SS Regalia Robin Lumsden,1995 **SS Regalia** Jack Pia,1974 Every type of military paraphernalia associated with the SS is covered herein Badges sidearms headgear etc **Encountering Nazi Tourism Sites** Derek Dalton,2019-08-05 Encountering Nazi Tourism Sites explores how the terrible legacy of Nazi criminality is experienced by tourists bridging the gap between cultural criminology and tourism studies to make a significant contribution to our understanding of how Nazi criminality is evoked and invoked in the landscape of modern Germany This study is grounded in fieldwork encounters with memorials museums and perpetrator sites across Germany and the Netherlands including Berlin Holocaust memorials and museums the Anne Frank House the Wannsee House Wewelsburg Castle and concentration camps At the core of this research is a respect for each site s unique physical architectural or curatorial form and how this enables insights into different aspects of the Holocaust Chapters grapple with themes of authenticity empathy voyeurism and vicarious experience to better comprehend the possibilities and limits of affective encounters at these sites This will be of great interest to upper level students and researchers of criminology Holocaust studies museology tourism studies memorialisation studies and the burgeoning field of difficult heritage **Professing Classics** Ward Briggs,Danuta Shanzer,2024-10-21 Thirteen original essays study the mobility of Classicists sensu latiore including philologists and archaeologists between the Anglophone and Germanophone worlds between the mid 19th C and 2020 concentrating on the North Atlantic Triangle American classicists rushed across the seas for doctoral work in Germany the great Hellenist Gildersleeve the American circle around W lfflin the historian of classical scholarship Gudeman The archaeologist Schliemann s dubious profiteering in America is exposed Two contemporary scholars describe how they moved to enrich their career horizons Ludwig Shanzer More however sadly were forced to seek asylum from 20th century Fascism and anti Semitism Bieler Brendel Fraenkel One Gudeman emigrated from America to Germany in the early Nazi period and later died in a labor camp The lasting prominence of one novelist Wallace and one critic with a dark past P schl whose influential works crossed the sea are also evaluated The volume includes work in academic sociology archival and epistolographical detective work in life writing transmission reception and the history of scholarship **Special Consular Reports** United States. Bureau of Foreign Commerce,United States. Bureau of Foreign and Domestic Commerce,1899 **Nazisploitation!** Daniel H. Magilow,Elizabeth Bridges,Kristin T. Vander Lugt,2012-01-01 A brilliant line up of international contributors examine the implications of the portrayals of Nazis in low brow culture and that culture s re emergence today **The Druggist of Auschwitz** Dieter Schlesak,2011-04-26 Dieter Schlesak s haunting novel The Druggist of Auschwitz beautifully translated from the German by John Hargraves is a frighteningly vivid portrayal of the Holocaust as seen through the eyes of criminal and victim alike Adam known as the last Jew of Sch burg recounts with disturbing clarity his imprisonment at the infamous Auschwitz concentration camp Through Adam s fictional narrative and excerpts of actual testimony from the Frankfurt Auschwitz Trial of 1963 65 we come to learn of the true life story of Dr Victor

Capesius who despite strong friendships with Jews before the war quickly aided in and profited from their tragedy once the Nazis came to power Interspersed with historical research and the author's face to face interviews with survivors the novel follows Capesius from his assignment as the sorter of new arrivals at Auschwitz deciding who will go directly to the gas chamber and who will be used for labor through his life of lavish wealth after the war to his arrest and eventual trial Schlesak's seamless incorporation of factual data and testimony woven into Adam's dreamlike remembrance of a world turned upside down makes *The Druggist of Auschwitz* a vital and unique addition to our understanding of the Holocaust Hitler Andrew Norman, 2020-01-24 Written by an authority on Adolf Hitler this book charts new ground and shows how the writings of a deluded ex monk Lanz von Liebenfels and the pseudo science of Liebenfels and other writers convinced Hitler that Germany's destiny was to save the world from a Jewish Bolshevik conspiracy It was this perverted sense of destiny that drove the Nazi Party and led to the outbreak of WWII and the deaths of some sixty million people as well as the destruction of much of Europe Using the writings of Liebenfels from his magazine *Ostara* Dr Andrew Norman demonstrates how the mass murders of Jews Gypsies mentally ill people and those regarded as less than human had its roots in articles written by Liebenfels An index of *Ostara* articles is included and their very titles indicate the malign influences that shaped Hitler's Germany **The Anarchy of Nazi Memorabilia** Michael Hughes, 2022-02-08 Out of the numerous books and articles on the Third Reich few address its material culture and fewer still discuss the phenomenon of Nazi memorabilia This is all the more surprising given that Nazi symbols so central to sustaining Hitler's movement continue to live long after the collapse of his 12 year Reich Neither did Nazi ideology die far right populists would like to see the swastika flown over the White House or Buckingham Palace Against a backdrop of right wing extremism military reenactors think nothing of dressing up in Waffen SS uniforms and romanticising the Third Reich in the name of living history Auctioneers are prepared to hammer down Nazi artefacts to the highest bidder but who is buying them and why do they do so Should collectors be allowed to decorate their homes with Nazi flags *The Anarchy of Nazi Memorabilia* begins by examining the creation and context of Nazi artefacts and symbols during the volatile Weimar Republic to their wider distribution during the Third Reich There were few people in Nazi Germany who did not wear a badge or uniform of some sort Whether it be mothers soldiers or concentration camp inmates they were all branded The chapter on the Second World War demonstrates that although German soldiers were cynical about being given medals in exchange for freezing in Russia They still continued to fight for which more decorations were awarded A large proportion of this book is therefore given to the meaning that Nazi symbols had before Nazi Germany was eventually defeated in May 1945 Equally important however and one of the characteristics of this book is the analysis of the meaning and value of Nazi material culture over time The interpreters of Nazi symbols that this book focuses on are internationally based private collectors and traders Sustained attention is given in a chapter outlining the development of the collectors market for Nazi memorabilia from 1945 onwards No matter how much collectors go out of their way to paint the hobby in a

positive light their activities do not fully escape the troubled past of the material that they desire So contested are Nazi symbols that another chapter is devoted to the ethics and morals of destroying or preserving them The issues surrounding private versus public custody and ownership of Nazi artefacts are also discussed So far in this book the examination of Nazi artefacts has been restricted to physical objects within societies that are generally aware of the consequences of Hitlerism As we increasingly move into the digital age however and there are few survivors of the Second World War left to relay their horrific experiences the final chapter contemplates the future of Nazi symbols both digitally and physically fake or real This book will appeal to all those interested in the Third Reich Nazi ideology Neo Nazism perceptions of the Nazis post 1945 modern European history and political symbolism It will also hold particular appeal to those interested in the collecting and trading of contested and highly emotive artefacts It considers aesthetics authenticity commodification gift exchange life histories of people and objects materiality and value theory United States Duties on Imports Lewis Heyl, 1882
