Slave Hunt:

No Slave-hunting in the Old Bay State Wendell Phillips, 1859 Master Slave Husband Wife Ilyon Woo, 2024-01-16
Presents the remarkable true story of Ellen and William Craft who escaped slavery through daring determination and disguise with Ellen passing as a wealthy disabled white man and William posing as his slave Slave Patrols Sally E. Hadden, 2003-10-30 Obscured from our view of slaves and masters in America is a critical third party the state with its coercive power This book completes the grim picture of slavery by showing us the origins the nature and the extent of slave patrols in Virginia and the Carolinas from the late seventeenth century through the end of the Civil War Here we see how the patrols formed by county courts and state militias were the closest enforcers of codes governing slaves throughout the South Mining a variety of sources Sally Hadden presents the views of both patrollers and slaves as she depicts the patrols composed of respectable members of society as well as poor whites often mounted and armed with whips and guns exerting a brutal and archaic brand of racial control inextricably linked to post Civil War vigilantism and the Ku Klux Klan City councils also used patrollers before the war and police forces afterward to impose their version of race relations across the South making the entire region not just plantations an armed camp where slave workers were controlled through terror and brutality *Slave Hunt* J. Dix, Peter Templeton, 2019-11-12 Violence from Slavery to BlackLivesMatter brings together perspectives on violence and its representation in African American history from slavery to the present moment Contributors explore how violence signifying both an instrument of the white majority's power and a modality of black resistance has been understood and articulated in primary materials that range from slave narrative through lynching plays and Richard Wright's fiction to contemporary activist poetry and from photography of African American suffering through Blaxploitation cinema and Spike Lee's films to rap lyrics and performances Diverse both in their period coverage and their choice of medium for discussion the 11 essays are unified by a shared concern to unpack violence's multiple meanings for black America Underlying the collection too is not only the desire to memorialize past moments of black American suffering and resistance but in politically timely fashion to explore their connections to our current conjuncture
