What Lies Beyond the Stars Michael Goorjian, 2016-10-25 Something in me knows of a life I was meant to live but for whatever reason I have not Words that ring painfully true for Adam Sheppard a San Francisco programmer who has spent the vast majority of his 30 something years lost in the dim glow of a computer screen On the verge of a psychotic break Adam begins to have a recurring dream of his early childhood and the hauntingly rustic town of Mendocino California where he grew up Convinced he has left something behind there something vital to his present sanity Adam walks away from his current life to figure out what that is One evening out on the cliffs overlooking the Pacific Ocean Adam has a chance encounter with a mysterious woman only to later realize that she may be a long forgotten childhood friend The coincidence of their reunion only deepens as Adam discovers that the woman has also returned to Mendocino due to a recurring dream eerily similar to his own Lost soulmates drawn together through time and space or perhaps their meeting is only the beginning of a much deeper mystery
