forty one chapters including forty two discourses even when looked in casually provide us with unexpected insights and various perspectives Sh ichi Saeki 1922 2016 was Professor Emeritus the University of Tokyo T ru Haga 1931 2020 was Professor Emeritus International Research Center for Japanese Studies

**Irresistible** Joshua Paul Dale, 2023-10-26 Why are some things cute and others not What happens to our brains when we see something cute And how did cuteness go global from Hello Kitty to Disney characters Cuteness is an area where culture and biology get tangled up Seeing a cute animal triggers some of the most powerful psychological instincts we have the ones that elicit our care and protection but there is a deeper story behind the broad appeal of Japanese cats and saccharine greetings cards Joshua Paul Dale a pioneer in the burgeoning field of cuteness studies explains how the cute aesthetic spread around the globe from pop brands to Lolita fashion kids cartoons and the unstoppable rise of Hello Kitty Irresistible delves into the surprisingly ancient origins of Japan s kawaii culture and uncovers the cross cultural pollination of the globalised world If adorable things really do rewire our brains it can help answer some of the biggest questions we have about our evolutionary history and the mysterious origins of animal domestication This is the fascinating cultural history of cuteness and a revealing look at how our most powerful psychological impulses have remade global style and culture

Between Reason and Experience Andrew Feenberg, 2010-04-09 A leading philosopher of technology calls for the democratic coordination of

technical rationality with everyday experience The technologies markets and administrations of today s knowledge society are in crisis We face recurring disasters in every domain climate change energy shortages economic meltdown The system is broken despite everything the technocrats claim to know about science technology and economics These problems are exacerbated by the fact that today powerful technologies have unforeseen effects that disrupt everyday life the new masters of technology are not restrained by the lessons of experience and accelerate change to the point where society is in constant turmoil

*In Between Reason and Experience* leading philosopher of technology Andrew Feenberg makes a case for the interdependence of reason scientific knowledge technical rationality and experience Feenberg examines different aspects of the tangled relationship between technology and society from the perspective of critical theory of technology an approach he has pioneered over the past twenty years Feenberg points to two examples of democratic interventions into technology the Internet in which user initiative has influenced design and the environmental movement in which science coordinates with protest and policy He examines methodological applications of critical theory of technology to the case of the French Minitel computing network and to the relationship between national culture and technology in Japan Finally Feenberg considers the philosophies of technology of Heidegger Habermas Latour and Marcuse The gradual extension of democracy into the technical sphere Feenberg argues is one of the great political transformations of our time

*The Culture of Copying in Japan* Rupert Cox, 2007-09-12 This book challenges the perception of Japan as a copying culture through a series of detailed ethnographic and historical case studies It addresses a question about why the West has had such a fascination for the adeptness with which the Japanese apparently assimilate all things foreign and at the same time such a fear of their skill at artificially remaking and automating the world around them Countering the idea of a Japan that deviously or ingenuously copies others it elucidates the history of creative exchanges with the outside world and the particular myths philosophies and concepts which are emblematic of the origins and originality of copying in Japan The volume demonstrates the diversity and creativity of copying in the Japanese context through the translation of a series of otherwise loosely related ideas and concepts into objects images texts and practices of reproduction which include shamanic theatre puppetry tea utensils Kyoto town houses architectural models genres of painting calligraphy and poetry sample food displays and the fashion and car industries

*Thriving on Chaos* Tom Peters, 1988-11-30 The national bestseller that offers prescriptions for an economic world turned upside down A New York Times bestseller for eleven months

***An Anthropological lifetime in Japan*** Joy Hendry, 2016-12-05 Joy Hendry s collection demonstrates the value of an anthropological approach to understanding a particular society by taking the reader through her own discovery of the field explaining her practice of it in Oxford and Japan and then offering a selection of the results and findings she obtained Her work starts with a study of marriage made in a small rural community continues with education and the rearing of children and later turns to consider polite language especially amongst women This lead into a study of wrapping and cultural display for example of gardens and theme parks

which became a comparative venture putting Japan in a global context Finally the book sums up change through the period of Hendry s research      Japanese Landscapes Cotton Mather,Pradyumna P. Karan,Shigeru Iijima,2021-10-21 From the busy streets of Tokyo to the secluded shores of Kyushu from the volcanoes of Hokkaido to the temples of Kyoto the treasured landscapes of Japan are brought to life in this concise visual guide Drawing upon years of observation Cotton Mather P P Karan and Shigeru Iijima explore the complex interaction of culture time and space in the evolution of landscapes in Japan The authors begin with a discussion of the landscape s general characteristics including paucity of idle land scarcity of level land and its meticulous organization and immaculate nature They then apply those characteristics to such favorite subjects as home gardens sculpted plants and flower arrangements but also to more mundane matters such as roadside shoulders utility lines and walled urban areas This unique blending of physical and social sciences with humanities perspectives offers a unified analysis of the Japanese landscape      *Japanese Environmental Philosophy* J. Baird Callicott,James McRae,2017 Japanese Environmental Philosophy is an anthology that responds to the environmental problems of the 21st century by drawing from Japanese philosophical traditions to investigate our relationships with other humans nonhuman animals and the environment It contains chapters from fifteen top scholars from Japan the United States and Europe The essays cover a broad range of Japanese thought including Zen Buddhism Shintoism the Kyoto School Japanese art and aesthetics and traditional Japanese culture      Anthropology and Cultural Studies Stephen Nugent,Cris Shore,1997-10-20 The contributors chart a new agenda for anthropology in an increasingly shared terrain of globally interacting cultures and identities      **The American Interest** ,2006      U.S./Japan Foreign Trade Rita E. Neri,2018-02-21 This bibliography first published in 1988 consists of annotated entries of monographs and journal articles published in English that discuss socio economic aspects of Japanese society as well as the general and economic dynamics of United States Japan trade relations Emphasis is on the Japanese perspective      Unwrapping Japan Eyal Ben-Ari,Brian Moeran,Jim Valentine,2010-10-18 Recent years have witnessed an explosive growth in the literature published about Japan Yet it seems that the more that is written about Japan and Japanism its culture society people the more mysterious it becomes As well as exploring issues relating to advertising tourism women festivals and the art world the book depicts how the study of Japanese society contributes to anthropological theory and understanding The editors use the term unwrapping to provide insights into Japanese culture and relate these insights to broader problems and questions prevalent in contemporary anthropological discourse The issues explored include the contribution of applied anthropology to theory the relationship between tourism and nostalgia the interplay of marginality and belonging the role of advertising in gender relations status in the art world and the place of Japanese genres of writing within anthropology texts      **The Routledge Handbook of Literacy Studies** Jennifer Rowsell,Kate Pahl,2015-05-15 The Routledge Handbook of Literacy Studies offers a comprehensive view of the field of language and literacy studies With forty three chapters reflecting new research from leading scholars in the field the Handbook pushes at

the boundaries of existing fields and combines with related fields and disciplines to develop a lens on contemporary scholarship and emergent fields of inquiry The Handbook is divided into eight sections The foundations of literacy studies Space focused approaches Time focused approaches Multimodal approaches Digital approaches Hermeneutic approaches Making meaning from the everyday Co constructing literacies with communities This is the first handbook of literacy studies to recognise new trends and evolving trajectories together with a focus on radical epistemologies of literacy The Routledge Handbook of Literacy Studies is an essential reference for undergraduate and postgraduate students and those researching and working in the areas of applied linguistics and language and literacy
