## **Sleeping With Random Beasts:**

*Seductress* Betsy Prioleau, 2004-10-26 In this road map to restoring feminine sexual power Betsy Prioleau introduces and analyzes the stories and stratagems of history's greatest seductresses. These are the women who ravished the world from such classic figures as Cleopatra and Mae West to such lesser known women as the infamous Violet Gordon Woodhouse who lived in a ménage with four men. Smarts, imagination, courage, and killer charm helped these love maestras claim the men of their choice and keep them fascinated for life. Through an exposé of their secrets, *Seductress* provides an authoritative empowering guide to erotic sovereignty.

**Mage's Call** D. Omran, The sources of power for each of the four wizard disciplines are declining while powerful fifth sphere mages are disappearing in a wake of destruction. Is there a connection? No one knows. But Mara, a failed apprentice despite having magical affinities, intends to find out. Her mentor and adopted grandfather is one of those missing mages, and she won't give up until she finds him. Mara enlists a reluctant Reese, a friend since childhood, to embark on an adventure wrought with all the dangers the world of Arath can offer. **Sleep Fictions** Hannah L. Huber, 2023-11-21 The literary response to the dawning cult of wakefulness. A turn of the century influx of new technologies and the enormous impact of the electric light transformed not only individual sleeping habits but the ways American culture conceived and valued sleep. Hannah L. Huber analyzes the works of Henry James, Edith Wharton, Charles Chesnutt, and Charlotte Perkins Gilman to examine the literary response to the period's obsession with wakefulness. As these writers blurred the separation of public and private space, their characters faced exhaustion in a modern world that permeated every moment of their lives with artificial light, traffic noise, and the social pressure to remain active at all hours. The implacable cultural clock and constant stress over physical limitations had an even greater impact on marginalized figures. Huber pays particular attention to how these writers rebutted Americans' confidence in the body's ability to conquer sleep with vivid portraits of the devastating consequences of sleep disruption and deprivation. The author also provides a website and text visualization tool that offers readers an interdisciplinary deconstructed analysis of the book's primary texts. The website can be found at <https://sleepfictions.org/sleep-scalar-index>.
