Situation And The Story The Art Of Personal Narrative:

The Situation and the Story Vivian Gornick, 2002-10-11 A guide to the art of personal writing by the author of *Fierce Attachments* and *The End of the Novel of Love* All narrative writing must pull from the raw material of life a tale that will shape experience transform event deliver a bit of wisdom In a story or a novel the I who tells this tale can be and often is an unreliable narrator but in nonfiction the reader must always be persuaded that the narrator is speaking truth How does one pull from one's own boring agitated self the truth speaker who will tell the story a personal narrative needs to tell That is the question *The Situation and the Story* asks and answers Taking us on a reading tour of some of the best memoirs and essays of the past hundred years Gornick traces the changing idea of self that has dominated the century and demonstrates the enduring truth speaker to be found in the work of writers as diverse as Edmund Gosse Joan Didion Oscar Wilde James Baldwin or Marguerite Duras This book which grew out of fifteen years teaching in MFA programs is itself a model of the lucid intelligence that has made Gornick one of our most admired writers of nonfiction In it she teaches us to write by teaching us how to read how to recognize truth when we hear it in the writing of others and in our own , **A**

Susan Shapiro author of eight books including *Only As Good as Your Word* and co author of *The Bosnia List* *Profile Pieces* Sue Joseph, Richard Lance Keeble, 2015-10-14 This book examines the history theory and journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile's historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at sporting personalities and finally at profiling and trauma *Engaging*
