Skeffington and the Vamp Adam Vigor,2003-09 **Theology and Vampires** Madeline Potter,2025-03-15 What can vampires teach us about God How can they reshape the way we think about religion and our relationship with the divine Through a thorough analysis of the relationship between theology and vampires Theology and Vampires provides a glimpse into the versatility of the vampire as a tool for theological enquiry Contributions to the volume assess vampires and their role in articulating theological thought bringing together some of the classical vampire tales of the 19th century with contemporary iterations of the figure Considering how vampires are used to ask theological questions across media from literature through to video games this volume paints a complex and comprehensive picture of the often overlooked manner in which vampires not only reflect but also actively shape theological modes of enquiry The Irish Vampire Sharon M. Gallagher,2017-04-20 The origins of the vampire can be traced through oral traditions ancient texts and archaeological discoveries its nature varying from one culture to the next up until the 20th century Three 19th century Irish writers Charles Robert Maturin Joseph Sheridan Le Fanu and Bram Stoker used the obscure vampire of folklore in their fiction and developed a universally recognizable figure culminating in Stoker s Dracula and the vampire of today s popular culture Maturin Le Fanu and Stoker did not set out to transform the vampire of regional folk tales into a global phenomenon Their personal lives national concerns and extensive reading were reflected in their writing striking a chord with readers and recasting the vampire as distinctly Irish This study traces the genealogy of the modern literary vampire from European mythology through the Irish literature of the 1800s *Vamps* Pam Keesey,1997 A lavishly illustrated survey of screen sirens and bad girls Booklist Reference Catalogue of Current Literature ,1906 *These Movies Won No Hollywood Awards* John Reid,2005-11-06 This selection of movies that won no Hollywood awards includes some that are famous like Garbo s Queen Christina and A Woman of Affairs William Wyler s Carrie and Detective Story Fritz Lang s Metropolis John Farrow s California Hitchcock s Young and Innocent John Ford s Wee Willie Winkie Albert Lewin s Pandora and the Flying Dutchman Mae West s She Done Him Wrong and DeMille s original version of The Ten Commandments some that deserve to be famous like Tonight and Every Night Sunnyside Up Ambassador Bill Diplomaniacs The Nitwits Fallen Angel and Rhythm on the Range and some that had no chance at all like The Noose Hangs High Words and Music The Bohemian Girl and Wagon Wheels Westward Special added feature a monograph on one of Hollywood s greatest directors Henry Hathaway **TLA Film, Video, and DVD Guide 2002-2003** David Bleiler,2001-11-03 A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout **Prog Rock FAQ** Will Romano,2014-11-01 FAQ Prog Rock FAQ traces the controversial but much misunderstood musical genre through its five decade history highlighting the rise eventual decline and recent resurgence of one of the most inventive and storied popular musical forms of the latter half of the 20th Century Prog Rock FAQ digs deep to

Supernatural Horror in Literature H. P. Lovecraft, 2013-06-10 Originally published in 1927 in a small circulation amateur magazine spanning the period from antiquity until the 1930s and covering both the Anglo American world and Continental Europe Lovecraft's essay remains unparalleled as a survey of horror literature in our hemisphere Said literature's emergence as a genre coincided with the institutional establishment of liberalism which represents a diametrically opposed worldview This would suggest that horror literature even if inadvertently or subconsciously represents an attempt at escaping the limitations of the secular materialist rationalist Weltanschauung of liberal modernity as well as a desire for meaning in a world rendered meaningless through liberation from hierarchies folk traditions the occult and the supernatural Also of interest is the fact that the aesthetics of Gothic horror are invariably and luxuriantly beautiful if in a dark way whereas the logical extreme of rationality utilitarianism standardisation is inherently anti aesthetic Would this not indicate then that the Age of Reason marked the beginning of a process that concluded in late modernity with the wholesale destruction of beauty except where it or the counterfeiting of it was dictated by economic necessity If so we may view Lovecraft's essay not merely as a resource for those seeking entertainment within a genre of literature but also a map for those seeking to escape and begin to transcend the despair engendered by a worldview that pronounced itself dead when someone spoke of the end of history *Poems 1968-1998* Paul Muldoon, 2011-04-21 Thirty years of work from the most significant English language poet born since the second world war The Times Literary Supplement **The Recollections and Reflections of J. R. Planche** Anonymous, 2023-02-05 Reprint of the original **The American Imperial Gothic** Johan Hoglund, 2016-03-16 The imagination of the early twenty first century is catastrophic with Hollywood blockbusters novels computer games popular music art and even political speeches all depicting a world consumed by vampires zombies meteors

aliens from outer space disease crazed terrorists and mad scientists These frequently gothic descriptions of the apocalypse not only commodify fear itself they articulate and even help produce imperialism Building on and often retelling the British imperial gothic of the late nineteenth century the American imperial gothic is obsessed with race gender degeneration and invasion with the destruction of society the collapse of modernity and the disintegration of capitalism Drawing on a rich array of texts from a long history of the gothic this book contends that the doom faced by the world in popular culture is related to the current global instability renegotiation of worldwide power and the American bid for hegemony that goes back to the beginning of the Republic and which have given shape to the first decade of the millennium From the frontier gothic of Charles Brockden Brown s Edgar Huntly to the apocalyptic torture porn of Eli Roth s Hostel the American imperial gothic dramatises the desires and anxieties of empire Revealing the ways in which images of destruction and social upheaval both query the violence with which the US has asserted itself locally and globally and feed the longing for stable imperial structures this book will be of interest to scholars and students of popular culture cultural and media studies literary and visual studies and sociology

Gothic Invasions Ailise Bulfin,2018-03-28 What do tales of stalking vampires restless Egyptian mummies foreign master criminals barbarian Eastern hordes and stomping Prussian soldiers have in common As Gothic Invasions explains they may all be seen as instances of invasion fiction a paranoid fin de siècle popular literary phenomenon that responded to prevalent societal fears of the invasion of Britain by an array of hostile foreign forces in the period before the First World War Gothic Invasions traces the roots of invasion anxiety to concerns about the downside of Britain s continuing imperial expansion fears of growing inter European rivalry and colonial wars and rebellion It explores how these fears circulated across the British empire and were expressed in fictional narratives drawing strongly upon and reciprocally transforming the conventions and themes of gothic writing Gothic Invasions enhances our understanding of the interchange between popular culture and politics at this crucial historical juncture and demonstrates the instrumentality of the ever versatile and politically charged gothic mode in this process
