Barbara Saunders,1986      **Haunted Spaces in Twenty-First Century British Nature Writing** Anneke

Lubkowitz,2020-06-08 This study investigates the figure of haunting in the New Nature Writing It begins with a historical survey of nature writing and traces how it came to represent an ideal of natural space as empty of human history and social conflict Building on a theoretical framework which combines insights from ecocriticism and spatial theory the author explores the spatial dimensions of haunting and hauntology and shows how 21st century writers draw on a Gothic repertoire of seemingly supernatural occurrences and spectral imagery to portray natural space as disturbed uncanny and socially contested Iain Sinclair and Robert Macfarlane are revealed to apply psychogeography's interest in hidden histories and haunted places to spaces associated with wilderness and the countryside Kathleen Jamie's allusions to the Gothic are put in relation to her feminist re-writing of the outdoors and John Burnside's use of haunting is shown to dismantle fictions of the far north This book provides not only a discussion of a wide range of factual and fictional narratives of the present but also an analysis of the intertextual dialogue with the Romantic tradition which enfolds in these texts      **Robert Fergusson** Robert

Crawford,2009-01-18 No writer is more charismatic than Robert Burns Wonderfully readable The Bard catches Burns's energy brilliance and radicalism as never before To his international admirers he was a genius a hero a warm hearted friend yet to the mother of one of his lovers he was a wastrel to a fellow poet he was sprung from raking of dung and to his political enemies a traitor Drawing on a surprising number of untapped sources from rediscovered poetry by Burns to manuscript journals correspondence and oratory by his contemporaries this new biography presents the remarkable life loves and

struggles of the great poet Inspired by the American and French Revolutions and molded by the Scottish Enlightenment Burns was in several senses the first of the major Romantics With a poet s insight and a shrewd sense of human drama Robert Crawford outlines how Burns combined a childhood steeped in the peasant song culture of rural Scotland with a consummate linguistic artistry to become not only the world s most popular love poet but also the controversial master poet of modern democracy Written with accessible elan and nuanced attention to Burns s poems and letters *The Bard* is the story of an extraordinary man fighting to maintain a sly sense of integrity in the face of overwhelming pressures This incisive biography startlingly demonstrates why the life and work of Scotland s greatest poet still compel the attention of the world a quarter of a millennium after his birth *The Mystery at Dunvegan Castle* T.
