Le Houx. ... Edited and Translated [from the French] by J. P. Muirhead ... With ... Illustrations. Fr. and Eng** Jean Le Houx,1875 Frederick Douglass Gregory P. Lampe,2012-01-01 This work in the MSU Press Rhetoric and Public Affairs Series chronicles Frederick Douglass s preparation for a career in oratory his emergence as an abolitionist lecturer in 1841 and his development and activities as a public speaker and reformer from 1841 to 1845 Lampe s meticulous scholarship overturns much of the conventional wisdom about this phase of Douglass s life and career uncovering new information about his experiences as a slave and as a fugitive it provokes a deeper and richer understanding of this renowned orator s emergence as an important voice in the crusade to end slavery Contrary to conventional wisdom Douglass was well prepared to become a full time lecturer for the Massachusetts Anti Slavery Society in 1841 His emergence as an eloquent voice from slavery was not as miraculous as scholars have led us to believe Lampe begins by tracing Douglass s life as slave in Maryland and as fugitive in New Bedford showing that experiences gained at this time in his life contributed powerfully to his understanding of rhetoric and to his development as an orator An examination of his daily oratorical activities from the time of his emergence in Nantucket in 1841 until his departure for England in 1845 dispels many conventional beliefs surrounding this period especially the belief that Douglass was under the wing of William Lloyd Garrison Lampe s research shows that Douglass was much more outspoken and independent than previously thought and that at times he was in conflict with white abolitionists Included in this work is a complete itinerary of Douglass s oratorical activities correcting errors and omissions in previously published works as well as two newly discovered complete speech texts never before published **The Routledge Anthology of British Women Playwrights, 1777-1843** Thomas C. Crochunis,Michael E. Sinatra,2019-06-10 The Routledge Anthology of British Women Playwrights 1777 1843 brings together ten eclectic plays by female dramatists and writers to stimulate a rich discussion of women writing and theatre history Ranging through tragedy comedy musical theatre and mixed genre texts this volume celebrates the breadth and experimental spirit of women s eighteenth and nineteenth century dramatic writing Each play is accompanied by an introductory essay that addresses its sociopolitical and theatrical contexts and outlines its performance and reception history The selections included here invite teachers and their students to study particular works by authors of note but also to consider the differences between works written for page and stage While many of the plays are recognizable as published dramas they have been placed alongside textual artifacts that suggest plays or theatrical events of which no definitive record exists as well as supplementary materials that invite teachers to engage their students in

exploring women's dramatic writing in this era Organized in chronological order The Routledge Anthology of British Women Playwrights 1777-1843 traces a history of women's writing across genres and styles offering an invaluable resource to students and teachers alike
