The Moonbirds:

Moonbirds Michelle Levigne, 2024-10-13 K reeth and her sister K rin were named for the moonbirds sister raptor birds who share parenting duties one the nurturer the other the hunter and defender Orphaned by catastrophe and adopted by the High Mistrada of the T bredi scholars they re teachers entrusted with all the gathered wisdom of the Ayanlak Their bond of sisterhood is tested when K reeth falls in love with the Wind Walker Talon The relationship is further strained when the new peace with the Colonist invaders includes a promise to send home all the children who have been rescued by and raised among the Ayanlak and K reeth is the first Her forced journey to be reunited with a family she doesn t even remember eventually takes both sisters across the continent and into the nest of political intrigue and contention that may tear their world apart on the very brink of peace and the fulfillment of ancient prophecy **The Peace Village** Michelle

Levigne, 2024-10-13 Rescuing K reeth from her kidnappers brought an epic storm down on their enemies but common sense said the Dominators were far from defeated Taron and K reeth had dreamed of a world where Ayanlak and Na huma colonists could live together in peace and acceptance Now that she was pregnant they needed to make that world a reality and soon or their child of two races might never be born Admiral Dorwen had a dream of a peace village where both groups of galactic refugees could learn from each other and learn to share their world which the Ayanlak had named Storm Shelter and the Na huma colonists had named Refuge As fall turned to winter volunteers gathered and shared ideas and traveled to the T bredi enclave where they would be safe from their enemies to prepare to start building in the spring Touching while meeting together in the Dream Plain had always been forbidden and the storm created when Taron rescued K reeth illustrated exactly why But that discovery sparked curiosity and K rin and other scholars delved into the archives to learn more about the Dream Plain who had learned how to use it and what else they could do in the realm of the mind If people could travel wide distances through the Dream Plain granted with devastating consequences what else could travel through it The discovery of ancient treasures stored in the Dream Plain unchanged by the centuries opened doors of speculation and possibilities and a chance to delve the secrets of the ancestors **Moonbird** Grania Davis, 1986-12-01 Journey to the exotic South Sea island of

Bali a magical land of dark jungles of ancient Gods and terrifying demons Madai lives on Bali and dreams of life beyond his island paradise Yet his wildest dream could not prepare him for the odyssey that lies ahead after he finds a moonstone amulet that introduces him to the spirit world **NFT: From Zero to Hero** Anndy Lian, From the beginning of 2020 everybody s talking about Web 3 0 and the metaverse where even Facebook changed its company s name to Meta The reason is simple the fundamental aspect is NFTs The digital age comes with its own lexicon a bewildering array of buzz words and acronyms designed to confuse as much as they are to inform Many new terms have found their way into our everyday vocabularies although the meanings often get confused and blurred You must be a person who is both curious about the world and has read many news articles about NFTs However I guess these articles were not able to answer all your questions

and you want to know how best to start your NFT journey Why would someone be willing to pay millions of dollars for a PFP profile picture What s the value behind it Many actors and singers have also released their own NFTs However the price quickly dropped by half after their launch What s going on Nike Adidas Gucci Herm s it seems that big companies globally are entering the NFT market but how do we differentiate those seriously deploying from those just trying to take a cut from the hype According to statistics in the first quarter of 2022 the transaction volume of NFTs reached 26 billion exceeding the whole of 2021 However another set of data tells you that the NFT market is down by 92% Who should we trust Is NFT the future or is it just a bubble We can see that the NFT market is on fire but it also comes with a lot of chaos This is the task I want to accomplish in this book I will help you to discover the essence of NFTs below the surface of hype and chaos as well as teach you how to master NFT step by step 8 000 copies of the book have already been sold on Bybit NFT Marketplace on 15 August 2022 With a total trading value of more than 186 000 currently Start from Zero to become an NFT Hero with my book Let s dive into the NFT world together **The Talon...The Adventure Begins** Michelle Levigne,2024-10-13 It s a time of turmoil in the Central Allied Worlds when the governor of Rensler his wife and eldest son are forced to attend a conference of colonial governors They leave the youngest son Edrian and the colony in the care of his grandfather the former governor The two begin a secret project by befriending the sentient nocturnal Nightskimmers As Edrian grows up and unrest intensifies he learns real heroes sometimes operate in secret His position as youngest brother of the next governor requires him to present a false face to the world against the day when he must strike out on behalf of the colonists if they re to keep their freedom When the expected revolution does erupt Edrian s father and grandfather are taken away accused of treachery His older brother flees to the wilderness to lead the rebels and Edrian and his mother become hostages Edrian hides behind his false reputation of being sickly and studious allowing him to move freely at night freeing prisoners and striking in defense of the colony Only a boy on the verge of manhood yet the Talon s reputation has already taken root The Saddle and the Sleuth Michelle Levigne,2011-08 On a remote colony world the daughter of the Talon the defender of the people takes over her father s mask and identity At the same time an investigator comes to the colony in search of the Set ri to stop them from hastening the disintegration of the galactic civilization Can the two work together for the sake of the future or will their necessary deceptions push them apart forever Slipping the Weave Michelle Levigne,2016-09-30 Khybors flee to Norbra for a safe place to raise their children far from enemies who want them declared non Humans or want to enslave or annihilate them entirely Like the selfish arrogant queen of legend for whom the planet is named Norbra has a reputation for destroying all life Elin and those who settle the planet believe no one else will want it They hope their enemies will leave them in peace while they wait for Norbra to do the hard work of destroying their troublesome race However Khybors are made to survive They make Norbra their home and use the dangers of the planet for their own defense Then as the generations go on they make a long range plan for survival aware that their enemies won t give up The only way for Khybors

to survive as a race is to withdraw so far away that the Set ri and other enemies will never find them and in time may even forget about them. Rorin Pace comes to Norbra to win Elin's heart to follow his dream of piloting one of their ships and to find a way to protect all Khybors. Kheeran's daughter reaches new dimensions as a pilot. Their son Banjer dives deeper within the computer world and discovers the vital element in the Khybors' long range plans of escape to the far reaches of space. Zeph, a Wrinkleship pilot, allies with the Khybors in building their fleet and brings them a damaged ship called the Nova Vendetta full of prisoners, pirates and a growing artificial intelligence. Errien, Kheeran's daughter, leads the pilots who search for new gateways to other universes. Meanwhile their enemies grow stronger and come closer and the countdown begins to the destruction of the Central Allied Worlds.

KHYBORS: In the Beginning Michelle Levigne, 2024-10-03

Before the Commonwealth existed, there was an expanding multi-galaxy civilization that disintegrated. This is the story of its downfall where colony worlds learned to survive by their own strength or were abandoned to die. Three novellas in one volume explore the birth of the Khybors, whose descendants will impact the Downfall, the rebirth of civilization, the return to the stars, and the Commonwealth far into the future.

Khrystalis Kerin was the youngest child of two powerful, intelligent, gifted research scientists. When the military interfered yet again in her father's research, the resulting lab explosion filled Kerin's body with experimental bio-crystal long before it was ready for human testing. She was changed. Bio-crystal was meant to aid the body in repairing itself when medical science was incapable. As it penetrated down to the genetic level, Kerin learned to change herself and to sense the world in totally new ways. When her gift reached out beyond her own biology, she stood poised between being the bearer of a great gift for humanity or a threat that would change the universe.

Ambush The twins Casta and Pol should never have been born, and there were many enemies who would still try to destroy them as they reached adulthood. Hidden away on a remote colony world with their uncle, they were allowed to explore all their potential, develop all the gifts they could imagine. That potential was put to good use when their home was attacked and their uncle was kidnapped by enemies intent on destroying first their world, then civilization. Their favorite game was called **Ambush**, and now the game had become reality. The enemy would never know what hit them. When the smoke had cleared, they had regained more than their uncle. Now what they were had a name: Khybors. Wing and Claw. Lor and Jae led the Khybors, training them to be the frontrunners of exploration teams, clearing alien worlds for colonization. They had learned young not to trust the powers that be when they spoke of peace and cooperation between the emerging groups of augmented Humans and the rest of the Human race. All the signs were there that the enemies who had been quiet, hiding in the shadows for generations, now were ready to emerge and attack once again. The time had come to reach for the stars for Khybors to flee to the furthest limits of explored and colonized space and find a world where they could live in peace and safety. First they had to rescue the people who dared to stand up for them and speak on their behalf before their voices were silenced permanently.

Gould's Book of Fish Richard Flanagan, 2014-09-23

Winner of the Commonwealth Prize, New York Times Book Review Notable Fiction.

Once upon a time when the earth was still young before the fish in the sea and all the living things on land began to be destroyed a man named William Buelow Gould was sentenced to life imprisonment at the most feared penal colony in the British Empire and there ordered to paint a book of fish He fell in love with the black mistress of the warder and discovered too late that to love is not safe he attempted to keep a record of the strange reality he saw in prison only to realize that history is not written by those who are ruled Acclaimed as a masterpiece around the world Gould's Book of Fish is at once a marvelously imagined epic of nineteenth century Australia and a contemporary fable a tale of horror and a celebration of love all transformed by a convict painter into pictures of fish

The Hero's Mask Michelle Levigne, 2024-10-13 The colony world of Rensler remains under occupation by enemy forces Erion Rensler governor and his father Elbarto the former governor are still prisoners their location unknown All that stands between the invaders and success are the Rensler brothers Eryk and Edrian Eryk leads the resistance fighters in the forests of Rensler Edrian stays under the watchful eye of the enemy playing a dangerous game of deception At night he sheds his pretense of being a sickly book head and becomes the Talon defender of the colony riding on a deadly Nightskimmer
