Sins Of Our Fathers Study In Victorian Pornography 2:

Bad Girls, Dirty Bodies Gemma Commene, 2020-10-15 What makes a woman bad is commonly linked to certain qualities or behaviours seen as morally or socially corrosive dirty and disgusting In *Bad Girls Dirty Bodies* Gemma Commene critically explores the social sexual and political significance of women who are labelled bad sluts or dirty Through a variety of case studies drawn from qualitative and original ethnographic research she argues that *Bad Girls* disrupt heterosexual normativity and contribute new embodied knowledge From neo burlesque sex positive and queer performance art to explicit entertainment and areas of popular culture Commene situates bad women as sites of power possibility and success Through the combination of case studies Ms T Empress Stah and RubberDoll Mouse and Doris La Trine Gemma Commene offers a challenge to those who think that sexual slutty bad and dirty women are not worth listening to Significantly she unpicks the issues generated by women who are complicit in the subjugation policing and marginalization of other women both in popular culture and in sites of subcultural resistance

Spectacular Wickedness Emily Epstein Landau, 2013-01-14 From 1897 to 1917 the red light district of Storyville commercialized and even thrived on New Orleans's longstanding reputation for sin and sexual excess This notorious neighborhood located just outside of the French Quarter hosted a diverse cast of characters who reflected the cultural milieu and complex social structure of turn of the century New Orleans a city infamous for both prostitution and interracial intimacy In particular Lulu White a mixed race prostitute and madam created an image of herself and marketed it profitably to sell sex with light skinned women to white men of means In *Spectacular Wickedness* Emily Epstein Landau examines the social history of this famed district within the cultural context of developing racial sexual and gender ideologies and practices Storyville's founding was envisioned as a reform measure an effort by the city's business elite to curb and contain prostitution namely to segregate it In 1890 the Louisiana legislature passed the Separate Car Act which when challenged by New Orleans's Creoles of color led to the landmark *Plessy v Ferguson* decision in 1896 constitutionally sanctioning the enactment of separate but equal laws The concurrent partitioning of both prostitutes and blacks worked only to reinforce Storyville's libidinous license and turned sex across the color line into a more lucrative commodity By looking at prostitution through the lens of patriarchy and demonstrating how gendered racial ideologies proved crucial to the remaking of southern society in the aftermath of the Civil War Landau reveals how Storyville's salacious and eccentric subculture played a significant role in the way New Orleans constructed itself during the New South era
