Staging the Amistad Charlie Haffner, Yulisa Amadu Maddy, Raymond E. D. de'Souza George, 2019-05-28 Staging the Amistad collects in print for the first time plays about the Amistad slave revolt by three of Sierra Leone's most influential playwrights of the latter decades of the twentieth century Charlie Haffner Yulisa Amadu Pat Maddy and Raymond E D de Souza George Until the late 1980s when the first of these plays was performed the 1839 shipboard slave rebellion and the return of its victors to their homes in what is modern day Sierra Leone had been an unrecognized chapter in the country's history The plays recast the tale of heroism survival and resistance to tyranny as a distinctly Sierr Leonean story emphasizing the agency of its African

protagonists For this reason Haffner Maddy and de Souza George counterbalance the better known American representations of the rebellion which center on American characters and American political and cultural concerns The first public performances of these plays constituted a watershed moment Written and staged immediately before and after the start of Sierra Leone s decade long conflict they brought the Amistad rebellion to public consciousness Furthermore their turn to a uniquely Sierra Leonean history of heroic resistance to tyranny highlights the persistent faith in nation state nationalism and the dreams of decolonization

background in the study of African literatures **Slavery and Silence** Paul D. Naish, 2017-06-30 In the thirty five years before the Civil War it became increasingly difficult for Americans outside the world of politics to have frank and open discussions about the institution of slavery as divisive sectionalism and heated ideological rhetoric circumscribed public debate To talk about slavery was to explore or deny its obvious shortcomings its inhumanity its contradictions To celebrate it required explaining away the nation's proclaimed belief in equality and its public promise of rights for all while to condemn it was to insult people who might be related by ties of blood friendship or business and perhaps even to threaten the very economy and political stability of the nation For this reason Paul D Naish argues Americans displaced their most provocative criticisms and darkest fears about the institution onto Latin America Naish bolsters this seemingly counterintuitive argument with a compelling focus on realms of public expression that have drawn sparse attention in previous scholarship on this era In novels diaries correspondence and scientific writings he contends the heat and bluster of the political arena was muted and discussions of slavery staged in these venues often turned their attention south of the Rio Grande At once familiar and foreign Cuba Brazil Haiti and the independent republics of Spanish America provided rhetorical landscapes about which everyday citizens could speak through both outright comparisons or implicit metaphors what might otherwise be unsayable when talking about slavery at home At a time of ominous sectional fracture Americans of many persuasions Northerners and Southerners Whigs and Democrats scholars secure in their libraries and settlers vulnerable on the Mexican frontier found unity in their disparagement of Latin America This displacement of anxiety helped create a superficial feeling of nationalism as the country careened toward disunity of the most violent politically charged and consequential sort Critical Dimensions of African Studies Jennifer L. De Maio, Suzanne Scheld, Tom Spencer-Walters, 2023-09-12 This book brings together top researchers thinkers and activists from across disciplines to reflect on the study of Africa Critical Dimensions of African Studies Re Membering Africa emphasizes a critique of power structures the promotion of human liberation a commitment to social justice and transformation and critical reflection on the politics of the production and circulation of knowledge of Africa The editors Jennifer De Maio Suzanne Scheld and Tom Spencer Walters organize the book around three related key themes international transnational humanistic and combined critical theory and practice perspectives They argue that each theme represents an important dimension of contemporary African and African diaspora studies and re centering these themes within the discipline will help to advance the field The diverse contributors capture the goal and method for re membering Africa by reflecting and defining the field from various disciplines in order to consider the history the critical debates and the challenges to current views of the status and future direction of African studies **Freedom from Liberation** Gerard Aching, 2015-08-07 Delves into the life and work of Juan Francisco Manzano the enslaved Cuban poet and author of Spanish America's only known slave narrative Valuable Choice By exploring the complexities of enslavement in the autobiography of Cuban slave poet Juan Francisco Manzano 1797 1854 Gerard Aching complicates the universally recognized

assumption that a slave's foremost desire is to be freed from bondage. As the only slave narrative in Spanish that has surfaced to date, Manzano's autobiography details the daily grind of the vast majority of slaves who sought relief from the burden of living under slavery. Aching combines historical narrative and literary criticism to take the reader beyond Manzano's text to examine the motivations behind anticolonial and antislavery activism in pre-revolution Cuba when Cuba's Creole bourgeoisie sought their own form of freedom from the colonial arm of Spain.

Rethinking the Haitian Revolution Alex

Dupuy, 2019-03-18 In this important book, leading scholar Alex Dupuy provides a critical reinterpretation of the Haitian Revolution and its aftermath. Dupuy evaluates the French colonial context of Saint Domingue and then Haiti, the achievements and limitations of the revolution, and the divisions in the Haitian ruling class that blocked meaningful economic and political development. He reconsiders the link between slavery and modern capitalism, refutes the argument that Hegel derived his master-slave dialectic from the Haitian Revolution, analyzes the consequences of new class and color divisions after independence, and convincingly explains why Haiti chose to pay an indemnity to France in return for its recognition of Haiti's independence. In his sophisticated analysis of race, class, and slavery, Dupuy provides a robust theoretical framework for conceptualizing and understanding these major themes.

Cuba's Racial Crucible Karen Y. Morrison, 2015-05-26 This prize-winning study examines the historical interplay of racial identity, nationality, and family formation in Cuba from the 18th century to today. Since the 19th century, there have been two opposing perspectives on Cuban racial identity: one that frames Cubans as white and one that sees them as racially mixed based on acceptance of African descent. For the past two centuries, these competing views have remained in continuous tension while Cuban women and men make their own racially oriented decisions about choosing partners and family formation. *Cuba's Racial Crucible* explores the historical dynamics of Cuban race relations by highlighting the role race has played in reproductive practices and genealogical memories associated with family formation. Karen Y. Morrison reads archival, oral history, and literary sources to demonstrate the ideological centrality and inseparability of race, nation, and family in definitions of Cuban identity. Morrison also analyzes the conditions that supported the social advance and decline of notions of white racial superiority, nationalist projections of racial hybridity, and pride in African descent. Winner NECLAS Marissa Navarro Best Book Prize.

Africa Writes Back to Self Evan M.

Mwangi, 2010-07-02 The profound effects of colonialism and its legacies on African cultures have led postcolonial scholars of recent African literature to characterize contemporary African novels as first and foremost responses to colonial domination by the West. In *Africa Writes Back to Self*, Evan Maina Mwangi argues instead that the novels are primarily engaged in conversation with each other, particularly over emergent gender issues such as the representation of homosexuality and the disenfranchisement of women by male-dominated governments. He covers the work of canonical novelists Nadine Gordimer, Chinua Achebe, Ngũgĩ wa Thiong'o, and J. M. Coetzee, as well as popular writers such as Grace Ogot, David Maillu, Promise Okeke, and Rebeka Njau. Mwangi examines the novels' self-reflexive fictional strategies and their potential to refigure the

dynamics of gender and sexuality in Africa and demote the West as the reference point for cultures of the Global South
