Griffith,1968 In India both the Rgveda and the Atharvaveda represent the earliest age in the history of sacred literature However the spirit of the Atharvaveda breathes of a prehistoric stage Some of its charms witchcrafts and exorcism go back to Indo European period Dr A Kuhn has proved how some of its spells for curing bodily ailments agree in purpose and content as well as to some extent even in form with certain old German Lettic and Russian charms Every evil thing in nature from a drought to a fever or bad qualities of the human heart is personified and made the object of terror stricken propitiation or of attempt at circumvention through witchcraft or the instrument of harm to others through the same compelling nature Here as there worship takes the form of conjuring not prayer its ministers are sorcerers not priests The synonyms of the Atharvaveda like Atharvangirasah Bhrgavangirasah and Brahmaveda speak of the development and the status it has enjoyed from time to time In domestic sacrifices the Atharvan influence has been indelible A deep study of the Atharvaveda and other Vedic texts unfolds new dimensions to modern sciences namely Comparative Philology Comparative Mythology Comparative Religion and Comparative Literature Though Vedic literature the practical teaching of the classical languages in Europe has undergone an important change The intellectual debt of Europe to India has thus been immense It may perhaps become greater still in these post independence years Its special features include a comparative study of the Saunaka and the Paippalada schools and pointed references to the latest but lesser known researches expressed in Sanskrit language in the sixteen volumes Vedic Padanukramakosa by Acarya Dr Vishva Bandhu Shastri and his distinguishes colleagues This will evoke response from enlightened scholars for our prospective publications on other works **The Sacred Books of the East: Hymns of the Atharva-Veda** Friedrich Max Müller,1897 **The Strange World of Human Sacrifice** Jan N. Bremmer,2007 The Strange World of Human Sacrifice is the first modern collection of studies on one of the most gruesome and intriguing aspects of religion The volume starts with a brief introduction which is followed by studies of Aztec human sacrifice and the literary motif of human sacrifice in medieval Irish literature Turning to ancient Greece three cases of human sacrifice are analysed a ritual example a mythical case and

one in which myth and ritual are interrelated The early Christians were the victims of accusations of human sacrifice but in turn imputed the crime to heterodox Christians just as the Jews imputed the crime to their neighbours The ancient Egyptians rarely seem to have practised human sacrifice but buried the pharaoh's servants with him in order to serve him in the afterlife albeit only for a brief period at the very beginning of pharaonic civilization In ancient India we can follow the traditions of human sacrifice from the earliest texts up to modern times where especially in eastern India goddesses such as Kali were long worshipped with human victims In Japanese tales human sacrifice often takes the form of self sacrifice and there may well be a line from these early sacrifices to modern kamikaze The last study throws a surprising light on human sacrifice in China The volume is concluded with a detailed index
