The Mormon Military Experience Sherman L. Fleek,Robert C. Freeman,2023-04-12 The Mormon military experience is unique in American history The Church of Jesus Christ of Latter day Saints LDS is the only denomination to field military units for its own support and purpose rather than national interests an effort which began in Missouri in 1838 and lasted through the Spanish American War of 1898 From World War I onward however the military exceptionalism of the LDS Church faded and Mormon soldiers came to serve national interests as loyal citizens alongside their fellow Americans The Mormon Military Experience 1838 to the Cold War is the first book to present a historical overview of the Mormon military experience Sherman Fleek and Robert Freeman tell this unique story of how the Church of Jesus Christ of Latter day Saints has experienced war and military service and of their teachings concerning participation in armed conflict The LDS Church s distinct relationship between religious life and military service is rooted in its adherence to the Book of Mormon and its unique doctrine based in ancient and then modern revelations from church leaders Religious and military exceptionalism went hand in hand during the nineteenth century when LDS Church leaders dictated when and how members would serve in armed conflict Mormon militiamen were often more loyal to church interests and the guidance of LDS leaders than they were to government policy from mustering of the Mormon Battalion during the Mexican War to orchestrating the armed effort during the Utah War of 1857 1858 to serving as Civil War volunteers in the West Similarly they followed Church leaders teachings not to serve in the Civil War s bloody campaigns in the East While LDS leaders adapted church practices and policies to support national objectives at times there were also occasions when Mormon militia units defied state and federal military forces sometimes to the point of open combat No other American denomination has done this This is a story about changing loyalties as the LDS Church transformed from a personalist religious movement on the edge of society to a mainstay of American religious and political life Mormons have moved from battling the US military to serving with

Utah Territory during the Civil War John Gary Maxwell contradicts the patriotic mythology of Mormon leaders version of this dark chapter in Utah history While the Civil War spread death tragedy and sorrow across the continent Utah Territory remained virtually untouched Although the Church of Jesus Christ of Latter day Saints and its faithful proudly praise the service of an 1862 Mormon cavalry company during the Civil War Maxwell s research exposes the relatively inconsequential contribution of these Nauvoo Legion soldiers Active for a mere ninety days they patrolled overland trails and telegraph lines Furthermore Maxwell finds indisputable evidence of Southern allegiance among Mormon leaders despite their claim of staunch long standing loyalty to the Union Men at the highest levels of Mormon hierarchy were in close personal contact with Confederate operatives In seeking sovereignty Maxwell contends the Saints engaged in blatant and treasonous conflict with Union authorities the California and Nevada Volunteers and federal policies repeatedly skirting open warfare with the U S government Collective memory of this consequential period in American history Maxwell argues has been ill served by a one sided perspective This engaging and long overdue reappraisal finally fills in the gaps telling the full story of the Civil War years in Utah Territory
