These include North America: Atlanta, Philadelphia, Portland, Toronto, Vancouver, Central and South America: Bogota, Buenos Aires, La Paz, Lima, Mexico City, Montevideo, Santiago, Salvador da Bahia, Asia: Bangkok, Dhaka, Penang, Africa: Accra, Abidjan, Bamako, Freetown, Mozambique and Europe: Amsterdam.

Women Empowerment and Well-Being for Inclusive Economic Growth Dixit, Shailja, Moid, Sana, 2020-11-06 As women become more outspoken regarding their right to equal pay, it has been noted that gender equality with women earning as much as men would enrich the global economy. These studies have shown that equal pay, equal hours and equal participation for women in the workforce could lead to a global wealth jump and potentially create knock-on benefits such as lower malnutrition and child mortality rates. Women Empowerment and Well-Being for Inclusive Economic Growth is a collection of innovative research that makes the case for understanding development in economic terms as well as in terms of well-being, empowerment and participation and uncovers the role of empowering women and achieving gender equality in sustainable development. Research work and cases related to participation of a women's labor force in the economic development of the country, the place of women in society, their contribution to the social development of their country and the problems faced by them are key features in the book. While highlighting topics including gender inequality, self-worth and industrial policy, this book is ideally designed for economic analysts, managers, policymakers, business professionals, government officials, entrepreneurs and business students.
