The Atlantic World and Virginia, 1550-1624 Peter C. Mancall, 2018-01-15 In response to the global turn in scholarship on colonial and early modern history the eighteen essays in this volume provide a fresh and much needed perspective on the wider context of the encounter between the inhabitants of precolonial Virginia and the English This collection offers an interdisciplinary consideration of developments in Native America Europe Africa the Caribbean and the Chesapeake highlighting the mosaic of regions and influences that formed the context and impetus for the English settlement at Jamestown in 1607 The volume

reflects an understanding of Jamestown not as the birthplace of democracy in America but as the creation of a European outpost in a neighborhood that included Africans Native Americans and other Europeans With contributions from both prominent and rising scholars this volume offers far ranging and compelling studies of peoples texts places and conditions that influenced the making of New World societies As Jamestown marks its four hundredth anniversary this collection provides provocative material for teaching and launching new research Contributors Philip P Boucher University of Alabama Huntsville Peter Cook Nipissing University J H Elliott University of Oxford Andrew Fitzmaurice University of Sydney Joseph Hall Bates College Linda Heywood Boston University James Horn Colonial Williamsburg Foundation E Ann McDougall University of Alberta Peter C Mancall University of Southern California Philip D Morgan Johns Hopkins University David Northrup Boston College Marcy Norton The George Washington University James D Rice State University of New York Plattsburgh Daniel K Richter University of Pennsylvania David Harris Sacks Reed College Benjamin Schmidt University of Washington Stuart B Schwartz Yale University David S Shields University of South Carolina Daviken Studnicki Gizbert McGill University James H Sweet University of Wisconsin Madison John Thornton Boston University

Restoring the First-century Church in the Twenty-first Century Warren Lewis, Hans Rollmann, 2005-10-15

Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little

recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor *Studies in the History and Culture of World Christianities* **Bulletin** English Association, London, 1917 Robert Bridges Lee Templin Hamilton, 1991 Robert Bridges poet laureate of England from 1913 to 1930 is an important cultural link between the Victorian Age and the modern period This bibliography updates and expands George McKay's *A Bibliography of Robert Bridges* 1933 and is the first gathering of reviews articles essays books and other scholarly notes about Bridges

Renaissance Culture and the Everyday Patricia Fumerton, Simon Hunt, 2014-06-10 It was not unusual during the Renaissance for cooks to torture animals before slaughtering them in order to render the meat more tender for women to use needlepoint to cover up their misconduct and prove their obedience and for people to cover the walls of their own homes with graffiti Items and activities as familiar as mirrors books horses everyday speech money laundry baskets graffiti embroidery and food preparation look decidedly less familiar when seen through the eyes of Renaissance men and women In *Renaissance Culture and the Everyday* such scholars as Judith Brown Frances Dolan Richard Helgerson Debora Shuger Don Wayne and Stephanie Jed illuminate the sometimes surprising issues at stake in just such common matters of everyday life during the Renaissance in England and on the Continent Organized around the categories of materiality women and transgression and constantly crossing these categories the book promotes and challenges readers thinking of the everyday While not ignoring the aristocratic it foregrounds the common person the marginal and the domestic even as it presents the unusual details of their existence What results is an expansive variegated and sometimes even contradictory vision in which the strange becomes not alien but a defining mark of everyday life **Contemporary Southern Men Fiction Writers**

Rosemary M. Canfield Reisman, Suzanne Booker-Canfield, 1998 This carefully annotated bibliography lists sources of criticism for thirty nine Southern male authors each of whom has published at least one significant book of fiction between 1970 and 1994

The Outlook, 1922 **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1904 **Machiavellian Encounters in Tudor and Stuart England** Alessandro Arienzo, 2016-05-13 Taking into

consideration the political and literary issues hanging upon the circulation of Machiavelli's works in England this volume highlights how topics and ideas stemming from Machiavelli's books including but not limited to the Prince strongly influenced the contemporary political debate The first section discusses early reactions to Machiavelli's works focusing on authors such as Reginald Pole and William Thomas depicting their complex interaction with Machiavelli In section two different features of Machiavelli's reading in Tudor literary and political culture are discussed moving well beyond the

traditional image of the tyrant or of the evil Machiavel Machiavelli s historiography and republicanism and their influences on Tudor culture are discussed with reference to topical authors such as Walter Raleigh Alberico Gentili Philip Sidney his role in contemporary dramatic writing especially as concerns Christopher Marlowe and William Shakespeare is taken into consideration The last section explores Machiavelli s influence on English political culture in the seventeenth century focusing on reason of state and political prudence and discussing writers such as Henry Parker Marchamont Nedham James Harrington Thomas Hobbes and Anthony Ascham Overall contributors put Machiavelli s image in sixteenth and seventeenth century England into perspective analyzing his role within courtly and prudential politics and the importance of his ideological proposal in the tradition of republicanism and parliamentarianism John Milton David Hawkes,2011-01-01 John Milton poet polemicist public servant and author of one of the greatest masterpieces in English literature Paradise Lost is revered today as a great writer and a proponent of free speech In his time however his ideas far exceeded the orthodoxy of English life spurred by his conscience and an iron grip on logic Milton was uncompromising in his beliefs at a time of great religious and political flux in England In John Milton David Hawkes expertly interweaves details from Milton s public and private life providing new insight into the man and his prophetic stance on politics and the social order By including a broad range of Milton s iconoclastic views on issues as diverse as politics economics and sex Hawkes suggests that Milton s approach to market capitalism political violence and religious terrorism continues to be applicable even in the 21st century This insightful biography closely examines Milton s participation in the English civil war and his startlingly modern ideas about capitalism love and marriage reminding us that human liberty and autonomy should never be taken for granted
