Smoky Mountain Journal:

Smoky Mountain Journal Panther Press Staff, Panther Press, 1995-04 **Journal** Rose Elaine, 2018-05-07 The painting on the cover created by the artist Rose Elaine especially for your enjoyment The Smoky Mountains are a joy in Tennessee

Mountain Days Paul M. Fink, 1960 In 1974 Paul M Fink published *Backpacking* was the only way a memoir of exploration in the Smoky Mountain backcountry that is long out of print The basis of the book was a journal kept from 1914 to 1938 combined with evocative photographs that Fink compiled into a manuscript he called *Mountain days* The manuscript is now considered to be a unique and insightful first person account of the region Containing rare historical accounts of the manways camps and cabins once used by adventurers exploring the mountains before the advent of the Great Smoky Mountains National Park this is the first widely accessible publication of *Mountain days* *Out Under the Sky of the Great Smokies* Harvey Broome, 2001-02-01 Harvey Broome was an early indefatigable friend of the Great Smokies whose book combines an eloquent interpretation of the seasons of life they nurture with the urgent message that their conservation remains perpetually relevant At once poetic and practical Harvey Broome takes us into his Great Smokies and shows us that they are also ours a unique treasure of endless discovery Wilma Dykeman Tennessee State Historian It is a seminal work and is must reading for anyone seriously interested in the early interpretation of the Great Smoky Mountains Arthur McDade author of *The Natural Arches of the Big South Fork* First published in a limited edition in 1975 by the author s widow and now available in paperback for the first time *Out Under the Sky of the Great Smokies* brings together the personal journals of a great environmentalist and nature writer The book combines descriptions of Broome s innumerable hikes in the Great Smoky Mountains with extended meditations on the meaning of the mountains to the region as a whole It is at once a historical document preserving a perspective on the Smokies before full scale development of the national park and a work whose message about the importance of the environment is even more timely today than when it first appeared In a foreword written especially for this edition the noted environmental writer Michael Frome describes the book as a timeless work adding Here we find Harvey the wilderness apostle on his home turf He reveals himself exactly as I knew and loved him a gentle spirit sensitive to the needs of nature and humankind always with tolerance and good humor The Author Harvey Broome 1902-1968 was born in Knoxville Tennessee and discovered the Great Smoky Mountain at an early age An attorney he helped found the Wilderness Society and served as president of the Smoky Mountains Hiking Club He was the author of two other posthumously published books *Faces of the Wilderness* and *Harvey Broome Earth Man* **Great Smoky Mountains** The World's The World's Journal Co., 2018-04-10 Cover Great Smoky Mountains National Park USA Interior 100 lined pages The World s Journal Co s signature extra wide margins premium cream colored paper Size 7 44 x 9 69 in 18 9 x 24 6cm composition notebook sized Premium display and gift quality journals featuring covers with The World s Best in nature travel hobby and space Interiors contain faintly lined cream colored paper with extra wide margins Browse all our

An Indexed Reference Database of the Great Smoky Mountains, North Carolina and Tennessee Stephen Charles Nodvin,1993 **Appalachia** ,1929 *LeConte Lodge* Tom Layton,Mike Hembree,2025-01-08 Of the 13 million visitors who annually flock to the Great Smoky Mountains National Park fewer than one in a thousand are fortunate enough to spend a night at the LeConte Lodge Continuing over 100 years of service Eastern America s highest lodge still operates with a waiting list thriving so far off the grid that laundry is transported by llamas and food is ferried in by helicopter Visitors must brave one of six trails to the Lodge s entrance the shortest of which is five miles Despite its remote location in Tennessee LeConte Lodge remains a prominent tourist destination as it celebrates its centennial Written by two journalists who have been making the trek for decades this book reveals a history that predates the establishment of the Great Smoky Mountains National Park The book features stories that contextualize the Lodge s development from the log bunkhouse that marked the property in the 1920s to the flourishing Lodge there today It also explores the history of Mount Le Conte the namesake peak that houses the Lodge

The Great Smokies Daniel S. Pierce,2024-01-12 Seeking a taste of unspoiled wilderness more than eight million people visit the Great Smoky Mountains National Park each year Yet few probably realize what makes the park unusual it was the result of efforts to reclaim wilderness rather than to protect undeveloped land The Smokies have in fact been a human habitat for 8 000 years and that contact has molded the landscape as surely as natural forces have In this book Daniel S Pierce examines land use in the Smokies over the centuries describing the pageant of peoples who have inhabited these mountains and then focusing on the twentieth century movement to create a national park Drawing on previously unexplored archival materials Pierce presents the most balanced account available of the development of the park He tells how park supporters set about raising money to buy the land often from resistant timber companies and describes the fierce infighting between wilderness advocates and tourism boosters over the shape the park would take He also discloses the unfortunate human cost of the park s creation the displacement of the area s inhabitants Pierce is especially insightful regarding the often neglected history of the park since 1945 He looks at the problems caused by roadbuilding tree blight and air pollution that becomes trapped in the mountains natural haze He also provides astute assessments of the Cades Cove restoration the Fontana Lake road construction and other recent developments involving the park Full of outstanding photographs and boasting a breadth of coverage unmatched in other books of its kind The Great Smokies will help visitors better appreciate the wilderness experience they have sought Pierce s account makes us more aware of humanity s long interaction with the land while capturing the spirit of those idealistic environmentalists who realized their vision to protect it The Author Daniel S Pierce teaches in the department of history and the humanities program at the University of North Carolina Asheville and is a contributor to The Tennessee Encyclopedia of History and Culture

Nantahala National Forest Marci Spencer, 2017-08-14 Author and naturalist Marci Spencer reveals the history and splendor of the Nantahala National Forest The 500 000 acre Nantahala National Forest dominates the rugged southwestern corner of North Carolina Rivers such as the Cheoah Cullasaja and Tuckasegee carve deep gorges making the region one of the wettest in the nation The Whitewater River tumbles over the highest waterfall in the eastern United States Power companies dammed local rivers creating some of North Carolina s most scenic recreational mountain lakes The high peaks secluded coves and forested woodlands of the Joyce Kilmer Memorial Forest Panthertown Valley and Buck Creek Serpentine Pine Barrens and other areas hold cultural and natural history secrets

Dictionary of Southern Appalachian English Michael B. Montgomery, Jennifer K. N. Heinmiller, 2021-06-22 The Dictionary of Southern Appalachian English is a revised and expanded edition of the Weatherford Award winning Dictionary of Smoky Mountain English published in 2005 and known in Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice Editors Michael B Montgomery and Jennifer K N Heinmiller document the variety of English used in parts of eight states ranging from West Virginia to Georgia an expansion of the first edition s geography which was limited primarily to North Carolina and Tennessee and include over 10 000 entries drawn from over 2 200 sources The entries include approximately 35 000 citations to provide the reader with historical context meaning and usage Around 1 600 of those examples are from letters written by Civil War soldiers and their family members and another 4 000 are taken from regional oral history recordings Decades in the making the Dictionary of Southern Appalachian English surpasses the original by thousands of entries There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia

Trout Water Josh Greenberg, 2021-03-23 Josh Greenberg is my kind of nature writer The Wall Street Journal It s the beginning of trout fishing season and Josh Greenberg proprietor of one of the nation s most famous fishing outfitters on America s most iconic trout fishing stream the Au Sable River in Michigan is standing in the Au Sable at dusk when he gets the call that a dear fishing buddy has died The solace he takes from fishing from reading the movement of the river water studying the play of the light and relying on his knowledge of

insect and fish life prompts him to reflect on the impact of the natural world on his life in his fisherman's journal. Over the course of a year the journal transcends fishing notes to include some beautifully lyrical nature writing, entertaining stories of the big one that got away, cheerful introspection about a love that's hard to explain, and yes, a tip or two. Eventually Josh Greenberg realizes he hasn't been all alone in the woods, not really. Much of his relationship with his family and friends has played out on the river. And as he catches and releases trout after trout back into one of the most beautiful rivers in America, Greenberg comes to help us realize too that there's more to fishing than catching fish.

Amphibian Declines Michael Lannoo, 2005-06-15. This benchmark volume documents in comprehensive detail a major environmental crisis: rapidly declining amphibian populations and the disturbing developmental problems that are increasingly prevalent within many amphibian species. Horror stories on this topic have been featured in the scientific and popular press over the past fifteen years, invariably asking what amphibian declines are telling us about the state of the environment. Are declines harbingers of devastated ecosystems or simply weird reflections of a peculiar amphibian world? This compendium, presenting new data, reviews of current literature, and comprehensive species accounts, reinforces what scientists have begun to suspect: that amphibians are a lens through which the state of the environment can be viewed more clearly. And that the view is alarming and presages serious concerns for all life, including that of our own species. The first part of this work consists of more than fifty essays covering topics from the causes of declines to conservation surveys and monitoring and education. The second part consists of species accounts describing the life history and natural history of every known amphibian species in the United States.
