Modern Law of Contracts: Breach and remedies Howard O. Hunter, 1986 The Modern Law of Contracts Bruce W. Frier, James J. White, 2012-01-01 This contracts casebook includes introductions that quickly orient students within unfamiliar territories Cases present both the doctrine applied and in some instances the shortcomings of that doctrine The authors express their disagreement about basic issues so that students can experience the range of possible in modern contract law To save time the authors avoid extensive citation of academic scholarship except as it pertains to the cases being studied Certain traditional subjects such as offer and acceptance and consideration are reduced to a minimum while more contemporary subjects such as form contracts and the modern concept of unconscionability are considered at length as is arbitration and the Supreme Court's historic decision in *AT T Mobility v Concepcion*

Modern Law of Contracts Howard O. Hunter, 1986 **A Treatise on the Modern Law of Contracts** Charles Fisk Beach (Jr.), 1896 *Contract Law in South Africa* Louis F. Van Huyssteen, Catherine J. Maxwell, 2019-08-05 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of the law of contracts in South Africa and Wales covers every aspect of the subject definition and classification of contracts contractual liability relation to the law of property good faith burden of proof defects penalty clauses arbitration clauses remedies in case of non performance damages power of attorney and much more Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology application and procedure from one legal system to another as well as the international aspects of contract law Throughout the book the

treatment emphasizes drafting considerations An introduction in which contracts are defined and contrasted to torts quasi contracts and property is followed by a discussion of the concepts of consideration or cause and other underlying principles of the formation of contract Subsequent chapters cover the doctrines of relative effect termination of contract and remedies for non performance The second part of the book recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it describes the nature of agency sale lease building contracts and other types of contract Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for business and legal professionals alike Lawyers representing parties with interests in South Africa will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative contract law
