The Hoods Heather Hamill, 2018-04-03 A distinctive feature of the conflict in Northern Ireland over the past forty years has been the way Catholic and Protestant paramilitaries have policed their own communities This has mainly involved the violent punishment of petty criminals involved in joyriding and other types of antisocial behavior Between 1973 and 2007 more than 5 000 nonmilitary shootings and assaults were attributed to paramilitaries punishing their own people But despite the risk of severe punishment young petty offenders known locally as hoods continue to offend creating a puzzle for the rational theory of criminal deterrence Why do hoods behave in ways that invite violent punishment In *The Hoods* Heather Hamill explains why this informal system of policing and punishment developed and endured and why such harsh punishments as beatings kneecappings and exile have not stopped hoods from offending Drawing on a variety of sources including interviews with perpetrators and victims of this violence the book argues that the hoods risky offending may amount to a game in which hoods gain prestige by displaying hard to fake signals of toughness to each other Violent physical punishment feeds into this signaling game increasing the hoods status by proving that they have committed serious offenses and can manfully take punishment yet remained undeterred A rare combination of frontline research and pioneering ideas *The Hoods* has important implications for our fundamental understanding of crime and punishment

Transnational Perspectives on Modern Irish History Niall Whelehan, 2014-10-03 This book explores the benefits and challenges of transnational history for the study of modern Ireland In recent years the word transnational has become more and more conspicuous in history writing across the globe with scholars seeking to move beyond national and local frameworks when investigating the past Yet transnational approaches remain rare in Irish historical scholarship This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland s past and present They also provide an important means of challenging ideas of Irish exceptionalism The chapters included here open up new perspectives on central debates and events in Irish history

They illuminate numerous transnational lives follow flows and ties across Irish borders and trace networks and links with Europe North America the Caribbean Australia and the British Empire This book provides specialists and students with examples of different concepts and ways of doing transnational history Non specialists will be interested in the new perspectives offered here on a rich variety of topics particularly the two major events in modern Irish history the Great Irish Famine and the 1916 Rising Facts and Figures on Poverty , **Poverty** Gay & Lesbian Equality Network,1995
