Stress And Policing Sources And Strategies:

Stress and Policing Jennifer M. Brown, Elizabeth A. Campbell, 1994-03-15 A critical assessment of available evidence on police stress featuring a detailed discussion of stress experiences of women homosexual and ethnic minority officers Examines the role of routine stressors and highlights stress problems associated with major trauma incidents Documents treatment for post traumatic stress disorder and pinpoints risk factors Includes a review of the latest research in Britain North America and Australia

Contemporary Issues in Law Enforcement and Policing Andrew Millie, Dilip K. Das, 2008-05-28 Rising terrorism and advances in technology along with new organizational strategies and investigative techniques have stretched the traditional role of the police officer Calls for strong intelligence driven paramilitary policing juxtaposed with a demand for softer community policing leave officers under increased pressure to be tough and

Stress in Policing Ronald J. Burke, 2016-07-01 Stress in policing remains a serious concern for individual officers their families their organizations and society at large As an editor of the Psychological and Behavioural Aspects of Risk series Ronald J Burke brings together the latest research findings and intervention strategies shown to be effective by an international group of experts The contributors comprise of a group of high profile researchers and writers who are experts in their respective fields This edited collection addresses such issues as The increased risk of international terrorism Racial profiling Police Culture Police integrity Police suicide Inadequate police training The work of police officers exposes them to sources of stress that increase several risks in terms of their psychological and physical health their family relationships physical injuries emotional trauma ambiguity about their roles in society Shift work and undercover work add additional burdens to officers and their families Police work also places risks on the communities in which officers serve in terms of officers being inadequately trained to deal with mentally ill citizens

Stress and the Police Officer Katherine W. Ellison, 2004 Good policing is not impossible The reactions that have been associated with stressors are not inevitable Many officers retire in good physical and emotional health and 100 back on their careers with pleasure In a situation where stressors have led to maladaptive behavior on the part of individuals or organizations change is called for Change must be constant as social conditions in the world around us vary The police represent a force for the order necessary for society to function It is not an easy job but it is one that is worth doing well

Stress Inside Police Departments Jon Shane, 2019-12-06 This book offers researchers police practitioners and policymakers a platform for organizational reform and an understanding of how the police organization creates stress which contributes to reduced officer performance This book based on an in depth study exploring the relationship between perceived organizational stressors and police performance indicates which features of the police organization generate the most stress affecting performance and provides a model of organizational stress that applies to police agencies While much stress research portrays the operation of policing as the greatest source of contention among officers this research shows the ever present rigid hierarchical design of the police agency to be contributing factor of stress

that affects performance Ideal for scholars police personnel and policymakers who are interested in how the police organization contributes to lower officer performance this book has implications for policing agencies in the United States and worldwide **Work and Health in India** Martin Hyde,Holendro Singh Chungkham,Laishram Ladusingh,2017-12-13

The rapid economic growth of the past few decades has radically transformed India s labour market bringing millions of former agricultural workers into manufacturing industries and more recently the expanding service industries such as call centres and IT companies Alongside this employment shift has come a change in health and health problems as communicable diseases have become less common while non communicable diseases like cardiovascular problems and mental health issues such as stress have increased This interdisciplinary work connects those two trends to offer an analysis of the impact of working conditions on the health of Indian workers that is unprecedented in scope and depth **The State of American Policing** David J. Thomas,2018-11-09 Written by a veteran police officer turned college professor this modern day study of American policing covers hot button issues including police use of deadly force against and bias toward minorities Grounded in research of historical and current events this text examines police practices and the psychological impact that those practices have on minority communities Author David J Thomas a retired police officer and associate professor of criminal justice looks at and beyond historical perspectives to address many of today s most controversial issues central to minority communities Topics covered include the repeated failure to convict officers for fatally shooting unarmed subjects the rise of heated debates between the Black Lives Matter and Blue Lives Matter movements the militarization of police agencies and police response to protests by NFL players The text also offers insight into the psychology of race police culture implicit bias and the decision to use deadly force Thomas additionally examines possible solutions to these problems College students researchers academics and readers interested in politics will find this work informative and thought provoking *Traumatic Stress in Police Officers* Douglas Paton,2009 The objective of this book is to demonstrate how adopting a career perspective can provide a more comprehensive conceptualization of traumatic stress processes as they apply to police officers and agencies and provide a framework that can be used to guide research and intervention agenda in ways that reflect the changes that can occur over the course of a police career that can span decades The book examines the nature and effectiveness of the police role in dealing with adverse events as they unfold within a career perspective It begins with pre employment experiences and their implications for operational well being and concludes with a discussion of the implications of a police career for disengagement or retirement from this role It draws upon empirical research to provide an evidence based approach to traumatic stress risk management and well being in contemporary policing Based on state of the art research the book provides a framework that police agencies can use to develop their officers and their organizations in ways that enhance their capability to confront an increasingly uncertain future in ways that maximize the interests of front line policing Areas of discussion include incorporation of police trauma into a life career course perspective changing context

and nature of police work recruitment selection and socialization in the context of critical incident and terrorist work changing gender balance training in uncertain times managing risk and vulnerability organizational context family dynamics inter and intraorganizational teams health and mental health consequences of long term exposure to hazards and disengagement and retirement The text will be of significant interest to police organizations and agencies whose officers face a high risk of experiencing disaster and traumatic stress law enforcement managerial and supervisory personnel human resource and health and safety professionals and mental health professionals and consultants The text will also be relevant to those researching traumatic stress disaster stress and emergency management as well as other protective services

Critical Perspectives on Police Leadership Davis, Claire, Silvestri, Marisa, 2020-03-11 In a critical analysis of conventional understanding leading authors Claire Davis and Marisa Silvestri present bold new conceptualisations of police leadership Drawing on empirical research in criminology sociology and leadership studies they present a thoughtful critique of the nature and practice of leadership in contemporary policing The book Critically explores the identities of leaders and their positions within wider organisational structures and processes Provides a critique of contemporary reform to police professionalisation training and education equalities and diversity by situating these developments within wider historical social and political context Draws on critical theory to offer an alternative challenging and novel interpretation of police leaders as not simply the result of individual experiences and attitudes but of the social institutional and historical processes of policing and the cultures that exist within it Points towards future directions and a reimagining of leadership in the police Accessible and stimulating this is an essential text for policing students and valuable reading for current leaders and those interested in policing criminology and leadership
