-10-30 Wrongful Conviction and Criminal Justice Reform is an important addition to the literature and teaching on innocence reform This book delves into wrongful convictions studies but expands upon them by offering potential reforms that would alleviate the problem of wrongful convictions in the criminal justice system Written to be accessible to students Wrongful Conviction and Criminal Justice Reform is a main text for wrongful convictions courses or a secondary text for more general courses in criminal justice political science and law school innocence clinics

The Graving Dock Gabriel Cohen,2014-02-04 A floating coffin draws Brooklyn homicide detective Jack Leightner into a murder investigation in hidden parts of New York Harbor and the old Brooklyn Navy Yard in this second

novel in Edgar Award finalist Gabriel Cohen's acclaimed crime series *At a bed and breakfast* in upstate New York Brooklyn homicide detective Jack Leightner is doing his best to propose to his girlfriend When the hotel staff loses the engagement ring romance is put on hold and Leightner returns to Brooklyn to tangle once more with death A boy has been found floating by the Red Hook pier in a handmade coffin that suggests a burial at sea But when a second victim turns up Leightner senses a vile pattern The last time he worked Red Hook the old waterfront was a ghost town Now gentrification is reshaping the quiet cobblestoned streets with big box stores and condos being built where longshoremen once lived worked loved and died But even in this shiny new Brooklyn Leightner knows there are corners where darkness reigns *The Graving Dock* is the 2nd book in the Jack Leightner Crime Novels but you may enjoy reading the series in any order

The Truth about Crime Jean Comaroff, John L. Comaroff, 2016-12-05 In this book renowned anthropologists Jean and John L Comaroff make a startling but absolutely convincing claim about our modern era it is not by our arts our politics or our science that we understand ourselves it is by our crimes Surveying an astonishing range of forms of crime and policing from petty thefts to the multibillion dollar scams of too big to fail financial institutions to the collateral damage of war they take readers into the disorder of the late modern world Looking at recent transformations in the triangulation of capital the state and governance that have led to an era where crime and policing are ever more complicit they offer a powerful meditation on the new forms of sovereignty citizenship class race law and political economy of representation that have arisen To do so the Comaroffs draw on their vast knowledge of South Africa especially and its struggle to build a democracy founded on the rule of law out of the wreckage of long years of violence and oppression There they explore everything from the fascination with the supernatural in policing to the extreme measures people take to prevent home invasion drawing illuminating comparisons to the United States and United Kingdom Going beyond South Africa they offer a global criminal anthropology that attests to criminality as the constitutive fact of contemporary life the vernacular by which politics are conducted moral panics voiced and populations ruled The result is a disturbing but necessary portrait of the modern era one that asks critical new questions about how we see ourselves how we think about morality and how we are going to proceed as a global society

The Routledge Companion to Anthropology and Business Raza Mir, Anne-Laure Fayard, 2020-06-11 Interest in anthropology and ethnography has been an ongoing feature of organizational research and pedagogy this book provides a key reference text that pulls together the different ways in which anthropology infuses the study of organizations both epistemologically and methodologically The volume hosts key scholars and experts within the fields of Organizational Anthropology Organizational Ethnography Organizational Studies and Qualitative Research The book provides a combination of methodological guidelines exemplars and epistemological reflection It includes methodological viewpoints ethnographic journeys within organizations as well as beyond organizations and individual reflections on challenges faced by organizational ethnographers This book is aimed at PhD master and advanced undergraduate students and researchers across disciplines especially those who are

engaged with general management organizational behaviour strategy and anthropological ethnographic issues

Handbook of the Sociology of Morality Steven Hitlin, Stephen Vaisey, 2010-10-17 Human beings necessarily understand their social worlds in moral terms orienting their lives relationships and activities around socially produced notions of right and wrong Morality is sociologically understood as more than simply helping or harming others it encompasses any way that individuals form understandings of what behaviors are better than others what goals are most laudable and what proper people believe feel and do Morality involves the explicit and implicit sets of rules and shared understandings that keep human social groups intact Morality includes both the shoulds and should nots of human activity its proactive and inhibitive elements At one time sociologists were centrally concerned with morality issues like social cohesion values the goals and norms that structure society and the ways individuals get socialized to reproduce those concerns In the last half century however explicit interest in these topics has waned and modern sociology has become uninterested in these matters and morality has become marginalized within the discipline But a resurgence in the topic is happening in related disciplines psychology neurology philosophy and anthropology and in the wider national discourse Sociology has much to offer but is not fully engaged in this conversation Many scholars work on areas that would fall under the umbrella of a sociology of morality but do not self identify in such a manner nor orient their efforts toward conceptualizing what we know and should know along these dimensions The Handbook of the Sociology of Morality fills a niche within sociology making explicit the shared concerns of scholars across the disciplines as they relate to an often overlooked dimension of human social life It is unique in social science as it would be the first systematic compilation of the wider social structural cultural cross national organizational and interactional dimension of human moral understood broadly thought feeling and behavior

Great Detective Stories of the World Joseph Lewis French, 1929 *The Atlantic Monthly*, 2005 *The Retrieval of Liberalism in Policing* Luke William Hunt, 2019 Policing in liberal societies has become illiberal in light of its response to both internal and external threats to security The Retrieval of Liberalism in Policing provides an account of what it might mean to retrieve policing that is consistent with the limits imposed by the basic legal and philosophical tenets of liberalism Um... Michael Erard, 2007-08-21 Essential reading for talkers and listeners of all stripes An original entertaining and surprising book that investigates verbal blunders what they are what they say about those who make them and how and why we come to judge them An enjoyable tour of linguistic mishaps The New York Times Book Review Um is about how you really speak and why it's normal for your everyday speech to be filled with errors about one in every ten words In this charming engaging account of language in the wild linguist and writer Michael Erard also explains why our attention to some blunders rises and falls Where did the Freudian slip come from Why do we prize umlessness in speaking and should we And how do we explain the American presidents who are famous for their verbal stumbles **The World's Best One Hundred Detective Stories** R.T.M. Scott, 1929 *Criminal Justice Policy* Stacy L. Mallicoat, Christine L. Gardiner, 2013-10-15 Criminal Justice

Policy provides a thematic overview of criminal justice policy and its relationship to the American criminal justice system. Scholars, practitioners, and politicians continually debate the value of these policies in their evaluations of the current system. As the nature of this subject involves a host of issues including politics, public sentiment, research, and practice, the authors expertly highlight these concerns on criminal justice policy and address the implications for the overall system and society at large. This text is organized into three parts. Foundations of criminal justice policy focuses on the role of politics, best practices, and street-level bureaucracy in criminal justice policy. Criminal justice policy in action provides an analysis of fifteen different policy issues in criminal justice such as immigration, drugs, mental health, and capital punishment. Each section begins with a basic summary of the policy accompanied by a brief synopsis of the framing issues. This brief but informative summary draws students' attention to essential concepts and ideas, provides a roadmap for what they can expect to learn, and ensures continuity throughout the text. The text concludes with a discussion about the future directions of criminal justice policy.

Unveiling the Energy of Verbal Artistry: An Emotional Sojourn through **Street Stories The World Of Police Detectives**

In some sort of inundated with displays and the cacophony of instant interaction, the profound power and psychological resonance of verbal beauty frequently disappear into obscurity, eclipsed by the constant barrage of noise and distractions. However, located within the lyrical pages of **Street Stories The World Of Police Detectives**, a captivating function of literary splendor that pulses with natural thoughts, lies an unique journey waiting to be embarked upon. Penned by way of a virtuoso wordsmith, that exciting opus courses viewers on a mental odyssey, softly exposing the latent potential and profound impact embedded within the complicated web of language. Within the heart-wrenching expanse of the evocative analysis, we shall embark upon an introspective exploration of the book is central styles, dissect its interesting publishing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
