King Jr, 2019-01-31 The year is 1912 The world is reeling from the worldwide Great Depression which has left every nation on earth reeling financially During this time two camps of nations have risen to prominence The nations of America France England and Russia despite the economic collapses have managed to start to pull themselves out of the Great Depression On the other side is the UMN the United

Monster Nations comprised of Transylvania home of the vampires Luciansburg home of the werewolves or Lycans Covenia home of the Witches or Wiccans and Decemus home of the zombies or the walking dead Both groups of nations are weary of one another The UMN is ruled over with an iron hand by Grand Chancellor Alucard who has brought to an end the centuries long war between the monster races and has had the monster clans united in their hatred of mankind At the outset of our story the UMN has been on a military buildup for more than ten years now and is planning a massed military assault against the human nations listed above for control of the Earth Though they preach for peace with America this is just a clever ruse by Lord Alucard to buy his nations more time to prepare for war One can only imagine the horrors of a conventional war Gone are the days of lining up soldiers and having them simply walk into oncoming fire This is a new century with new ways of warfare A conventional war could mean the deaths of countless millions of lives both monster and human

The Icarus Syndrome Carl H. Builder, 2017-07-12 At the end of the Reagan era many in the U S Air Force began to express their concerns about the health of their institution They questioned whether the Air Force had lost its sense of direction its confidence its values even its future For some these concerns reflected nothing more than the maturation of the most youthful of America s military institutions For others it was a crisis of spirit that threatened the hard won independence of the Air Force Although the diagnoses for this malaise are as numerous as its symptoms The Icarus Syndrome points a finger at the abandonment of air power theory sometime in the late 1950s to early 1960s as the single taproot cause of the problems That provocative diagnosis is followed by an equally provocative prescription the Air Force must follow to regain its institutional health Author Carl H Builder begins with an overview of this crisis of values within the Air Force along with a litany of concerns about what seems to have gone wrong within that institution The history of the U S Air Force along with the role played in it by air power theory is explored and is used to support Builder s thesis The remainder of the book is an analysis of what went wrong and when how these wrongs might be corrected and the challenges for Air Force leadership in the future Now available in paperback The Icarus Syndrome will be of great interest to U S Air Force professionals military and aviation historians and institutional psychologists

Memories of a Lacerated Heart (1971) Major Iftikhar-Ud-Din Ahmad (Retired), 2017-03-30 Memories of a Lacerated Heart gives us a painful insight into one of the most brutal and historically under reported wars and its effects not just on the country but on the mind of a patriotic and unassuming army officer In 1947 the Indian subcontinent was split into two countries India and Pakistan East and West Pakistan were geographically separated by the larger nation of India and the country was ruled by martial law for the first 25 years after gaining independence The governing of the two wings of the country hundreds of miles apart was a logistical challenge and the cultural economic geographical and language differences became divisive East Pakistan had the larger population albeit in a smaller area but West Pakistan held the political and economic power East Pakistan secured the majority of seats in the 1970 elections but despite winning the majority vote it was deprived of the right to govern This lead to a bloody civil war that

later escalated into a conflict between Pakistan and India This is the memoir of one Pakistani Army officer who witnessed the events first hand and suffered as a consequence of being a patriotic young company commander who passionately wanted to prevent the break up of his country It is a formal collection of his diary entries documenting his experiences during the civil war the subsequent conflict with India and as a prisoner of war While still a war memoir it is also the raw and heartfelt account of a man separated by duty from his loved ones and ordered along with his young soldiers to fight a pointless war ruthlessly orchestrated by generals and politicians
