**The National Register of Historic Places, 1976** ,1976 [Selling Your Father's Bones](#) Brian Schofield, 2009-02-03 Part historical narrative part travelogue and part environmental plea Selling Your Father's Bones recounts one of the most astonishing journeys in the history of the American West The year 1877 bore witness to a broken promise Joseph chief of the peaceable Nez Perce band who made their home in Oregon's Wallowa Valley had long sworn to uphold the dying words of his father This country holds your father's body Never sell the bones of your mother and your father Yet as the U S government confined the tribe to ever smaller reservations in favor of miners and ranchers in their westward sprawl the fateful decision of several young Nez Perce warriors to attack the settlers set in motion an exodus from Joseph's ancestral home For the next eleven weeks seven hundred Nez Perce men women and children traveled 1 700 miles across inhospitable wilderness engaging the chasing army in six battles and many more skirmishes as they drove on in search of peace and freedom Just forty miles from the Canadian border the tribe survived a calamitous five day siege until Joseph could no longer bear his people's suffering and surrendered It is said that when he died in 1904 the cause was a broken heart Populated with the heroes and villains of a classic conflict Selling Your Father's Bones intercuts the Nez Perce's fight for survival with the author's own travels across this very same terrain the mountains forests badlands and prairies of modern day Oregon Idaho Wyoming and Montana The imposing Bitterroot Mountains the Lolo Pass then and now among the toughest mountain crossings on the North American continent and the great Montana buffalo plains retain their majesty Yet as Schofield reveals ecological vandalism unthinking corporate policies and dubious political leadership have wrought scarred landscapes battered communities and toxic environments whose realities must be borne by the living descendants of both the Nez Perce warriors and the European settlers As Schofield walks among the people who now occupy these sacred lands he sees in the

causes famine disease and overcrowding we may see more outbreaks of cannibalism in many more species including our own Cannibalism places a perfectly natural occurrence into a vital new context and invites us to explore why it both enthralls and repels us

**Religion in the Lands That Became America** Thomas A. Tweed, 2025-05-13 A sweeping retelling of American religious history showing how religion has enhanced and hindered human flourishing from the Ice Age to the Information Age Until now the standard narrative of American religious history has begun with English settlers in Jamestown or Plymouth and remained predominantly Protestant and Atlantic Driven by his strong sense of the historical and moral shortcomings of the usual story Thomas A Tweed offers a very different narrative in this ambitious new history He begins the story much earlier 11 000 years ago at a rock shelter in present day Texas and follows Indigenous Peoples African Americans transnational migrants and people of many faiths as they transform the landscape and confront the big lifeway transitions from foraging to farming and from factories to fiber optics Setting aside the familiar narrative themes he highlights sustainability showing how religion both promoted and inhibited individual communal and environmental flourishing during

three sustainability crises the medieval Cornfield Crisis which destabilized Indigenous ceremonial centers the Colonial Crisis which began with the displacement of Indigenous Peoples and the enslavement of Africans and the Industrial Crisis which brought social inequity and environmental degradation The unresolved Colonial and Industrial Crises continue to haunt the nation Tweed suggests but he recovers historical sources of hope as he retells the rich story of America's religious past
