The Most Evil Women In History:

The Most Evil Women in History Shelley Klein, 2003-08 A study of the manifestation of evil in 15 women spanning over 2000 years

The Most Maligned Women in History Samantha Morris, 2024-11-30 Examines the lives and legacies of historically vilified women questioning the truth behind accusations of witchcraft treason and murder Throughout history women from the lowliest of the working classes to the highest echelons of society have been accused of crimes ranging from witchcraft and vampirism to treason and mass murder Such accusations stuck particularly when it came to women who held power the names that we most associate with maligned women today include those that we will all have heard of The infamy of women such as Lucrezia Borgia and Elizabeth Bathory have come down to us throughout the centuries and even in the modern world many women are needlessly and falsely vilified But just how true were these accusations The Most Maligned Women in History takes a look at the lives of a number of women whose crimes have been seen as some of the most heinous just how true the rumors were and whether their reputations are deserved

Legends, Monsters, or Serial Murderers? Dirk C. Gibson, 2012-02-14 Covering figures ranging from Catherine Monvoisin to Vlad the Impaler and describing murders committed in ancient aristocracies to those attributed to vampires witches and werewolves this book documents the historic reality of serial murder The majority of serial murder studies support the consensus that serial murder is essentially an American crime a flawed assumption as the United States has existed for less than 250 years What is far more likely is that the perverse urge to repeatedly and intentionally kill has existed throughout human history and that a substantial percentage of serial murders throughout ancient times the middle ages and the pre modern era were attributed to imaginative surrogate explanations dragons demons vampires werewolves and witches

Legends Monsters or Serial Murderers The Real Story Behind an Ancient Crime dispels the interrelated misconceptions that serial murder is an American crime and a relatively recent phenomenon making the novel argument that serial murder is a historic reality an unrecognized fact in ancient times Noted serial murderers such as the Roman Locuta The Poisoner Gilles De Rais of France a prolific serial killer of children Andres Bichel of Bavaria and Chinese aristocratic serial killer T zu Hsi are spotlighted This book provides a unique perspective that integrates supernatural interpretations of serial killing with the history of true crime reanimating mythic entities of horror stories and presenting them as real criminals

The Most Evil Men and Women in History Miranda Twiss, 2002 Evil is a fact of life We can see it not only in the reigns of Stalin and Hitler but also in everyday crimes like murder rape and assault quite apart from the millions of lives brutalized by political or religious oppression poverty disease and starvation

Female Serial Killers Peter Vronsky, 2007-08-07 In this fascinating book Peter Vronsky exposes and investigates the phenomenon of women who kill and the political economic social and sexual implications buried with each victim How many of us are even remotely prepared to imagine our mothers daughters sisters or grandmothers as fiendish killers For centuries we have been conditioned to think of serial murderers and psychopathic predators as men with women

registering low on our paranoia radar Perhaps that's why so many trusting husbands lovers family friends and children have fallen prey to the female monster From history's earliest recorded cases of homicidal females to Irma Grese the Nazi Beast of Belsen from Britain's notorious child slayer Myra Hindley to Honeymoon Killer Martha Beck to the sensational cult of Aileen Wournos the first female serial killer as celebrity to cult killers homicidal missionaries and our pop culture fascination with the sexy femme fatale Vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity INCLUDES PHOTOGRAPHS The 3 most evil, savage and deceptive inventions in history: God, the Bible and organized religions Maximillien De Lafayette, 2016-05-22 Published by Times Square Press New York www.timessquarepress.com This book will change forever your perception of and belief in God the Bible and organized religions The arguments findings and conclusions are solely based upon the Old Testament Jewish Bible and what God Yahweh said about himself in the Bible word for word and what he did to children to the elderly to women and innocent helpless people and nations according to the Bible Old Testament and the Torah and how God Yahweh negatively influenced the nature structure and logic of the Holy Scriptures the Torah the Talmud and the Mishnah arguments and findings we are presenting to you without personal interpretation and free from biased and subjective analyses What you are about to read in this book is directly taken from the Bible Old Testament and word for word *Sadomasochism, Popular Culture and Revolt* Tom Pollard, 2019-07-03 *Sadomasochism Popular Culture and Revolt* A Pornography of Violence explores powerful connections between violent pornography and current gender wars generational conflicts political struggles and racial and ethnic unrest Long before these conflicts dominated headlines worldwide they become embedded and contextualized in popular culture Tracing the history of today's popular porn genres including torture porn revenge porn war porn and fascist porn Tom Pollard reveals a sadomasochistic trope of fictional and real sexual violence and sexual justice that had largely remained hidden and suppressed Today it has exploded into public awareness by mass movements like MeToo demanding justice for sexual assault victims This movement joins other recent social movements including Black Lives Matter and advocates of safety from gun violence which along with MeToo constitute a revolt of submissives no longer willing to endure unwanted violence This thoughtful examination of the history and content of violent pornography reveals portentous patterns and developing trends By examining pornography's violent content Pollard forces us to confront wider social and cultural violence *Sadomasochism Popular Culture and Revolt* will be of great interest to scholars of gay and lesbian studies and queer studies while being a vital text for undergraduate and graduate instructors of social movement studies in sociology political science American Studies and history Women Criminals Vickie Jensen, 2011-11-10 A unique two volume study that examines female crime and the women who commit it The two volume *Women Criminals An Encyclopedia of People and Issues* addresses both key topics and key figures in women's crime The first volume provides topical essays about areas critical to the understanding of female criminals such as the definition of women's crime explanations of women's criminality

ethnic and age diversity in female criminals and responses of the criminal justice system The second volume comprises biographical entries profiling women who are obviously criminals such as Aileen Wuornos and Myra Hindley and also women who were victims of circumstance unjust laws or narrowly applied definitions of crime such as Rosa Parks Harriet Tubman and Sophie Scholl In addition to highlighting the breadth of women s criminality these portraits provide a holistic multifaceted understanding of the dynamics of women s crime and why it occurs connecting the individual stories to the larger social scientific perspectives Care has been taken to include the women s own voices and perspectives where possible and to address the intentions and reasoning of the system that responded to their criminality

Illuminating the Dark Side: Evil, Women and the Feminine ,2020-09-25 Evil Women The Feminine The relationships that bring together these three ideas form the basis for the papers gathered together in this volume By asking how why when and to what purpose these three terms are often linked serves as the starting point of interrogation for each of the authors here considered

Valerie Solanas Breanne Fahs,2014-04-15 The authoritative biography of the 60s countercultural icon who wrote SCUM Manifesto shot Andy Warhol and made an unforgettable mark on feminist history Valerie Solanas is one of the most polarizing figures of 1960s counterculture A cult hero to some and vehemently denounced by others she has been dismissed but never forgotten Known for shooting Andy Warhol in 1968 and for writing the infamous SCUM Manifesto Solanas became one of the most famous women of her era But she was also diagnosed with paranoid schizophrenia and spent much of her life homeless or in mental hospitals Solanas s SCUM Manifesto a sui generis vision of radical gender dystopia predicted ATMs test tube babies the Internet and artificial insemination long before they existed It has sold more copies and been translated into more languages than nearly all other feminist texts of its time And yet shockingly little work has investigated the life of its author This book is the first biography about Solanas including original interviews with family friends and enemies and numerous living Warhol associates It reveals surprising details about Solanas s life the children nearly no one knew she had her drive for control over her own writing and her elusive personal and professional relationships Valerie Solanas reveals the tragic remarkable life of an iconic figure It is not only a remarkable biographical feat but also a delicate navigation of an unwieldy demanding and complex life story BOMB Magazine
