and arranged progressively from simple renditions such as picture book retellings through more advanced selections and readings where audio versions and simpler formatting support the reader and on to the most challenging reads. Author profiles and narrative as well as detailed descriptions of each title provide further insights into the story lines and features of the books while building a scaffold of reading experience and knowledge to help readers better understand the texts. For example the Mark Twain collection begins with a brief biographical sketch of the author followed by descriptions of two illustrated books about the author and two readers theatre skits based on his work. A collection of Twain's short stories is recommended next and then several illustrated versions of his novels and an illustrated edition of Twain's memoir *Life on the Mississippi* which is supported by an audiotape version. Each recommended title is rated as start here next read support here or challenging read and related reads and audio and video versions are listed when appropriate. The author also notes author and student favorites titles with exceptional illustrations and other features of interest. Focus is on authors and titles of the Western canon that are generally available in library collections. Because some of the titles cited are older editions this is a valuable collection development tool in libraries as well as an essential resource for readers advisors.
