Ethnic Conflict and Reconciliation in Sri Lanka Chelvadurai Manogaran,1987-01-01 Concerns the treatment of the Tamil minority in Sri Lanka *Ethnic Unrest in Modern Sri Lanka* Haraprasad Chattopadhyaya,1994 The study presents a comprehensive account of the current ethnic conflict between the Sri Lankan Tamils and the Sinhalese Government Staking their claim as the earliest immigrants into the island a claim challenged by the tamils the sinhalese in course of time assumed political sovereignty over the island including the Tamils in the Socio economic educational fields as well

Ethnic Conflict in Sri Lanka. Can the use of political violence ever be justified? Mariam Shakil,2020-09-28 Essay from the year 2020 in the subject Politics Region South Asia grade 80% University of St Gallen course Politics of Religion in South Asia language English abstract Never think that war no matter how necessary nor how justified is not a crime Words were written by Ernest Hemingway depicting the vile nature of war while strengthening the narrative that war is groundless Much like Hemingway many others also share the same view on the atrocious aspects of war itself Warfare has been witnessed in all parts of the world for centuries Through the study of history we are aware of the evolution of methods of warfare International humanitarian law has helped guide nations to legitimately conduct acts of war against others The toughest pill to swallow though however obvious is that one aspect of war will always be inevitable the casualties This consequently results in the majority view that war is good for nothing Then the vital question that must be addressed is that if the effects of violence constitute more harm than good why is it an available option for nations to resort to Furthermore why does the law of war differ for state and non state actors In this essay I would like to examine the conditional nature of war within the international sphere by paying close attention to the Sri Lankan Civil War 1983 2009 as an example to portray the disparities of armed conflict between state and non state actors and how the view of such acts are deemed differently through the use of the Just War theory

Ethnic Strife and Conflict in Eelam, Sri Lanka De Zhong Gao,2012-02-03 Seminar paper from the year 2011 in the subject Politics Region South Asia grade 82% McGill University course Political Change in South Asia language English abstract Sri Lanka has only recently survived a civil war Though the conflict is over questions still arise over whether the country has genuinely facilitated the process of reconstruction and reconciliation of ties across its different ethnic communities Where are the origins of the Sinhala Tamil conflict This essay will strive to analyze the different socio econmic historical and political factors which have influenced Sinhala Tamil relations and determined the path of Sri Lanka in the last three decades

Reaping The Whirlwind K M de Silva,2000-10-14 A critical analysis of the ethnic conflict in Sri Lanka In the eighties Sri Lanka once considered the model colony was torn apart by ethnic strife between the predominantly Buddhist Sinhalas constituting almost threequarters of the island s inhabitants and the numerically fewer Tamils who were a mix of Hindus Christians and Muslims Massacres occurred

after the riots of May 1983 and over time about 1 25 000 Tamils entered India as refugees fleeing from a virtual civil war which still afflicts the north of the island The author a renowned Sri Lankan analyst of global ethnic conflict discusses the historical reasons behind the ethnic violence especially the growth of the Sinhalese feeling of being a beleaguered minority despite their numerical strength Analysing the present conflict he shows how the language policy of Sinhala Only followed by the government in the sixties supplanted religion as a divisive factor and how rivalry over educational and employment opportunities fuelled the schism Bringing the story up to the present de Silva examines the role played by Indian and Tamil Nadu politicians and President Kumaratunga's efforts towards a devolution of power to the Tamil Provinces But given the LTTE's acceptance of nothing less than Eelam he sees little hope of an early end to the violence that has racked Sri Lanka for almost two decades now

The Separatist Conflict in Sri Lanka Asoka Bandarage, 2008-11-19 The book provides a detailed historically based analysis of the origin evolution and potential resolution of the civil conflict in Sri Lanka over the struggle to establish a separate state in its Northern and Eastern provinces This conflict between the Sri Lankan government and the secessionist LTTE Liberation Tigers of Tamil Eelam is one of the world's most intractable contemporary armed struggles The internationally banned LTTE is considered the prototype of modern terrorism It is known to have introduced suicide bombing to the world and recently became the first terrorist organization ever to acquire an air force The iron law of ethnicity the assumption that cultural difference inevitably leads to conflict has been reinforced by the 9 11 attacks and conflicts like the one in Sri Lanka However the connections among ethnic difference conflict and terrorism are not automatic This book broadens the discourse on the separatist conflict in Sri Lanka by moving beyond the familiar bipolar Sinhala versus Tamil ethnic antagonism to show how the form and content of ethnicity are shaped by historical social forces It develops a multipolar analysis which takes into account diverse ethnic groups intra ethnic social class caste and other variables at the local regional and international levels Overall this book presents a conceptual framework useful for comparative global conflict analysis and resolution shedding light on a host of complex issues such as terrorism civil society diasporas international intervention and secessionism

The Ethnic Conflict in Sri Lanka. The Root Causes of Ethnic Conflict in Sri Lanka and How to Resolve It Sakunthala Jayamaha, 2022-01-14 Academic Paper from the year 2021 in the subject Politics Region South Asia University of Peradeniya course Multiculturalism language English abstract This article intends to examine the root causes of ethnic conflict in Sri Lanka and methods that can be used to resolve it For 40 years in Sri Lanka the ethnic conflict became an aggravating issue because of their diversity It means Sri Lankan society has consisted of various kinds of cultures religions ethnicities races and languages This article will determine the nature of the ethnic conflict and what we can do to prevent this type of conflict Although in 2009 the civil war had been ended by Sri Lankan Government there is no efficient reconciliation process among the Sri Lankans As a result of that situation from time to time ethnic conflicts have arisen On the other hand it became a commodious destruction to the development process of Sri Lanka

Therefore this study helps to conceive the gravity of this ethnic conflict in Sri Lanka **Muslim Perspectives on the Sri Lankan Conflict** Dennis B. McGilvray, Mirak Raheem, 2007 **The Separatist Conflict in Sri Lanka** Asoka Bandarage, 2008-11-19 The book provides a detailed historically based analysis of the origin evolution and potential resolution of the civil conflict in Sri Lanka over the struggle to establish a separate state in its Northern and Eastern provinces This conflict between the Sri Lankan government and the secessionist LTTE Liberation Tigers of Tamil Eelam is one of the world s most intractable contemporary armed struggles The internationally banned LTTE is considered the prototype of modern terrorism It is known to have introduced suicide bombing to the world and recently became the first terrorist organization ever to acquire an air force The iron law of ethnicity the assumption that cultural difference inevitably leads to conflict has been reinforced by the 9 11 attacks and conflicts like the one in Sri Lanka However the connections among ethnic difference conflict and terrorism are not automatic This book broadens the discourse on the separatist conflict in Sri Lanka by moving beyond the familiar bipolar Sinhala versus Tamil ethnic antagonism to show how the form and content of ethnicity are shaped by historical social forces It develops a multipolar analysis which takes into account diverse ethnic groups intra ethnic social class caste and other variables at the local regional and international levels Overall this book presents a conceptual framework useful for comparative global conflict analysis and resolution shedding light on a host of complex issues such as terrorism civil society diasporas international intervention and secessionism
