The Muzzled Muse Literature And Censorship In South Africa:

The Muzzled Muse Margreet de Lange, 1997-04-10 The long history of censorship is a parallel and equally powerful history of literature Censors bear witness to the power of the word even more forcefully than the writers and the readers they consider dangerous Index on Censorship 6 1996 A critical assessment of literature produced under censorship needs to take into account that the strategies of the censors are answered by strategies of the writers and the readers To recognize self censoring strategies in writing it is necessary to know the specific restrictions of the censorship regime in question In South Africa under apartheid all writers were confronted with the question of how to respond to the pressure of censorship This confrontation took a different form however depending on what group the writer belonged to and what language he she used By looking at white writers writing in Afrikaans and white and black writers writing in English this book gives the impact of censorship on South African literature a comparative examination which it has not received before The book considers works by J M Coetzee Nadine Gordimer Andr Brink and others less known to readers outside South Africa like Karel Schoeman Louis Kruger Christopher Hope Miriam Tlali and Mtutuzeli Matshoba It treats the censorship laws of the apartheid regime as well as in the final chapter the new law of the Mandela government which shows some surprising similarities to its predecessor Margreet de Lange teaches Comparative Literature at Utrecht University and coordinates the University's interdisciplinary program of South African Studies She received her Ph D from the Graduate Center of the City University of New York De Lange expertly sketches in the historical and literary backgrounds as she goes taking us right up to the recent unsatisfactory revision of the censorship laws making The Muzzled Muse a vitally important summary of literary censorship in South Africa and a handbook of what to guard against in the future Shaun de Waal Mail Guardian Sept 26 to October 1 1997

The Muzzled Muse Margreet de Lange, 1997 A critical assessment of literature produced under censorship needs to take into account that the strategies of the censors are answered by strategies of the writers and the readers To recognize self censoring strategies in writing it is necessary to know the specific restrictions of the censorship regime in question In South Africa under apartheid all writers were confronted with the question of how to respond to the pressure of censorship This confrontation took a different form however depending on what group the writer belonged to and what language he she used By looking at white writers writing in Afrikaans and white and black writers writing in English this book gives the impact of censorship on South African literature a comparative examination which it has not received before The book considers works by J M Coetzee Nadine Gordimer Andre Brink and others less known to readers outside South Africa like Karel Schoeman Louis Kruger Christopher Hope Miriam Tlali and Mtutuzeli Matshoba It treats the censorship laws of the apartheid regime as well as in the final chapter the new law of the Mandela government which shows some surprising similarities to its predecessor

Remembering the Holocaust in a Racial State Roni Mikel-Arieli, 2022-07-18 The lens of apartheid era Jewish commemorations of the Holocaust in South Africa reveals the fascinating transformation of a diasporic

community Through the prism of Holocaust memory this book examines South African Jewry and its ambivalent position as a minority within the privileged white minority Grounded in research in over a dozen archives the book provides a rich empirical account of the centrality of Holocaust memorialization to the community's ongoing struggle against global and local antisemitism Most of the chapters focus on white perceptions of the Holocaust and reveals the tensions between the white communities in the country regarding the place of collective memories of suffering in the public arena However the book also moves beyond an insular focus on the South African Jewish community and in very different modality investigates prominent figures in the anti apartheid struggle and the role of Holocaust memory in their fascinating journeys towards freedom

Rhetorics of Resistance Bryan Trabold, 2018-10-24 The period of apartheid was a perilous time in South Africa's history This book examines the tactics of resistance developed by those working for the Weekly Mail and New Nation two opposition newspapers published in South Africa in the mid and late 1980s The government in an attempt to crack down on the massive political resistance sweeping the country had imposed martial law and imposed even greater restrictions on the press Bryan Trabold examines the writing legal and political strategies developed by those working for these newspapers to challenge the censorship restrictions as much as possible without getting banned Despite the many steps taken by the government to silence them including detaining the editor of New Nation for two years and temporarily closing both newspapers the Weekly Mail and New Nation not only continued to publish but actually increased their circulations and obtained strong domestic and international support New Nation ceased publication in 1994 after South Africa made the transition to democracy but the Weekly Mail now the Mail Guardian continues to publish and remains one of South Africa's most respected newspapers

Literature and the Law in South Africa, 1910-2010 Ted Laros,2017-12-29 In 1994 artistic freedom pertaining inter alia to literature was enshrined in the South African Constitution Clearly the establishment of this right was long overdue compared to other nations within the Commonwealth Indeed the legal framework and practices regarding the regulation of literature that were introduced following the nation s transition to a non racial democracy seemed to form a decisive turning point in the history of South African censorship of literature This study employs a historical sociological point of view to describe how the nation s emerging literary field helped pave the way for the constitutional entrenchment of this right in 1994 On the basis of institutional and poetological analyses of all the legal trials concerning literature that were held in South Africa during the period 1910 2010 it describes how the battles fought in and around the courts between literary judicial and executive elites eventually led to a constitutional exceptio artis for literature As the South African judiciary displayed an ongoing orientation towards both English and American law in this period the analyses are firmly placed in the context of developments occurring concurrently in these two legal systems Historical Dictionary of South Africa Christopher Saunders,Peter

Limb,2020-12-15 As the most influential and powerful country on the entire continent of Africa an understanding of South Africa s past and its present trends is crucial in appreciating where South Africans are going to and from where they have come South Africa changed dramatically in 1994 when apartheid was dismantled and it became a democratic state Since 2000 when the previous edition appeared further big changes occurred with the rise of new political leaders and of a new black middle class There were also serious problems in governance in public health and the economy but with a remarkable popular resilience too This third edition of Historical Dictionary of South Africa contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about South Africa
