Biblical Creation Stories Mark G. Boyer, 2025-07-31 The Bible has multiple creation accounts Most people know or have heard of the one which took six days but they are not familiar with the rest Biblical creation stories are plural because they are hypothetical inventions by various biblical authors The simple fact of the matter is that there was no one present when creation occurred Thus with no firsthand experience various biblical authors each with his own biases and politics wrote one Biblical creation stories are about the act of God creating and the product of that creation While it is not exhaustive this book explores the many biblical creation stories and invites readers to use them to nourish their spirituality Spirituality is the experience of the human spirit connecting to the divine Spirit or vice versa Through reading the plurality of biblical texts about creation through reflections on creation accounts through praying a part of a psalm through meditating on a question designed to lead the reader into deeper reflection based on one's personal life and through journaling to record insights a reader can nourish his or her spirituality Insights can be gained that strengthen the Spirit spirit connection

Jesus in a World of Colliding Empires, Volume One: Introduction and Mark 1:1-8:29 Mark J. Keown,2018-03-20 At the time of Christ world politics was an ebb and flow of colliding empires and forces The world knew only dynastic succession and rule by force Israel was swept up in this world Her expectations of deliverance while diverse had in common the anticipation of violent liberation by an alliance of God the expected one Theo and Israel s forces Her vision included the subjugation of the world to Yahweh Any messianic claimant would be expected to fulfill this hope Mark s story of Jesus must be read against such expectations of military power Mark knows that Jesus plan of salvation differed radically from this Rather than liberation through revolution it involved deliverance through humble loving service and cross bearing However the disciples follow Jesus but do not understand Jesus purpose They constantly expect war So the Gospel is then read from Mark s full understanding and the disciples flawed perspective In volume two of Jesus in a World of Colliding Empires Keown continues to unpack Mark s Gospel 8 30 16 8 in which Jesus teaches the disciples what it means to be a Servant Messiah rather than a military conqueror The then draws a range of conclusions and applications from Mark for life today
