The Moment Of Truth Mystiques :

Truth & Pain Starring the Gangsters & Retards In... the Mystique-Cal Person-A of MC Cripple Crip DC.

Curtis,Bones Kendall,2009-11 The corner of Truth Avenue and Pain Street is Valley City s butt crack part of town Eight teenagers the Gangsters Carlos a Mexican American rapper in a lowrider wheelchair Bryan a basketball loving boy with Down syndrome Mad Girl a pregnant fourteen year old Latina with major anger issues Pho a humongous Vietnamese skateboarder tagger Janice a Jewish American princess with leg braces and crutches Dutch a less than smart white boy wigger and Learoy a totally hot sixteen year old African American girl In this episode convinced his failed attempts at breaking into the hip hop music scene are due to his Hispanic ethnicity Carlos pretends he s black to catch a music label s attention But when a record exec appears with a contract Carlos obviously doesn t have the right skin color and in the wink of an eye his falsified identity slips away from him The absurd world of Valley City serves as the backdrop as Carlos plays a cat and mouse game to regain both his persona and the seven friends swept into the mess he creates Cartoon realism misadventures ensue as this humorous novel of love lies power corruption and everyday existence makes you laugh and cry while possibly offending your sensibilities *Cosmic Mystique* Garon, Henry A.,2014-04-10 As our cosmos expands what new spiritual truths await our understanding and appreciation These reflections on the world around us explain the scientific principles at work and explore their meaning for Christians Garon reviews what he terms the worlds stuff as outward expressions of the inner life of God Line drawings and other illustrations demonstrate the scientific principles at work Sketches actual and textual of theologians such as G K Chesterton Karl Rahner and Pierre Teilhard de Chardin bring theological depth to scientific understanding The result is a sense of astonishment at the grandeur of Gods grace running through all creation **The Femme Mystique** Lesléa Newman,1995 A celebration of the sensuality and sexuality of lesbian femmes Mission Mystique Charles T. Goodsell,2011 In an era filled with mistrust for big government and big business Charles Goodsell goes against this grain to draw attention to public agencies admired for what they do and how well they do it In his groundbreaking new book Goodsell places renewed focus on organizational mission and its potential to be a strong energizing force in government one that animates a workforce internally and attracts admiration and talent externally He offers a normative template for the mystique that underlies this phenomenon and highlights in six rich case studies a driving sense of purpose a cultural and motivational richness and a capacity for tolerating dissent while still innovating and learning Analyzing what works best and what doesn t Goodsell provides a metric through which agency mystique can be evaluated and modeled Goodsell s fresh take on public agencies not only defines good public administration in terms of ethical conduct constitutional accountability and performance effectiveness but argues that the field must add the crucial standard of institutional vitality **Knowing and the Mystique of Logic and Rules** P. Naur,2013-03-14 Human knowing is examined as it emerges from classical empirical psychology with its ramifications into language computing science and scholarship

While the discussion takes empirical support from a wide range claims for the significance of logic and rules are challenged throughout Highlights of the discussion knowing is a matter of habits or dispositions that guide the person s stream of consciousness rules of language have no significance in language production and understanding being descriptions of linguistic styles statements that may be true or false enter into ordinary linguistic activity not as elements of messages but merely as summaries of situations with a view to action in computer programming the significance of logic proof and formalized description is incidental and subject to the programmer s personality analysis of computer modelling of the mental activity shows that in describing human knowing the computer is irrelevant in accounting for the scholarly scientific activity logic and rules are impotent a novel theory scholarship and science have coherent descriptions as their core The discussion addresses questions that are basic to advanced applications of computers and to students of language and science
