Ian Shapiro

The Moral Foundations Of Politics The Institution For Social And Policy St:

The Moral Foundations of Politics Ian Shapiro, 2012-10-30 When do governments merit our allegiance and when should they be denied it Ian Shapiro explores this most enduring of political dilemmas in this innovative and engaging book Building on his highly popular Yale courses Professor Shapiro evaluates the main contending accounts of the sources of political legitimacy Starting with theorists of the Enlightenment he examines the arguments put forward by utilitarians Marxists and theorists of the social contract Next he turns to the anti Enlightenment tradition that stretches from Edmund Burke to contemporary post modernists In the last part of the book Shapiro examines partisans and critics of democracy from Plato s time until our own He concludes with an assessment of democracy s strengths and limitations as the font of political legitimacy The book offers a lucid and accessible introduction to urgent ongoing conversations about the sources of political allegiance

The Moral Foundations of Politics Ian Shapiro, 2012-10-30 Oct 30 2012 Publication date from publisher s site <http://yalepress.yale.edu/yupbooks/book.asp?isbn=97803001854>

A Functional Theory of Government, Law, and Institutions

Kalu N. Kalu, 2019-07-12 This book examines the notion that while states may differ in terms of ideology economic system and institutional architecture their role as an organizing framework for system wide political action and international relations is contingent on a series of competing and oftentimes mutually exclusive factors This work clarifies factors that contribute to our understanding of the critical roles of systemic and sub systemic elements of society and how they reinforce the reciprocal problems of human and social organizations and the institutionalization processes that help to constrain them

Humanities ,1990

Depleting democracies Michael

Minkenberg, Zsuzsanna Végh, 2023-05-23 Depleting democracies provides an analysis of the radical right s interactions with mainstream parties and the effect they have on setting political agendas in sensitive areas such as minority policies and asylum regulations It asks to what extent the radical right has changed the quality of democracy in Eastern Europe does its electoral strength its capacity for political blackmail and its coalition potential actually translate into impact The book compares three groups of countries that are distinct in terms of the relevance of radical right parties Bulgaria and Slovakia Hungary Poland and Romania and the Czech Republic and Estonia It follows a mixed methods approach combining quantitative analysis of survey data with qualitative comparative analysis of archival material and other texts to determine the causal role radical right parties play in influencing parties policies and ultimately democratic quality in the seven countries Depleting democracies advances theory on radical right actors in the political process and contributes to empirical research across the region Its results are particularly relevant to the debate on democratic transformation and the effects of radical right parties

Democratization by Institutions Leslie E. Anderson, 2016-08-09 The case of Argentina demonstrates that formal government institutions can facilitate democratization

The Oxford Handbook of Social and Political Trust Eric M. Uslaner, 2018-01-02 This volume explores the foundations of trust and whether social and political trust have common

roots Contributions by noted scholars examine how we measure trust the cultural and social psychological roots of trust the foundations of political trust and how trust concerns the law the economy elections international relations corruption and cooperation among myriad societal factors The rich assortment of essays on these themes addresses questions such as How does national identity shape trust and how does trust form in developing countries and in new democracies Are minority groups less trusting than the dominant group in a society Do immigrants adapt to the trust levels of their host countries Does group interaction build trust Does the welfare state promote trust and in turn does trust lead to greater well being and to better health outcomes The Oxford Handbook of Social and Political Trust considers these and other questions of critical importance for current scholarly investigations of trust

Civic Freedom in an Age of Diversity Dimitrios Karmis, Jocelyn Maclure, 2023-02-15 James Tully is one of the world's most influential political philosophers at work today Over the past thirty years first with *Strange Multiplicity* 1995 and more fully with *Public Philosophy in a New Key* 2008 and *On Global Citizenship* 2014 Tully has developed a distinctive approach to the study of political philosophy democracy and active citizenship for a deeply diverse world and a de-imperializing age *Civic Freedom in an Age of Diversity* explores elucidates and questions Tully's innovative approach methods and concepts providing both a critical assessment of Tully's public philosophy and an exemplification of the dialogues of reciprocal elucidation that are central to Tully's approach Since the role of public philosophy is to address public affairs the contributors consider public philosophy in the context of pressing issues and recent civic struggles such as crises of democracy and citizenship in the Western world global citizenship civil disobedience and non-violence Indigenous self-determination nationalism and federalism in multinational states protest movements in Turkey and Quebec supranational belonging in the European Union struggles over equity in academia and environmental decontamination decolonization and cultural restoration in Akwesasne Offering a wide-ranging analytical discussion of Tully's work by leading scholars from various fields of study with an extensive reply by Tully himself *Civic Freedom in an Age of Diversity* provides a rich perspective on the full extent of his contribution

Conservative Criminology John Wright, Matt DeLisi, 2015-11-06 *Conservative Criminology* serves as an important counterpoint to virtually every other academic text on crime Hundreds of books have been written about crime and criminal justice policy from a variety of perspectives including Marxist liberal progressive feminist radical and post-modernist To date however no book has been written outlining a conservative perspective on crime and criminal justice policy Not a polemic against liberalism *Conservative Criminology* nonetheless focuses on how liberal ideology affects the study of crime and criminals and the policies that criminologists advocate Wright and DeLisi both senior scholars give a voice to a major political philosophy a philosophy often demonized by academics and to conservatives in the academic world In the end *Conservative Criminology* calls for an investment in intellectual diversity a respect for varying political philosophies and a renewed commitment to honesty in scholarship The authors encourage debate in the profession about the proper role of ideology in the academy and in public policies on crime

and justice Conservative Criminology is for the criminal justice professional and student It serves as a stimulating supplement to courses in criminology and criminal justice as well as a primary text for special issues or capstone courses This book supports the reader in recognizing ideological biases whatever they might be and in considering their own convictions

Embracing the Song of Appearance: An Psychological Symphony within **The Moral Foundations Of Politics The Institution For Social And Policy St**

In some sort of eaten by monitors and the ceaseless chatter of instant transmission, the melodic elegance and psychological symphony created by the prepared term usually disappear in to the background, eclipsed by the relentless sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **The Moral Foundations Of Politics The Institution For Social And Policy St** a stunning literary treasure filled with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that interesting masterpiece conducts viewers on a mental journey, well unraveling the hidden tunes and profound influence resonating within each cautiously crafted phrase. Within the depths with this emotional evaluation, we can discover the book is key harmonies, analyze their enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
