Streetwise The Bronx:

Streetwise The Bronx Streetwise Maps,2007-01-01 Streetwise for Book Smarts Celina Su,2011-02-23 In *Streetwise for Book Smarts* Celina Su examines the efforts of parents and students who sought to improve the quality of education in their local schools by working with grassroots organizations and taking matters into their own hands In these organizations everyday citizens pursued not only education reform but also democratic accountability and community empowerment These groups had similar resources and operated in the same political context yet their strategies and tactics were very different while some focused on increasing state and city aid to their schools others tried to change the way the schools themselves operated Some coalitions sought accommodation with administrators and legislators others did not The events Su describes began with a series of stabbings in Bronx high schools during the 2003 2004 school year After this rash of violence several grassroots groups cited the need for additional safety patrols Mothers from one school spoke of how they had previously protested until they got extra officers a fairly scarce resource in New York public schools at their local elementary school Others asserted that not all the safety patrol officers already in place were treating students humanely Parent organizations and school officials battled over who was to blame for the school violence Did a police presence solve the problem or did it exacerbate the schools violence prone conditions Members of different groups proposed and mobilized behind a range of remedies These divergent responses shed light on the ways in which the choices made by each organization mattered By learning from Su s close observation of four activist groups in the Bronx including Mothers on the Move and Sistas and Brothas United we can better understand strategies that may ultimately lead to better and safer schools everywhere and help to revitalize American democracy The Big Picture and the Adventures of Life Harvey Rothenstein,2007-06-21 The book contains short stories and poetry There are forty nine short stories and one hundred and twenty poems The poems are free verse and some metered There are numerous subjects from childhood to man hood There are Shakespearean sonnets Yeats octave Philosophical poetry Science Confessional Epitaph Satire Lyric Dramatic and Narrative Crown of Sonnets Imagism and many other genres The book discusses ethics love war and science In *The Big Picture and The Adventures of life* there is conflict then resolution Some stories are strictly from the imagination and others are written from experience There are submerged characters some heroic some tragic and some on the fringes of society Hispanic Americans in Congress, 1822-2012 Matthew Andrew Wasniewski,Albin Kowalewski,Laura Turner O'Hara,Terrance Rucker,2013 A compilation of historical essays and short biographies about 91 Hispanic Americans who served in Congress from 1822 to 2012 Provided by publisher **The Kingdom Began in Puerto Rico** Angel Garcia,2020-12-15 A story of how a priest struggled to live the call of the Second Vatican Council and worked alongside laypeople for social justice in the Bronx National Catholic Reporter South Bronx 1958 Change was coming It was a unique place and time in history where Father Neil Connolly found his true calling and spiritual awakening Set in the context of a changing world and a changing Catholic Church *The Kingdom Began*

in Puerto Rico follows Fr Neil Connolly's path through the South Bronx which began with a special Church program to address the postwar great Puerto Rican migration. After an immersion summer in Puerto Rico, Fr Neil served the largest concentration of Puerto Ricans in the Bronx from the 1960s to the 1980s as they struggled for a decent life. Through the teachings of Vatican II, Connolly assumed responsibility for creating a new Church and world in the war against drugs, poverty, and crime; he created a dynamic organization and chapel run by the people and supported Unitas, a unique peer-driven mental health program for youth. Frustrated by the lack of institutional responses to his community's challenges, he challenged government abandonment and spoke out against ill-conceived public plans. Ultimately, he realized that his priestly mission was in developing new leaders among people in the Church and the world and supporting two pioneering lay leadership programs: the Pastoral Center and People for Change. Angel Garcia ably blends the dynamic forces of Church and world that transformed Fr Connolly as he grew into his vocation. This book presents a rich history of the South Bronx and calls for all urban policies to begin with the people. It also affirms the continuing relevance of Vatican II and Medellín for today's Church and world in the US and Latin America. Garcia captures the spirit of the era and the spirit of the man. James Martin S.J., author of *Jesus A Pilgrimage*. **Hispanic Americans in Congress, 1822-2012** Matthew Andrew

Wasniewski, Albin Kowalewski, Laura Turner O'Hara, Terrance Rucker, 2012. A compilation of historical essays and short biographies about 91 Hispanic Americans who served in Congress from 1822 to 2012. Provided by publisher. **Brooklyn Bombshells - Part 2** Erica Hilton, 2019-04-23. Putting Out Fires. Charlie Brown, known in the streets as Red Charlie, has burned more bridges and started more fires than she can put out. Rehabilitation isn't high on her priority list, so when the smoke clears, she delves deeper into Brooklyn's underworld. Soon Red Charlie becomes a miracle worker for a notorious organization, and her rise to the top is swift. Still, she's lost the one thing she yearns for: respect. The streets whisper words like grimy and trifling behind her back, but not out of earshot. This ding in her reputation compels her to seek revenge on her baby sister and regain her street cred. The Puerto Rican Movement Andrés Torres, José Emiliano Velázquez, 1998. Little

attention has been paid to the Latino movements of the 1960s and 1970s in the literature of social movements. This volume is the first significant look at the organizations that emerged in the late 1960s to promote Puerto Rican independence and the radical transformation of U.S. society. The Puerto Rican movement was a response to U.S. colonialism on the island and to the poverty and discrimination faced by most Puerto Ricans on the mainland. This anthology looks at the organizations that emerged to combat these two problems in such places as Boston, Chicago, Hartford, New York, and Philadelphia. Almost all the contributors worked with the organizations they describe. Interviews with such key figures as Elizam Escobar, Piri Thomas, and Luis Fuentes, as well as accounts by people active in the gay, lesbian, African American, and white Left movements, create a vivid picture of why and how people became radicalized and how their ideals intersected with their group's own dynamics.

Cracks in the Pavement Martin Sanchez-Jankowski, 2008-09-02. Woven throughout with rich details of everyday life, this

original on the ground study of poor neighborhoods challenges much prevailing wisdom about urban poverty shedding new light on the people institutions and culture in these communities Over the course of nearly a decade Mart n S nchez Jankowski immersed himself in life in neighborhoods in New York and Los Angeles to investigate how social change and social preservation transpire among the urban poor Looking at five community mainstays the housing project the small grocery store the barbershop and the beauty salon the gang and the local high school he discovered how these institutions provide a sense of order continuity and stability in places often thought to be chaotic disorganized and disheartened His provocative and ground breaking study provides new data on urban poverty and also advances a new theory of how poor neighborhoods function illuminating the creativity and resilience that characterize the lives of those who experience the hardships associated with economic deprivation

Stop is a train ride into the heart of the Bronx during the late eighties and early nineties at the height of the crack epidemic a

tumultuous time when hip hop was born and money hungry slumlords were burning down apartment buildings with tenants still inside From one stop to the next this gritty memoir follows Ivan Sanchez and his crew on their search for identity and an escape from poverty in a stark world where street wars and all night symphonies of crime and drug fueled mayhem were as routine as the number 4 train In the game the difference between riches and ruin was either a bullet or a lucky turn away Almost driven insane by the poverty despair and senseless violence Ivan left it all behind and moved to Virginia but the grotesque images and voices of the dead continued to haunt him This book honors the memories of those who died At times heartbreakingly sad and brutal Next Stop shares with a whole new generation the insights and hard lessons Ivan learned
